KENTUCKIAN TO SAIL TONIGHT FOR HAWAII WITH PART CARGO

American Steamer Corozal Is Reported Secured by Boston-Pacific Line.

BRITISH SHIP CHARTERED

American-Hawaiian Liner Will Carry 400 Tons of Freight to Honolulu Buyers.

With 400 tons of freight to be delivered at Honolulu the American-Hawaiian steamer Kentuckian will leave here this evening, the first freighter to clear from Portland for the Hawaiian islands in years. It is believed that this service can be made of material benefit to Portland shippers.

The sailing of the Kentuckian, the announcement of increased service by the Boston-Pacific Steamship company, together with the number of charters reported in the past few days, have proved the sensations in waterfront circles.

The Kentuckian will be the second of the American-Hawaiian steamships to get away from this port bound for Honolulu, the steamer Nebraskan, which cleared Saturday evening, being shunted from San Francisco for the islands. She carried no freight for Honolulu however, as she will not reach the islands till after the Kentuckian. The Nebraskan carried 400 tons of freight turned over to that line by W. R. Grace & Co., which the steamer Santa Catalina, burned in the river recently, was to have taken. The cargo will be transferred at San Francisco to the steamer Alaskan and carried to New York by that vessel.

The Boston Pacific line announced yesterday the acquisition of the American steamer Corozal from the New York & Porto Rico Steamship company, the steamer to be run in conjunction with the steamers Atlantic and Pacific in the lumber and freight carrying service between Portland and Boston. The Atlantic is due in port tomorrow night.

Straus & Co. yesterday chartered the British ship Castleton for delivery of grain from this port to the United Kingdom at a rate said to be about 32s.

CRUISER AWAITS GUNBOAT

Japanese Vessel Would Capture Smaller German.

(Special to The Journal.)

San Francisco, Oct. 26.—The liner Matsonia, which arrived from Honolulu this morning, reported that the Japanese cruiser Ilizen was raking the neighborhood of the island port, waiting for the German gunboat Geier to leave the drydock. It is understood that her repairs were nearly completed. The Matsonia carried a heavy passenger list and cargo.

With her bow stove in as a result of a collision with the steamer Svea off Trinidad head, the steamer Adeline Smith limped back into port today. The smash occurred at 3 o'clock yesterday morning in a dense fog while the Adeline Smith was passing under a slow bell for Coos Bay in ballast. The Svea was reported at 8:15 this morning off Point Reyes, coming in with her cargo of lumber.

The United States transport Buffalo, arriving from Alaska, brought a large crew of wireless men who had been installing apparatus and establishing wireless stations in Alaska.

The steamer Bear sailed for Portland on time with a large list and medium cargo.

PARAISO AT NORTH BEND

Navajo of Arrow Line En Route to Portland.

Marshfield, Or., Oct. 27.—The steamer Paraiso, which arrived from Portland yesterday, is loading lumber at the North Bend Lumber company mill, and will sail for San Francisco Thursday. The Navajo of the Arrow line, which arrived yesterday afternoon, will sail this afternoon for Portland with freight.

The gasoline schooner Roamer is loading for Siuslaw, and the Rustler is loading for Curry county ports.

Captain Jacobsen of the steamer Navajo reported that the steamer Adeline Smith, bound from Oakland to Coos Bay collided with the steamer Svea, off Eureka, and that the Adeline went back to San Francisco bay.

CREW WILL BE SENT HOME

Passage Has Been Secured for Saxonia's Chinese.

(Special to The Journal.)

Seattle, Wash., Oct. 27.—The Chinese crew of the German steamship Saxonia, of the Hamburg-American line, which has been lying idle on the sound since the European war began, will be sent to the orient aboard British steamship Talthybius of the Blue Funnel line, sailing from Seattle at 2 o'clock Wednesday morning.

The Saxonia was moored off West Seattle for a time, but during a recent blow dragged her anchor and was shifted to Eagle Harbor to lay up.

The Talthybius will have a cargo of approximately 14,000 tons, including shipments of flour, lumber, box shooks, cotton and other freight for Europe and the orient.

The barge James Drummond, of the Alaska Barge company, ashore in seaforth channel, Milbank sound, will be a total loss. The bow of the vessel is impaled on a pinnacle rock, which holds her hard and fast.

The James Drummond was valued at $20,000 and her cargo of gypsum rock at about $15,000.

WILL OVERHAUL STATION

Cape Arago Light Visited by District Machinist.

(Special to The Journal.)

Marshfield, Or., Oct. 26.—C. E. Sherman, district machinist for the Seventeenth lighthouse district, is making a visit at Cape Arago light. He found the station in good shape, but as he has not been here for three years, will plan a general overhauling of the station, which will include modifying the lens of the light and repairs to the fog signal.

Mr. Sherman will visit Umpqua lighthouse and come back here before leaving for Portland later in the week.

