### COUNTY COURT NEWS

The board called the attention of Roadmaster Yeon to an order passed July 2 to the effect that the county surveyor should be called upon to do a county surveying as it had been informed P. W. Marx has been doing survey work on county roads since that order.  
The board, on recommendation of District Attorney Evans, denied the petition of Attorney Frank S. Grant that the county clerk be authorized in the estate of Mary Nichols, deceased, to draw against unearned fees on hand belonging to the estate. These fees form part of the fund in which there was a shortage due to the failure of the American Bank & Trust company but over 70 per cent of the shortage has been refunded. Mr. Evans held that the board had no jurisdiction in the matter.  
Permission was given the Williams Box & Lumber company to take about a dozen yards of crushed rock and several loads of screenings at a price of \$1.25 a yard.  
The board ordered that all data relative to the claim of the state for \$952.88 for care of Multnomah county's share of inmates of the state institution for the feeble minded from November 1, 1910, to June 3, 1913, be referred to State Representative S. E. Huston that the legislature may be asked to pass a bill relieving the county from the debt. District Attorney Evans ruled that the county cannot advance its claim for \$11,877.87 against the state for support of non-resident paupers as the legislature cut that claim to \$20.33 in 1912.  
Hearing of the petition of H. W. Randall, of Oswego, Or., for \$50 indemnity for two cows slaughtered because of tuberculosis was set for November 25 at 10 o'clock.  
A bill for \$143.75, the county's share of the cost of election booths purchased from H. E. Cowgill, was referred to the city and referred to D. G. Tomasin, who has charge of election matters.

### ALASKAN NATIVES IN PITIABLE CONDITION; ASSISTANCE NEEDED

#### Governor Strong Says Disease Is Prevalent Among Them; Whites Are Healthy

(Special to The Journal.)  
Washington, Nov. 16.—Disease threatens to exterminate the native population of Alaska. So widespread has it become that the governor of Alaska, J. F. Strong, has sent an appeal to the Washington government for help. "Death stalks everywhere," he said in a report which he sent to Franklin K. Lane, secretary of the interior. "The United States is furnishing schools for native Alaskans but now medical care and attention is more necessary to them."  
Governor Strong said health conditions among the white population continue to be excellent, disease being epidemic among the natives, chiefly in the remote sections of southwestern Alaska and the east shore of Bering sea, where such things as sanitation and hygiene are unknown. Tuberculosis is the principal disease. The Rev. J. H. Condit, an Alaskan missionary of many years residence there, visited many native villages in southwestern Alaska and the eastern coast of Bering sea last summer, Governor Strong said.  
"He described conditions as horrible," said the governor. "Disease, suffering and death are everywhere apparent. Sanitation and hygiene in any form are unknown and little medical relief can be obtained. There are no hospitals to care for the sick and diseased. Crippled children are numerous. A devoted physician is found here and there at wide intervals who attempts to alleviate the suffering, but handicapped as he is, he can render but insufficient relief."  
"Medical relief is necessary and urgent, the present medical service being entirely inadequate. Hospitals are indispensable. Those now in use are few and are unsuited for the treatment of persons who are ill."

### RECOVERS REASON AFTER SIX WEEKS

#### Canadian Found Violently Insane at Astoria Taken to Home in Fort Benton, Mont., by His Father.

Salem, Or., Nov. 17.—His reason came for six weeks as a result, it is believed, of a powerful drug administered by robbers in Calgary, Canada, Henry Griesbach Jr. today left the state hospital for the insane for his home in Fort Benton, Mont., with his father, Henry Griesbach, a wealthy rancher, having fully recovered.  
Griesbach was robbed of \$2500 soon after he took it out of the Imperial bank of Calgary. It has been ascertained by his father, who made a trip to Calgary and learned of the fact that his son had withdrawn the money and soon afterward disappeared.  
Griesbach was found six weeks ago at Astoria, violently insane. How he reached Astoria he was unable to tell.

### Fake Cigar Company Is Out of Business

Francis C. Hollingsworth, head of the Concern, Will Serve Six Months in County Jail.  
No less than half a dozen Oregon people were intimidated by officers of the Union Cigar company of York, Pa., which has just been put out of business by the government, according to United States Attorney Reames.  
Mr. Reames yesterday notified that Francis C. Hollingsworth, one of the officers, was convicted, fined \$100 and given a six-month term in county jail. He was arrested in Astoria, while Burr P. Hollingsworth is a fugitive from justice.  
The company sent circulars broadcast, advertising for agents to sell cigars on commission. Those who answered were told to forward \$25 for an outfit, and, when they did, that was the last they heard of their money.

### Pilot Rock Hunter Sentenced to Jail

Louis F. Mettelle Pleaded Guilty to Killing a Female Deer and Must Pay Fine and Costs—Forfeits License.  
Pendleton, Or., Nov. 17.—One of the heaviest sentences for a violation of the game laws ever imposed in Lincoln county was imposed yesterday afternoon when Justice of the Peace H. H. McReynolds of Pilot Rock sentenced Louis F. Mettelle, a well known resident of Ukiah, to pay a fine of \$25 and costs, amounting in all to \$37.80, to serve 30 days in jail and forfeit his hunting license for the year. Mettelle pleaded guilty to killing a female deer.  
The arrest and conviction of Mettelle followed four months of work by District Warden E. F. Arndell. The offense was an aggravated one, and for that reason the game officer was determined to bring the offender to justice. Mettelle killed the deer last spring and, becoming alarmed, left it where it fell without using any of the meat.
