OBJECTION TO CHANGE IN LAWS OF PEOPLE VOICED BY UNION MEN

Memorial Addressed to State Federation Favoring Act Taking Power Away.

VOTERS' DECISION FINAL

Initiative and Referendum Acts Should Not Be Touched Except at Polls, Document Asserts.

Prohibition of legislative alteration or revision of initiative measures indorsed by the people is proposed in a memorial recently drafted by the Portland union of the Brotherhood of Painters, Decorators and Paperhangers of America, calling upon the State Federation of Labor to inaugurate a movement to this end at the convention, which will be held in Salem, January 25. The memorial, which is also indorsed by Painters' District Council No. 24, the Central Labor Council and Building Trades Council of Portland, reads as follows:

Whereas, The people of the state of Oregon, in a spirit of progressiveness, adopted by overwhelming majority the system of legislation known as the initiative and referendum; and

Whereas, It has been fully demonstrated that the electorate of the state is entirely capable of exercising their legislative power for the enactment of measures beneficial to the many, and for the defeat of propositions intended to enhance the interests of the few at the expense of the masses; and

Whereas, We believe that government by the people, for the people as exemplified in Oregon has clearly proven that the present system is preferable in every respect to that which it superseded; and

Whereas, We also believe that all measures advocated and adopted by a majority of the electorate of the state should be given a fair and impartial trial, that the merits or possible defects of such measures shall have ample time to materialize; and

Whereas, Under the present dual system of legislation, operative in Oregon, we believe it is possible that measures adopted by the people may be held up or emasculated beyond recognition by a combination of legislative hostile interests.

We, therefore, most earnestly request that the Oregon State Federation of Labor, through its representatives in convention assembled, will inaugurate a movement to the end that laws may be passed making it impossible for legislative bodies to obstruct, revise or amend in any manner any measure that has been indorsed by the people. Also the enactment of a law to the effect that initiative measures can be revised, amended or revoked only by resubmission to a popular vote.

E. H. PICKARD,
D. A. HARTWIG,
ALBERT RAYMOND,
Committee.

COUNTY COURT NEWS

A bill from the Ford Motor company for $217.65 for repairs to the automobile of former Assistant Roadmaster McMullen was referred to Roadmaster Yeon.

The board directed that the foreman of the Morrison bridge, J. H. Richmond, furnish the district attorney with what information he can concerning an accident to Harold B. Knox, a musician, for which he asks $2000 damages.

The board ordered that foremen of bridges, captains of ferries and officers and employes in charge of all county structures or work report all accidents immediately to the board by telephone, telegraph, mail or the quickest possible means and to secure names and addresses of witnesses and all possible information concerning the accident.

Superintendent of Bridges and Ferries Welch was authorized to act for the board on his recommendation that the water board of St. Johns be asked to install an inch water meter for the 1½ inch meter now used for furnishing the St. Johns ferry with water. The smaller meter would reduce the minimum charge from $4.50 a month to $3 a month.

The Portland Railway, Light & Power company was notified to pay tolls for streetcars on the railroad bridge to the county, beginning January 8, 1915, at midnight, at the same rate formerly paid to the city, 3 cents per car.

City Commissioner Dieck called attention to lack of barricades on Montgomery drive from Lents addition to the Patton road. The matter was referred to Roadmaster Yeon.

Dallas Knights Celebrate.

Dallas, Or., Jan. 21.—The annual convention of district No. 15, Knights of Pythias, consisting of Marion and Polk counties, was held here Monday night. Seventy-five out of town visitors were in attendance, including A. E. Wrightman of Silverton, grand chancellor, and nearly all other grand lodge officers. Following a business session and degree work, a banquet was served at the Imperial hotel.

Wants County to Pay $8000.

Nick Lamno Monday put in a claim for $8000 to the county commissioners, saying that 10 acres of his 102 acre farm along the Columbia river highway near Rooster Rock has been ruined. He said dirt, stones and debris of all sorts has been piled on land adjoining his place, and that the winter rains washed the debris on to his property. The claim was referred to Roadmaster Yeon for investigation.

Renting an Underwood Typewriter is a sound investment, certain to increase your income. "The Machine You Will Eventually Buy." 68 6th st. (Adv.)

DRINK HABIT

RELIABLE HOME TREATMENT

The ORRINE treatment for the Drink Habit can be used with absolute confidence. It destroys all desire for whiskey, beer or other alcoholic stimulants. Thousands have successfully used it and have been restored to lives of sobriety and usefulness. Can be given secretly. Costs only $1.00 per box. If you fail to get results from ORRINE after a trial, your money will be refunded. Ask for free booklet telling all about ORRINE. The Owl Drug Co., Broadway and Washington streets.

More Officials of Idaho in Trouble

Perjury Charged Against State Examiner and Embezzlement Charged Against the Hustons.

Boise, Idaho, Jan. 21.—A. R. Van Nuys, state examiner for Idaho, was arrested on an indictment returned by the grand jury investigating state affairs, for perjury. It is charged that Van Nuys perjured himself in testimony given before the grand jury.

