Port Information Supplied.

Election day, November 3.

Today's Forecast.

Portland and vicinity: Rain tonight and aturday; strong southerly winds. Oregon: Hain tonight and Saturday; strong outherly winds interior, whole southerly gale long the coast. washington: Rain tonight and Saturday; Washington: Rain tonight and Saturday; warmer east portion tonight; strong southerly gale interior, whole southerly gale along coast. Idaho: Tonight and Saturday partly cloudy, probably rain, warmer north portion tonight; increasing southerly winds.

Weather Conditions,

A storm of marked energy is central north of Vancouver island, and southwest warnings were ordered for same at the northern-most stations in this district last night and they were extended this morning to the remaining stations. The following maximum wind velocities occurred early this morning: North Head 60 mfles southeast and Tatoosh Island 52 miles south. Another severe storm is central over the middle Mississippi valley. This disturbance has caused general rains in the eastern states, but no very high winds were reported; while the Pacific coast storm has caused high winds and no rain of consequence has yet fallen except west of the coast range of mountains in Washington.

The conditions are favorable for rain in Tawkish Services Tonight.—Services storm of marked energy is central north The conditions are favorable for rain in this district tonight and Saturday with high southerly winds.
