

### PROPOSED RECALL THROUGH UNPOPULAR MAY BE SUCCESSFUL

Only Way to Kill Thing Off Is to Get Out and Vote Next Tuesday.

### VOTING IS WHAT COUNTS

Condemnation of Motives Awaits Working Unless Visit to Polls Made; Candidates Show No Qualifications.

There is danger that the recall may be a successful one. People are slow to realize that October 27, the date of the recall election, is next Tuesday.

Evidence shows the recall movement is unpopular. The majority sentiment is against it. But the votes cast next Tuesday will determine the result.

No matter how much men and women may condemn the recall and the motives back of it, condemnation without votes will not defeat the recall.

The success of the recall may be a victory for the three men chiefly responsible for it. They are B. E. Kennedy, candidate for mayor; William A. Leet and H. E. Abrey, candidates for commissionships.

Success of the recall may land them in offices for which they have as yet exhibited no qualifications save their own desire to hold the offices.

### Kennedy Pays Tax on Auto.

Only one of them appears on the tax rolls. B. E. Kennedy, the recall candidate for mayor, pays no tax on real estate, but did pay a tax of \$10.89 on an automobile and that was the extent of his tax paying.

H. E. Abrey and W. A. Leet do not appear on the tax records. B. E. Kennedy in 1909 worked as a clerk at \$2 a day for the committee on engraving at the state legislature. Those who saw him there at that time commented on the fact that he never seemed to have anything to do in order to earn his \$2 a day.

Before coming to Portland he published a paper in Baker. His record there adds nothing to his credit or reputation. He asked to be allowed to serve without pay as Mayor Albee's campaign manager, then sought an award for his services first at the office of city treasurer, then the office of city purchasing agent.

The Non-Partisan league makes the following report on William A. Leet, after investigation:

**Report on Leet.** "The records on file in the United States district court show, that at the time W. A. Leet owned an interest in the Columbia River orchards company, he accepted money and rendered an opinion to prospective investors relative to the wisdom of investing in the company. In other words, he was paid by both sides and pretended to be disinterested. Several promoters of this scheme are now in the penitentiary."

The following report on H. E. Abrey is also made by the Non-Partisan league:

"Wants to be in charge of the engineering department of this city and yet he took a civil service examination and failed to pass. He got only 65 1/2 per cent, where 70 per cent was required. At this time he said he had had over 20 years' experience and yet he could not pass the examination, and, furthermore, he said he had never received over \$175 per month in his life. Now he wants to get \$400 a month and wants to direct the work of a vast organization, many of whom have passed the examination which he could not."

**Would Count Recall Indorsement.** Kennedy, Leet and Abrey, chiefly responsible for the recall, will count success of the recall a personal indorsement of them by the people. The above records indicate the kind of men who seek this indorsement which could only be given by recall.

The recall election has resulted in presenting the names of two candidates in addition to the three who are chiefly responsible for the recall. Eugene E. Smith is a candidate for mayor and has considerable strength, especially with organized labor. He is regarded as a man of character and good standing but his candidacy is handicapped by the general hostility of the voters toward the invocation of the recall at this time.

Dr. George H. Parrish, a physician who has had no training whatever in engineering matters, is a candidate for the office of commissioner of public works. He is a large property owner, having accumulated his fortune chiefly since coming to Portland eight or nine years ago.

**Considers Good Work Done.** That through his action, resulting in a supreme court decision on the form of ballot for the recall election, real good was done, was asserted today by Eugene E. Smith, recall candidate for mayor. Commenting on the decision of the supreme court and upon the recall, Mr. Smith said:

"The decision denying a writ of mandamus and upholding the opinion of City Attorney La Roche on the form of ballot to be used in the recall election has emphasized the point I tried to bring forcibly to the attention of Oregon voters when making application for the writ.

"Good government is simple government, and a good law is a simple law, plain in its wording and positive in its scope and meaning.

The decision plainly shows the re-

cord of the recall election, resulting in a supreme court decision on the form of ballot for the recall election, real good was done, was asserted today by Eugene E. Smith, recall candidate for mayor.

### FLEGEL IS ACCORDED A ROUSING RECEPTION BY HIS NEIGHBORS

Democratic Candidate Urges President's Constructive Policies Be Supported.

### GREAT WORK OF WILSON

Only Way to Keep Peace and Prosperity Is to Vote for Men Who So Believe.

