CANDIDATES NAMES

NOT TO BE ROTATED

Names of candidates appearing of the ballot in the coming state election will not be rotated. Although there has been some protest on the part of candidates, the

election laws of Oregon do not require, that in a general election, the names of candidates for office be rotated on the ballots. The term rotation means the altern-

of candidates on the ballots that in every precinct each candidate has his name first in the list under the office for which he is running, an equal num-

ber of times as compared with the others. Section 3394 of Lord's Oregon Laws

provides that the names of candidates for each office, in a general election, shall be arranged under the title of

Eliminated. When the Soule Bros.' Failure Sale was in full force, many people would not buy, for they realized there would be no one to look to if the piano was not just as it was represented. There is now no cause for any thoughts of this kind, for Eilers Music House is a money-back institution. It guaran-tes quality and guarantees positive satisfaction, or money back, a liberal exchange agreement is issued where-by if at any time within two years if for any reason the piano purchased is not in every way satisfactory. It can be exchanged at full price paid for nearly all of the world's best-known and highest-grade Pianos, Player Pi-anos and Baby Grand Pianos.

## Chickering Planos.

The price of the Chickering is standard the world over, but owing to our special arrangements with the manufacturers we have also a special proposition to offer on the Chickering. Chickering.

America's oldest established and very best piano in regular uprights, in player piano models and in beau-tiful baby and parlor grands, can now be had at a price that will prove a real surprise. An offer that has never been made to any piano pur-chaser heretofore, and limited to im-mediate buyers of only a few of these time-honored time-tried and worldtime-honored, time-tried and world-renowned Chickerings.

New York's proudest achievement in high-grade plano making—The Schmer. It is used by nearly all the nation's best music houses as their established leader.

W. Nicholson discussed the measure proposing the abolition of capital punishment in Oregon, and Charles D. Mahaffle the measures proposing consolidation of city and county and the bonding of the state for water power and land clearing. Arthur M. Churchill called attention

to the fact that the prohibition amendment, if passed, will give liquor dealers until January 1, 1916, to get ready for its operation, and answered the objection that home dealers would be put out of business while outside com-panies would still be permitted to ship liquer in, by saying that the Webb bill passed by congress prohibits the shipping of liquor into a dry state for other than purposes allowed by the state law, which in Oregon would be for sacramental, medicinal and mechanical purposes.

Arthur C. Newill declared that if the dentistry bill should result in legislation that would make a dental trust impossible, "Painless Parker" would have rendered Oregon a service. The bill says that any person holding a diploma from a reputable dental school giving 12 months' work in 24, shall be admitted to practice in Oregon, and that no reputable dental schools have so short a course.

#### Dentist Gives View. .

Dr. Baird, a dentist here, said that previous to 1892 reputable dental schools did have as short a course, after which they made it three years, but in the meantime the men who graduated previous to 1892 have gotten experience.

W. T. Fletcher said that reopening the eastern and southern Oregon Normal schools in the terms of two measures proposed, will cause a tax of but five cents on each \$1000 assessed valuation, but added that many people think the one Normal school at Monmouth should be enough to meet the state's needs.

A. E. Wood explained the sur-tax amendment, which proposes an extra tax of 1/2 to 3 per cent on land assessed at more than \$25,000, and Miss Emma Wold explained the woman's eight hour law. W. F. Ogburn served as chairman of the day.

# **Registration** Case Before Grand Jury

District Attorney Evans will put evidence before the grand jury tomorrow to prove that Walter J. Adams violated the election law here by registering for the municipal recall eleotion and the general election, although at the time he registered he had been

in the state but two days. Adams, it is alleged, registered under the name of Austin. Adams is now serving a 180-day vagrancy sentence on the rockpile.

"I intend to put before the grand jury any evidence of fraud in registration or of violations of election laws at either election," said Mr. Evans, "All charges that are received against any one will be thoroughly investigated and culprits will be punished as far as I can go."
