Hopgrowers Answer Challenge

TO J. E. WHEELER, CHAIRMAN OF THE COMMITTTEE OF ONE HUNDRED:

Herewith we publish a partial list of the due-paying members of the Hop Growers' and Dealers' Association of Oregon. It is a direct answer to all malicious charges that this Association is "subsidized" by the Brewere Association of Oregon. TO OREGON VOTERS:

This association comes before you to correct any false impressions you may have received from numerous "dry" misrepresentations and insinuations.

The campaign against proposed State-Wide Prohibition waged by the Hop Growers' and Dealers' Association of Oregon has been entirely financed by funds received from Hop Growers and Hop Dealers, and is independent of any other organization or individual.

The Hop Growers' and Dealers' Association invites a rigid "check" of every name herewith produced.

Twenty-Five Years Ago

(From the Morning Oregonian, July 26, 1889.)

SALEM, July 26.—The Willamette Valley Hopgrowers' Association today adopted by-laws for the organization of a mutual fire protective association. The following board of directors was chosen: William Wells, of Buena Vista; P. Riggs, of Crowley; H. D. Mount, of Silverton; J. F. Graves, of Dallas, and W. E. Iter, of Butteville.

The Hopgrowers' Association has been in existence for a quarter of a century. The assertion that the organization was formed solely for political purposes in connection with the present attempt to bring about state-wide prohibition is thus disproved. The association has been active since 1889 in bettering conditions in the hopyards of the state and in protecting the interests of the industry generally.

Do you believe that we, the hop farmers, are capable of knowing our own business and what will injure us or do you believe the paid agitators from the East should have free rein to tell you THEIR idea of OUR business? Are we not justified in making a fight against certain destruction of our hopyards?