Speaking in his own ward and to neighbors among whom he has lived for 21 years, A. F. Flegel, Democratic candidate for congress, was given a most cordial reception at the Peninsula school last night. Other speakers were Sheriff Tom Word, candidate for reelection; Harold Warner, speaking in support of Dr. C. J. Smith for governor; and Colonel Robert A. Miller, speaking in behalf of Senator Chamberlain and Mr. Flegel.

Mr. Flegel referred to his early life in Ohio on the farm, and how he had worked his way up in the railway service from laborer to train dispatcher, of his experience in the lumbering and wholesale mercantile business, and his study of the law and practice of his profession in Portland. He pointed out that he had raised and educated his seven boys and two daughters in the city schools and Oregon colleges, and was in every respect imbued with western ideas and civilization. He said his life in Portland was an open book. He had served his ward three years in the city council and had given his city's business the best that was in him and he thought he had a right to assume that if there was much to criticize in his character, qualifications, experience or ability, it would have developed in the past five months.

**Administration Needs Support.** He said he also assumed he was as well qualified as the other candidates for the office of congressman, and if so, he thought there were two good reasons for his election. "The national administration is in the control of the Democratic party," he said. "The administration needs congress to support it and its policies. There is a vast difference between the Oregon legislature and the congress of the United States. The legislature is in session for but 40 days in two years, and then solely as a legislative body. The congress is also a law-making body, but it is vastly more. The administration must have the support of congress or miserably fail. "The congressman is also the agent of the state, and during the recesses of congress his most important labors

### JACKSON IS STRONG FOR CHAMBERLAIN AND DR. C. J. SMITH

U. S. Attorney Reames Finds Withycombe "in Bad With Rogue River Farmers."

"Senator Chamberlain and Dr. C. J. Smith will carry Jackson county by an overwhelming majority. I look for them to carry the county with 1600 votes to spare, and I am absolutely sincere in this belief."

Clarence L. Reames, United States attorney, returned last night from Medford where he spent almost a month in trying cases in the Medford term of the United States court, and his observations during that period prompted his making this emphatic statement today.

"Dr. C. J. Smith addressed crowds that were record breakers in the Jackson county towns," Mr. Reames observed. "He was taken all over the county and everyone seemed to want to see him. Governor West spoke for C. J. Smith and the enthusiasm was spontaneous."

Dr. Withycombe is "in bad" with the Rogue River valley farmers because of his opposition to their public market.

Medford has a public market that is unsurpassed in the state, according to Mr. Reames. The farmers realize that it affords them the best opportunity of marketing their products, and give it the warmest support. They take great pride in the institution.

When the market was being discussed almost two years ago, Withycombe wrote a letter to the Medford Mail-Tribune, opposing the public market idea. That letter has been recalled in this campaign, and was recently republished in the paper. It has cost Withycombe hundreds of votes, Mr. Reames declared.

A poll of the Rogue River farmers has been taken by prominent Democrats of the county in the last few days and sentiment was found to be almost unanimously against Mr. Withycombe.

Senator Chamberlain this week addressed 1500 people at Medford. Mr. Reames stated. He was taken to all the other towns in the county, and the receptions were warm. People who had never met him before were most favorably impressed.

"C. J. Smith's outspoken statements for the single item veto are winning many supporters," continued Mr. Reames. "He has impressed Jackson county generally as being a most estimable man."

At Medford the other night, when Mr. Rosenthal began passing out his questions, with which he has been following Senator Chamberlain during his tour of the state, the senator keenly resented the action, and I believe Rosenthal would have been manhandled had not the senator cautioned his friends beforehand to not pay any attention to the man."

He caught them smoking. Hunt was reminded to the juvenile court this morning, while the charge against Ganong was not pressed.

### Work of Cleeton's Court Sustained

Judge Morrow Declines to Order Case Tried as Though It Had Never Been Tried Before.

Circuit Judge Morrow yesterday made the first ruling as to the legality of circuit court work done by Judge Cleeton, whose court has been declared unconstitutional. Judge Morrow denied the motion of Attorney James Walton Jr., that the suit of L. H. Jones against the Van Emon Elevator company, a dispute over wages, appealed from the district court, be tried as though it had never been in the circuit before. The plaintiff had awarded the \$200 asked in the district court, and won a verdict for the same amount on appeal in Judge Cleeton's court. Judge Cleeton set the verdict aside because of error in the pleadings, and the case was transferred to Judge Morrow's court. Walton desired the original appeal heard instead of the new trial.

An unidentified man, about 35 years old, was found dead yesterday afternoon in the turntable pit in the Northern Pacific Terminal yards. He was seen in the yards earlier in the day and ordered out. The body is at the undertaking company of Dunning & McEntee.

