Why Drink WATER When You Can Get

The Most Popular Beverage on the Pacific Coast?

SALEM BEER is brewed in one of the most mod-ern plants on the Pacific Coast. It is aged in steal glass-lined tanks. It is conveyed a modern pipe line system direct to the bottle house, bottled under pressure and therefore never comes in contact with the air from the time it leaves the fermenting tank until the bottle is opened by the consumer. The consumer is absolutly assured a beer of ideal effervescence, snap and purity.

A trial will surely convince any one of the ex-cellence of Salem Bottled Beer. The Family Trade of Portland La Supplied by
