

PORTLAND, OREGON, SUNDAY MORNING, OCTOBER 11, 1914.

STAND BY WILSON AND HIS POLICY, IN FIGHT, SAYS WRITER

Washington Must Have Men
Who Favor the Administration,
It Is Shown.

FLEGEL IS GIVEN PRAISE

Vote for Dr. Smith and Senator Chamberlain, Also Recommends Political Observer of Campaign.

By H. A. Coyle.
What are we people of Oregon who have been in the vanguard for progressive legislation going to do at this time? We have an administration at Washington that has about completed a program of constructive legislation, a readjustment of affairs that we believe will work out for the best interests of all—big and little alike. It is what the people vote for. It is what they want and the laws enacted must be given a fair chance to bring about the desired result.

From the very beginning of this administration until now, big business, special privilege, the fellows who heretofore have refused to play if they could not have it all their own way, have made every effort to back and discredit the program, to bring on a financial panic, and thus fool the people some more. They have been met and routed at every turn.

Too Much for Them.
We have a man at the head of the treasury department, who is too much for them. His name is McAdoo.

This concerted effort to discredit the only honest program that has not been hindered by the tariff taxes that have been reduced on such things as sugar, wool, meat, butter and eggs. "We told you what would happen. The Democrats are inefficient." That is the cry.

Our only hope is to fight it out on this line if it takes all winter. Send men to Washington who will support Wilson, men who have been weighed in the balance and not found wanting. There is no doubt about "Our George"—the best public servant that Oregon ever had—getting there once more. He will win hands down.

And who will you have to represent Multnomah county in the house of representatives? We have a candidate who is comparatively little known, but as good as the best, whose sympathies are with the common people, because he has been and is one of them; whose private and public record is clean and straight; who has the respect of all who know him, and whose ability will make him a credit to you, as your representative in congress—A. F. Flegel, who stands for Woodrow Wilson.

Flegel is Urged.
As against Flegel, there are three others in the race. The standpat machine politician, McArthur; the discredited and bad loser, Lafferty; and Moulton, who has no possible chance to win. Now as there is no honest, intelligent, reading, thinking man or woman in Multnomah county, who does not stand for Woodrow Wilson, why send McArthur or Lafferty or Moulton to oppose him? If either of them is elected, he will be on the outside looking in. Vote for Flegel, who will be on the inside looking out.

This is no time to back and step. Are you a Progressive? Then vote to support the real progressives, who are in command and are going to stay there. Vote for Smith, vote for Chamberlain, vote for Flegel. Democratic and you will be in good company—the company of Thomas Jefferson, the pioneer Democrat and great constructive statesman of his time; the company of Andrew Jackson, the valiant guardian of the rights of the people and the fearless opponent of special privilege; the company of William Jennings Bryan, who said only yesterday, in speaking for world peace at New York, that "moral principles are as binding upon nations as upon individuals. A nation is but a group of individuals, and no group, however numerous, can expunge one syllable of the moral law."

Sherman County Fair Is Success

Moro, Or., Oct. 10.—Indications are that the annual Sherman county fair which closes tonight will have been the best in point of attendance of any in the history of the local association. Neither can the exhibits, races and sports featured by the fair be overpriced. Yesterday's crowd was swelled particularly by the boosters from The Dalles, who came in the first all-steel train ever run into Moro, a train of seven cars loaded to the guards with happy, good-natured people. Riding and bucking contests with only native Wasco and Sherman county horses competing have been up to high standard.

Disputed Lands Remain

Eugene, Or., Oct. 10.—The Oregon & California Railroad company's congressional lands in Lane county will remain on the tax rolls this year, according to a decision of the county commissioners' court yesterday afternoon. The attorneys for the railroad company appeared before the court a few days ago, asking that these lands be omitted from the roll until the final decision of the suit, now in the United States supreme court, to determine whether the railroad company or the government owns these lands. The total amount of taxes this year on these lands is \$80,413.07.

Motorists Fix Road

Asland, Or., Oct. 10.—One hundred local automobile drivers held a rally yesterday for the purpose of clearing the rocks from Farnum hill at the north edge of Asland. The hill, which is in bad shape from loose rocks and others partly buried, is part of Jackson county's \$500,000 section of the Pacific highway but controversy over a grade crossing had left it unimproved.