ALONG THE WATERFRONT

Sailing of the American steamer Breakwater for Coos Bay has been postponed till tomorrow morning at 8 o'clock. She has been on the Oregon drydock and was not placed in the water till noon today. She will carry considerable freight.

Carrying 2,505,000 feet of lumber, valued at $25,050, the British steamer Strathdene sailed last night for Adelaide, Australia.

The British steamer Oristano of the Carpentier North Pacific service, will leave for Puget sound, where she will deliver the remainder of her cargo and load a part cargo of grain for the United Kingdom. She will finish loading in this port.

Seamen on board the British steamer Ventura de Larringa, loading grain at North Bank dock, have become restless and refuse to sail on the steamer unless their personal effects are guaranteed against loss in case the steamer is sunk by the Germans. British Consul Thomas Erskine and Captain Williamson were attempting this morning to placate the men.

Before the British steamer South Pacific sailed from Astoria yesterday bound for Capetown for orders, it was necessary to take a third member of her crew, C. Carlson, a fireman, to the hospital with typhoid fever. Her mate and an apprentice were left in Portland suffering from the same disease.

Bearing 110,002 bushels of $1 wheat, the French ship General de Sonis cleared yesterday and left down early this morning. She is bound for Queenstown or Falmouth for orders.

The Norwegian bark Samantha crossed out of Astoria this morning.

With freight for Alaska the steamer Thomas L. Wand is to sail this evening.

The American schooner James Tuft made a quick trip to Iquique, arriving there yesterday. She sailed from here August 24 with lumber for W. R. Grace & Co.

The French ship Desaix was shifted to Irving dock to commence loading cargo yesterday afternoon, while the Norwegian ship Marosa was moved to Montgomery dock No. 2.

The O.-W. R. & N. Co. has given up Albina dock and freight will be transshipped by rail over the Ainsworth dock hereafter. Balfour, Guthrie & Co. have taken Albina dock.

Whaling Vessels Had Success.

(Special to The Journal.)

Seattle, Wash., Oct. 26.—The whaling steamers Unimak and Kodiak of the Pacific Sea Products company reached Seattle today after a very successful season in the north. Operating with Akutan, western Alaska, as their base, the Unimak, Captain L. P. Hall, bagged 172, and the Kodiak, Captain C. Christiansen, 135 whales. The mammals obtained were mostly of the fin and hump-back varieties.

Coming to Tacoma to Load.

(Special to The Journal.)

Port Townsend, Oct. 26.—Listed for the Columbia river, the British steamer Crosshill arrived here today from Swansea, coming by way of the Panama canal. She made the trip in 37 days. The Crosshill, when at Balboa, received orders to proceed to Tacoma to load grain for Europe.

Sailor Is Slashed in Fight.

Peter Gaiv, sailor on the British ship Queen Elizabeth, docked at Linnton, and another sailor on the same vessel got into a fight at 2 o'clock this morning on the deck of the ship, and as a result Gaiv was sent to the hospital with a severe cut on the face. His opponent used a knife.

Ordered to Columbia River.

(Special to The Journal.)

Port Townsend, Oct. 26.—Upon arriving here today from Santa Rosalia, the five-masted schooner George E. Billings, Captain Thompson, received orders to proceed to Astoria to load for Newcastle, Australia.

Albany Babies in List of Winners

Albany, Or., Oct. 27.—Helen Palmer is the most perfect baby in Albany. She is a brunette, 23 months old, weighs 24½ pounds and has 13 teeth. Her parents are Mr. and Mrs. Arthur Palmer of this city, who are native Oregonians. During the child's welfare week at the First Presbyterian church recently, Helen scored the highest, with an average of 99.66, according to the score cards compiled by experts from O. A. C. and announced yesterday.

Robert Leighton Marks, son of Mr. and Mrs. W. L. Marks, scored second, with an average of 99.65. At the time of the examination a month ago, Robert was 2 months old and weighed 12 pounds and 14 ounces.

For third place, two babies made an average of 99.55. They were Barbara Reese, 21 months old, weighing 24 pounds and 4 ounces, and Margaret Esther Nebergall, age 12 months, and weighing 19 pounds and 8 ounces.

Will Visit Orenco.

The pastors of the churches of the Portland presbytery will go in a body tomorrow morning to Orenco, where the day will be spent in consultation and fellowship preparatory to the coming winter's work. Devotional services will be held at the Presbyterian church at Orenco. Communion service will be held in the afternoon.

Delicate Girls and Women

are too often dosed with drugs when their blood is really starved. They need that blood-strength which comes from rich medicinal nourishment. No drugs can make blood.

SCOTT'S EMULSION is a highly concentrated blood-food and every drop yields returns in strengthening both body and brain.

