To Discuss the Christmas Ship.

Much interest is being shown by the society and clubwomen of the city and others interested in social service, in the Christmas Ship, which, through the agency of 100 of the leading newspapers of the country, is to be sent to the war zone laden with warm clothing, bedding, imperishable food and toys to bring a little Christmas cheer to the desolate widows and children.

A meeting of all women interested in this splendid movement is called for tomorrow afternoon at 3 o'clock in the auditorium of The Journal building. Attendance at this meeting does not carry any obligation, but is simply called for the purpose of exchanging ideas on how to make Portland's share in the Christmas Ship of greatest value.

Chicago Philanthropist Here.

Among the visitors in Portland yesterday was Julius Rosenwald of Chicago, vice president of the big mail order house of Sears, Roebuck & Co. Mr. Rosenwald, who is a philanthropist as well as a merchant, was en route to Seattle, to inspect the progress of a new building being put up by his company in that city. He has made many donations to homes for colored people and colored Y. M. C. A.'s, and has a standing offer to any city in the United States to contribute $25,000 for such institutions provided $75,000 is subscribed in the city of location. He expressed an opinion that business is better in the west than it is in the east. While in the city he visited with Rabbi Jonah B. Wise and Ben Selling.

"Painless" Parker Wins.

Called to San Francisco for a week by the resurrection of an old suit, "Painless" Parker returned to Portland Saturday to renew his fight against what he calls the dental trust. Dr. Parker asserts the ethical dentists tried to "shanghai" him by having the case shoved ahead on the docket in the hope that it would keep him in San Francisco and away from the campaign in this state. The jury returned a verdict in favor of Dr. Parker, however, and strangely enough, he says, it was the evidence of Dr. J. M. Sharp, dean of the dental department of the University of California, that convinced the jury in his favor. It was expected Dr. Sharp's testimony would clinch the case against Parker.
