The circumstances of the Caseday case aroused more than ordinary interest. In a Grant county feud, Arthur Green was killed by Oliver Snyder. Caseday, who was a deputy sheriff, arrested Snyder and was taking him to service against Germany's African possessions and perhaps for aiding the Stanley Buckmaster, director of the liamstown, Mass., to spend ThanksThe mett and Earl Shields, Ben Hinton, and Albert Green, brother of the murdered man, met him on the road and it was contended by the state that Caseday gave up the prisoner without resistance, and failed to make the proper efforts to prevent the lynching which followed. Caseday insisted that he was forced to give up Snyder.

Hinton was the first man tried and he was convicted of murder in the second degree. Then Caseday was placed on trial and was convicted of murder in the first degree. Emmett and Earl Shields and Albert Green, thereafter, entered pleas of guilty, and were sentenced to the penitentiary for

Important to Shippers. The Southern Pacific company is urnishing its agents with a supply of internal revenue stamps, which must be placed on bills of lading and shipping receipts, manifests and similar documents, to conform to the re-quirements of the war revenue bill, which becomes effective December 1. The stamps must be supplied by shippers and in furnishing them to its agents and conductors for sale, the Southern Pacific Co. is trying to do away as much as possible with the confusion that is expected to occur at

It is particularly important to shippers located at points remote from postoffices and stations and to those who load at non-agency stations.

Traffic Meeting Scheduled. Traffic officials of the North Pacific Coast lines will meet in a conference December 1 at the office of W. D. Skinner, traffic manager of the Spo-kane, Portland & Seattle railway. This meeting had been called for yes-terday, but was postponed until after Thanksgiving. General traffic matters, including several applications of reduced rates, are to be considered.

Appointed General Manager. H. Buckingham, for 15 years connected with the Union Pacific system's operating department, has chosen general manager of the Mount Tamalpais & Muir Woods road, to take charge at once. C. F. culosis (consumption):

"Under the systematic, continued and persistent regime of calcium assimilation. Van Gieson has seen a number of his patients improve, undergo an exudation or partial consolidation in the lung, which then resolving would appear to contribute to the walling off and closing of the lesions. Hand in hand with this course of events, the sputum clears up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis." with healed pulmonary tuberculos

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have secured like results through the use of Eckman's Alterative. Since calcium is a constituent of this remedy for pulmonary tuberculosis and allied throat and bronchial affections, its healing power may in some measure be attributed to the manner in which this element is so combined with other ingredients as to be easily assimilated by the average person and it does not irritate the stomach.

Eckman's Alterative contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is out of it ask him to order, or send direct to