If you are frail, languid, delicate or nervous, take *Scott's Emulsion* after meals for one month. *No Alcohol.*

SCOTT & BOWNE, BLOOMFIELD, N. J. 14-62

An Easy Way to Get Fat and Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to every starved, broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and you take on from 10 to 20 pounds of solid, healthy flesh. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of Portland and vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Caution:—While Sargol has given excellent results in overcoming nervous dyspepsia and general stomach troubles it should not be taken by those who do not wish to gain ten pounds or more. (Adv.)

WHAT LABOR IS DOING

Longshoremen Are Nearly All Busy Now.

Outside Men Taken.

The Longshoremen are busy to the extent of 95 per cent of their membership, with some men of outside unions taken on to complete crews. They have nine crews of men at work and expect to put on every man they can get before the week is over. Many men of the teamsters, carpenters and others in trades who know something of the longshore work will be given employment as soon as the regular Longshoremen are taken off the waiting lists.

• •

Conditions Improving.

Cigar makers say that conditions are improving somewhat and that possibly two-thirds of their membership is at work. They expect more employment after election. It is said that some shops are very low in surplus stock on hand, but are holding off to influence the election a little bit, promising that if the state goes wet they will open up. Some say that they will open up anyhow, as the prohibition law, if passed, will not go into effect for 14 months, and a good many cigars will be smoked in Oregon in 14 months, wet or dry after that.

• •

Labor Forces to Ballot.

Labor forces in Seattle have declared election day to be a holiday and no work will be done except to vote and work for the "five sisters," as the initiative measures organized labor indorses are called.

• •

Wage Adjustment.

The adjustment of wages on river steamboats will be taken up by interested trades after the election. The Longshoremen think by that time matters can be adjusted without involving them.

• •

Plan Is Scored.

Certain prominent labor men are going to candidates and soliciting money to permit them to speak before a union, and to distribute their literature at union meetings. One prominent candidate was asked to give $50 for this purpose. The union would probably repudiate any responsibility for such propositions.

• •

Building Is Active.

Building trades continue to report a good deal of building in the country. The weather has been taken advantage of the last few days, and men who expected to be idle still have work.

• •

Don't Forget It.

The sight of the docks being constructed to save the title to lands on the water front in case of the two dock measures carrying has caused the carpenters to mark hundreds of the sample ballots and send them out to their members over the city. "Vote 328 and 330 and don't forget it," is the word that goes out.

• •

To Work for Bill.

"Every building trades worker in the city will vote for the $1500 exemption measure who knows his interests," said J. Andy Madsen, secretary of the Pacific Coast Longshoremen. "I am sure nearly all of our members and other allied waterfront trades will do so. Most of them have homes of their own, and work hard for every dollar they get."

Celebrate Golden Anniversary.

Albany, Or., Oct. 24.—Mr. and Mrs. Steward P. Brock of near Shedd celebrated their golden wedding anniversary on October 22. They were married in March, 1864, at Boston Mills, near Shedd, and have resided there continuously since. They are among Linn county's oldest pioneers. Mr. Brock was born in Ohio, and Mrs. Brock was born in Pennsylvania. There are eight children, as follows: Mrs. Mary Arnold of Shedd, Mrs. Kate Craft of Shedd, Irvin Brock of Salem, Fred Brock of southern Oregon, Roy, Alvin and Misses Hessie and Tempa Brock, all of the old home place.

QUIT MEAT? NO!

You need not stop eating meat for fear of your kidneys. Your system requires its strength giving qualities. If, however, you feel that it sometimes works against you, just take two or three GOLD MEDAL Haarlem Oil Capsules each day for a couple of weeks, stop for a week, then begin again. There is nothing new and experimental about them. They are an old, harmless combination of oil and herbs, which will keep your kidneys and bladder working fine and carry away all rheumatic pains and ill effects from any uric acid producing food. But when you go to the drug store, get the original Genuine Haarlem Oil in Capsules, GOLD MEDAL. They are imported direct from Holland. Guaranteed and sold by the Owl Drug Co.

Information for All Lung Sufferers

The makers of Eckman's Alterative will be pleased to send reports of recoveries from tuberculosis and a booklet of interest to sufferers, with information about diet and fresh air. Investigate this case:—

1619 Susquehanna Ave., Phila., Pa.

"My Dear Sir:—For two years I was afflicted with hemorrhages of the lungs, and later was taken ill as a severe attack of pneumonia. When I recovered sufficiently to walk about the house I was left with a frightful hacking cough, which no medicine I had taken could alleviate. It was at this time, March, 1902, that I started taking Eckman's Alterative. In a short time my cough was gone and I was pronounced well. I cannot speak too highly for the good it has done."

(Signed) HOWARD L. KLOTZ.

Eckman's Alterative is most efficacious in bronchial catarrh and severe throat and lung affections and upbuilding the system. Cont
