Will Keep Farnum Jury All Together. Because Case Has Been Given so Much Publicity Matter of Selecting Jury Has Not Been Easy.

Roseburg, Or., Dec. 29.—It is expected that the jury for the retrial of the Roy Farnum case will be completed today, and that the taking of evidence will begin tomorrow morning. The wide publicity given the case is making it a difficult matter to secure a jury. It is expected that both the state and the defense will exercise all peremptory challenges.

Attorney Elbert Hermann will assist District Attorney Brown in the prosecution of the case and, in the absence of Mr. Brown who is in Salem, he has charge of selecting the jury. The same witnesses who testified in the first trial have been subpoenaed to appear in the circuit court at 3 o'clock Wednesday morning.

Attorney Hermann has announced that he will ask as soon as the jury is completed that it be kept together, both night and day, during the progress of the trial. It has not as yet been decided whether Farnum will take an appeal. He has charge during the present term of court. In case it is decided to postpone the trial it will be held during the February term of the circuit court.

MAY CONSTRUCT BIG GRAIN ELEVATORS IF SHIPPERS COOPERATE. Dock Commission Indicates Willingness to Issue \$750,000 Bonds if Given Support.

If the grain shippers will sufficiently cooperate with the public docks commission indicated this morning that it would approve a movement to vote \$750,000 bonds for construction of municipal grain elevators and accompanying facilities for handling grain in bulk.

The matter came before the commission at its meeting this morning in the form of a letter from W. J. Burns, of Balfour, Guthrie & Co., urging the need of municipal grain elevators in this city to compete with Seattle for the grain shipping business of the northwest.

Mr. Burns pointed out that Seattle is building municipal grain elevators and his estimate that proper elevators and bins, etc. for Portland would cost approximately \$750,000. He said that a few years ago he opposed municipal elevators, as he thought that shippers could provide ample facilities, but he has now arrived at a different opinion.

ARREST OF TWO MEN EXPLAINS MYSTERIES OF FIVE BURGLARIES. Confessions Said to Have Been Made to Police and Stolen Goods Recovered.

ONE MAN IS SENTENCED. Eddie Bell Given Six Months in Jail; Other Charges Are Pending Against Him; Grand Jury to Act.

Five of the many east side burglaries that have given the police so much trouble the past month were cleared up in the arrest Saturday of Eddie Bell, while the latter was engaged in robbing a store at East Seventh and Stevens streets, and Thomas Sommers, his partner, on larceny charges.

To City Detectives Hyde and Howell, Bell and Sommers confessed the robbery of these five places, and some of the goods were recovered in every case. All the money that had been stolen was recovered.

Bell also confessed to stealing the three stone diamond ring, a gold watch and \$12 from Mrs. Bennett of the Bennett hotel at First and Taylor streets. The ring was recovered in this instance.

The two also admitted, the detectives say, the robbery of the apartments of a Mr. King in Hislop hall, Grand and Hawthorne streets, and taking a suit of clothes and a silver comb. Only the comb was found.

At the latter place, where a revolver and an opal brooch were taken, the 14-year-old daughter of Mr. Berry entered the house while the robbers were there. The robbers immediately held up the girl, and told her they would kill her unless she made a move before they were out of the house.

Bell yesterday morning pleaded guilty in the municipal court to the robbery of the store where he was caught and he was given six months in jail. After serving his time he will be held for the grand jury on the other charges. An action to hold Sommers to the grand jury is now pending.
