HOP GROWERS WANT INVESTIGATION OF AN 'COMBINE ALLEGED

At Salem Meeting Steps Are Taken for Organization of Oregon Association.

MARKET IS DEMORALIZED

Delegates From California Lend Efforts to Further the Local Undertaking.

(Salem Bureau of The Journal.) Salem, Or., Oct. 28 .- At a meeting yesterday afternoon of hopgrowers of the Williamette valley, deegates from the Hopgrowers' association of California and a delegate from the North Yakima Hopgrowers' of the state of Washington, scores of Willamette valley growers signed a call for the or-

ganization of the Hopgrowers' Asso-

ciation of Oregon, a preliminary organ-

ization was effected and it was de-

cided to meet November 7, at 10 a. m., and perfect a permanent organization, The object of the association will he to secure prices which will mean a fair profit for the growers, the establishment of grades so that growers will not suffer at the hands of the dealers, the establishment of a central point for selling hops advantageously and a determined fight to overcome the present ruinous prices and the domination of the hop industry by

A resolution reciting that the hop crop had fallen far short of expectations when dealers were willing to ray 18 and 19 cents, and that the market had been demoralized so that offers of from 8 to 10 cents were being made, and calling upon the attorney-general of the United States to make an investigation of an alleged combination in restraint of trade existing between hop dealers and brewery associations, was introduced by George Kerr of North Yakima, president of the association at that place, but no action was taken, the stand being taken that it would be well not to take up such matters until after the association was fully organized.

Committees Are Named. Committees were named to place the membership question before all the hop dealers of Oregon and organize the counties. The following were named the list not having been fully completed by Chairman L. H. Mc-

Lane county, E. E. Morrison and George Knight; Polk county, William Percival; Yamhili county, J. Kirkwood; Benton county, Fred Ireland; Jefferson district of Marion county,

Steps are to be taken at once to bring about an organization in Wash-

A delegation of hopgrowers from the California association, recently organized, was present and aided in outlining the plans of the association. It is planned later on to organize the state of Washington, Oregon and Callfornia in the Hop Growers' association of the Pacific coast and possibly, when the Atlantic coast growers have been tion of the Atlantic coast to have a still larger organization to include both organizations as the Hop Growers' As-

sociation of America. The delegates from the California association who attended the meeting here included A. A. Merkeley, of Sacra-mento; W. R. M. Beardslee, of Sacramento; George Hewlett and P. E. Blalock, of Hopland; L. Cunningham, of Ukiah; Blix Paxton, of Sonoma, and Charles Crawford, of Ukiah.

It was explained that hopgrowers representing 90 per cent of the crop of California had joined the California association and it was believed that if 75 per cent of the hopgrowers of Ore-gon and Washington would become members the success of the an would

Conditions Are Unwarranted.

It was declared that there was nothing to warrant present conditions, inasmuch as brewers were paying dealers the same prices as usual and the dealers were simply pocketing as profit the difference between the price paid for the growers' product and the ably reward superior skill, amount called for in their f. o. b. contract with the brewers ranging from 18 in a season cannot help noticing how

would clear \$100,000 as a result of the low price of hops, having a contract calling for 26 cents from the breweries, while he raid the farmers 10 cents and would clear \$100,000 as a result of the while he paid the farmers 10 cents and

Chamberlain and Dr. Smith Popular

John A. Jeffrey Completes His Speaking Tour as Candidate for Attorney General of Oregon.

John A. Jeffrey, candidate for attorney general, has returned from a campaign tour which has taken him into every county of the state. He has filled 90 speaking dates, and will devote the remainder of the time before election to campaigning in Portland, speaking each night on the streets from an automobile.

"I found at least two thirds of the people I met are strongly in favor of the policies of President Wilson," said Mr. Jeffrey. "His administration has nade a wonderful impression upon the people of this state—and they are for him.

"I found that Senator Chamberlain and Dr. Smith are popular with the voters everywhere. I found also much encouragement for myself and believe I am going to be elected by a hand-

some plurality." Mr. Jeffrey has practiced law in Portland for the last 10 years, and is recognized as a leading lawyer. He was reared on a farm in Jackson coun-He served in the legislature from that county in 1895. He taught school in Jackson county for six years, and has always taken a keen interest in the schools of the state. Later he was district attorney for the First judicial

COTTERILL TO MAKE TALK BUSINESS AND BANKS TO BENEFIT GREATLY BY RESERVE BANK ACT

A. L. Mills Declares Passage of Law Marks Most Important Epoch in History.

NO MORE PANICS TO COME

Assertion Made That Safeguards Provided Will Prove Complete Preventive to Money Disturbances.

"The passage of the federal reserve act marks the most important epoch ir our financial history," declared A Mills, president of the Portland Clearing House association and of the First National bank, addressing the Portland chapter of the American Institute of Bankers, at the Multnomah hotel last night.

The business community and the bankers will be greatly benefited by the adoption of a financial system second to none in the world, said Mr.

The address dealing with the history of the law, what it is expected to accomplish and what will be its effect on banks and the business community, was of enhanced interest because it is intended that the district banks under the federal reserve act shall be opened November 20. No More Panics.

"With the mobilization of bank re serves and the protection of an emergency currency. I do not believe we shall ever again see such panics as we have had in my lifetime, namely, in '73, '93 and 1907," he said.

The dinner of the bankers last night was attended by men representing most of the banks and financial interests of the city. A large number of out-of-town bankers came to hear Mr. Mills' explanation of the new law. Bankers are more responsible for the new law than the public generally

understands, he said. "Soon after the acute phase of the panic of 1907 had passed the bankers of the country, who best know the faults and weaknesses of the existing system, began agitation to arouse the public to an appreciation of the necessity of a reform of our financial system. The ultimate result of this agitation is the federal reserve law. It is a most satisfactory return for the time and money spent by the

Prejudice Is Unjust.

"It is not generally known that this agitation was inspired by the bankers because they kept in the background Due to a widespread and unjust prejudice against bankers as a class -- 1 prejudice fostered by a sensational press that fattens best when it caters most to the envy and prejudice of the

multitude-the bankers were not in widence in the movement, but nevertheless they furnished the inspiration and sinews of war to a movement that soon took shape in the organization of citizens' leagues all over the coun-

"These leagues, by means of pamphets, inspired newspaper editorials, letters and magazine articles, created such a demand for currency reform whose ears are ever close to the ground, took steps at once to obey the 'voice of the people' by considering in

Purpose of Bill. Speaking of the intent of the bill, Mr. Mills said it should accomplish four principal things: "To mobilize the reserves of the

"To provide an emergency currency for use in times of panic. "To permit acceptance by banks and o put the stamp of approval on rediscounts.

"To control the export of gold and egulate foreign exchange."
"I confidently expect," said the speaker, "that the federal reserve act will accomplish what is desired-mobilize the reserves of the country make our supply of money always available, and, to a very large extent prevent future panics."

Stopped Son From Using Cigarettes

A Nebraska Woman Broke Her Son of the Cigarette Habit With a Simple Home Recipe She Gave Secretly.

A simple recipe mixed at home and given secretly was used successfully by a well known Omaha woman to break her son from smoking cigarettes. In a recent statement she said: "My son has smoked cigarettes for years and I was sure it was hurting him. I finally obtained from a drug store the following recipe which is perfectly harmless, and has no color, taste or smell and costs very little. To 3 oz. of water add 20 grains of muriate of ammonia, a small box of Varlex Compound and 10 grains of pepsin. I gave a teaspoonful to him three times a day secretly in his coffee or food. Many of my friends have used this recipe for the tobacco habit in all forms with wonderful results." (Adv.)