**Tobacco Dealer Fined.** A fine of \$10 was imposed against R. B. Jacks, an east side tobacco dealer, this morning by the municipal court for selling smoking tobacco to Washington High school student, S. M. Nabel, another east side dealer, was discharged on a similar complaint. Frank Hunt and H. W. Ganong, two students from the Washington High school, were arrested yesterday afternoon by Patrolman Schmidtke when

are performed in representing his district and state before the various bureaus and departments. And it need only be stated to be seen that a congressman in sympathy with and aiding the administration could accomplish more for his state than one who was engaged in impeding the administration policies.

"The supreme consideration is that President Wilson, after a record of achievements never before approached by any administration, has come before the country for a vote of confidence.

"Wilson is for peace; are you for war? Wilson is for progress; are you for reaction? Wilson is trusted by

the nations of the world, because he considers treaty obligations as sacred; are you for repudiation? Wilson is for all the people; are you for special interests?

**Be Patriots, Not Partisans.** "Which of the great constructive laws passed by congress under his leadership would you change? Would you revise the tariff upward? Cancel the currency law, which Colonel Harvey says is the most signal achievement in the interest of all the people since the emancipation proclamation was signed? Would you annul the income tax or the arbitration bill? Would you repeal the Clayton anti-

trust bill and restore interlocking directorates? Would you have this country at war with Mexico and your sons' food for cannon and carnage?"

"President Wilson would not. He would have your indorsement in November if you would not. By voting for Chamberlain and Flegel you will indorse President Wilson. By voting for any other candidate you vote a lack of confidence.

"Forget your prejudices. Drop your animosities. Stand together. Be patriots, not partisans. Volunteer for peace and prosperity. Your weapons are your votes. Sustain the president and let Woodrow Wilson go down in

peace and forever in the hearts of his countrymen."

**NO CANDIDATES' BANNERS**

The Oregon Republican state central committee will not be allowed to string banners across the down town streets asking voters to vote for various candidates. The city council refused to grant that permission this morning and went on record as being opposed to any political banners being strung across the streets in any part of the city.

## Manufacturers' Emergency Surplus Sale

This sale proves that prosperity is here now and that a large number of pianos can be sold in a very short time when attractive prices are made on reliable, high grade, costliest of all American made pianos.

**Upright Pianos, Player Pianos, Baby Grand Pianos, Auto Piano Baby Grand Player Pianos, included in this great sale now being run by the manufacturers, who pay all of the advertising and all of the expense connected with the sale, and have their representatives, Ellsworth, Barnes & Davey, now in charge, the Eilers Music House agreeing to buy three pianos every time the manufacturers' representatives sell two.**

**Seventy-two Out of Every Hundred Pianos.** **Player Pianos of All Grades**

Beginning at the \$500 styles for \$285, the \$675 styles for \$377, \$825 styles for \$437, and the greatest of all, most expensive \$1250 player for \$776.

Some instruments that are worth \$1000, \$1100 and \$1150 in the regular retail way can now be had (upright pianos, player pianos, or baby grands) for only \$385. However, it is not necessary to invest in the very highest priced of all instruments, for we sell the medium grade at correspondingly low prices. This means instruments valued at \$200, \$250 and \$300, for \$98, \$118 and \$145.

Although this may seem an impossibility, every advertisement of the Eilers Music House is true. Let us prove it. See for only \$195 the highest grade, strictly warranted Colonial design or perfectly plain uprights, which usually sell for more than double this price.

**Two Great Sales in One**

The greatest distribution of fine pianos ever undertaken in the West. The Manufacturers' Emergency and Surplus sale of Eilers Music House, combined with the residue of the costliest styles of pianos from the Soule Bros. Failure Stock.

As announced in the papers heretofore, the cheaper styles were sold by Lucore, at 238-Morrison street, but on account of thinking people who look ahead would not buy the expensive instruments and take chances unless they knew some responsible firm would stand back of the transaction.

Thus another business opportunity came along and secured \$4 of really and truly high-grade pianos. Hence the double event. We are now selling through the factory representatives, Ellsworth, Barnes & Davey, the big stock of all new pianos which the manufacturers have agreed to sell for us, they paying all of the expenses connected with this sale; you can also purchase with perfect safety the high-grade pianos from the Soule Bros. Failure Stock, which was authorized sold by order of the court.

And many others, either new or in the best guaranteed condition. Possibly, slightly shoptorn and a very few used.

For example, we quote:

\$350 Vose	\$124.00
