Started With Pimples. Would Break and Spread. Covered Limb From Hip to Ankle. Used Cuticura Soap and Ointment, Entirely Well Without a Scar.

Oxford, Mont .- "My salt rheum started with little white pimples. When I scratched When you wake up with backache they would burn and itch and later on they te form scales. It seemed to enlarge the sores and they felt like saw-teeth when my clothing rubbed over them. I underwent a treatment for quite a while but I got no relief. In fact I got worse. I was getting so that it troubled me very much, as it got so I hated to move my limb for fear to crack open the seres which covered my left limb from my hip to my ankle. The sores were from the size of a pea to the size of a silver dollar.

"I turned to the advertisements in the papers and Cuticura Soap and Ointment took my eye. So I got a cake of Cuticura Soap and a box of Cuticura Ointment. The very first treatment gave me ease and from then on with every treatment I could see a change. Four weeks from the time I started with the Cuticurs Seap and Ointment I was entirely well without a scar." (Signed) F. L. Layton, Apr. 30, 1914.