A joint indictment was returned against Fred L. Huston, state auditor, and R. C. Huston, for alleged embezzlement. The indictment charges that they appropriated to their own use scrip issued by the Oregon Short Line Railroad company to the state, exchanging the scrip for transportation from Boise to Los Angeles and return.

Pendleton Machine, Stolen, Burns Up

Pendleton, Or., Jan. 21.—Stealing the automobile of Jack Childreth from his garage Tuesday, some persons, presumably joyriders, had not gone two miles out of the city before the machine caught fire and burned up. The car was abandoned by the roadside when it caught fire, and people traveling the road came upon it too late to extinguish the flames. The theft was witnessed by guests in the Alta house just across the street, but they thought nothing of the matter.

BISHOP SUMNER RECEIVES HEARTY WELCOME TO CITY

(Continued From Page One.)

president of the Commercial club and chairman of the committee on arrangements for the public reception to Bishop Sumner in the Multnomah hotel at 8 o'clock this evening; R. W. Hastings, Fred Cook, Joseph W. Gilmore, Dr. S. E. Josephi, M. D. McFaul, president of the East Side Business Men's club; Frank K. Spittle of Astoria, A. S. Auterson, James Habersham, Allen Ellsworth.

Bishop Sumner was taken to the home of Dr. Morrison, where he will be a guest for several days until he chooses a place of residence. He will not live in Bishopcroft until later in the year, it was said.

Manner Is Informal.

Those who are famfliar with Bishop Walter Taylor Sumner's manifold activities and successes as "Chicago's Citizen Clergyman," put who had not met him personally, expected to see a big man physically step from the O-W. R. & N. overland train at the Union depot last night. But the man who smilingly accepted the welcome of Episcopal clergy and laymen furnished additional proof of the assertion that a six foot body is not necessarily the residence of a live wire brain.

Bishop Sumner is a little less than middle height, and he has no surplus weight. His manner is informal, yet he has the gift of suffering no loss of dignity in meeting and talking with men as one of them. His face is kindly in expression, but not to such an extent that one fails to notice the determined mouth and chin. His eyes are, perhaps, his most distinguishing facial feature, for they literally sparkle.

As a preacher Bishop Sumner chooses words for their simplicity and force. He considers that to save souls is his greatest mission and work and that anything else is a side-issue.

Has Keen Sense of Humor.

But he believes in going out among men and women to fulfill his mission. All classes in Chicago grew to know and love him during the 15 years of his service there.

He has a keen sense of humor, tells a story well and illuminates his speeches with pertinent anecdotes. Also he is a "good mixer;" no one has complained that he is hard to get acquainted with. He plays a piano well and has brought his piano with him from Chicago. He is also said to have quite a good deal of ability in sleight of hand performances with which he has been accustomed to entertain informal gatherings, but whether he will think this compatible with the position of bishop of Oregon remains to be seen. He left Chicago with regret because his life had been happy there and his work had been attended by splendid results. But he looks forward with hopefulness and zest to his ministry in Oregon.

FLORENCE ALBERTY

THERE IS A MOTHER WHO REALLY SAVES THE LIVES OF BABIES AND CHILDREN AND WHO DOES NOT EXPERIMENT.

"The hand that rocks the cradle rules the world."

Babies Are Not Born to Die

Babies are the MOST ABUSED and least understood of any living thing born into the world, and MOST PRECIOUS.

Ada Alberty, M. T. D. S. T., is not only a mother of living children, but has saved the lives of hundreds of babies and children that had been given up to die.

I do not experiment on babies because my system is perfected.

I am the originator of a baby food which has been the marvel of this century; the author of "The Truth About the Baby," which is attracting much attention because it is different and is written from the mother's standpoint, and deals with every phase of baby life.

I POSITIVELY GUARANTEE to bring to perfect health and flesh any baby or child suffering from malnutrition, and I will put on one-fourth of a pound of flesh in twenty-four hours on ANY BABY which is underweight.

Call or write and make me PROVE IT. Out-of-town mothers invited to correspond, as I give special attention to all cases and I have saved the lives of hundreds of babies which I have never seen.

Consultation Free.

PROPOSED TAX LAW CHANGES; OBJECTIONS TO PRESENT SYSTEM; PURPOSE OF LIMITATION

(Continued From Page One.)

unpaid after said date of April 15 are to become delinquent and a penalty of 5 per cent is to be added to the interest charge. The duty of collecting delinquent taxes is given over to the county treasurers, who were made tax collectors by the last legislature.

Allowing for Half Yearly Payments

Senator Barrett's bill proposes that one-half of our taxes shall be paid on or before the first day of May and the balance on or before the first day of November following. If the first half is allowed to become delinquent an interest charge of 8 per cent per annum is to be made up until the first of November, when the rate not only on the said first half, but on all other sums becoming delinquent, is increased to 12 per cent. As in Senator Smith's bill, it is provided that delinquent taxes shall be collected by the county treasurer.

The Bingham tax limitation bill referred to yesterday provides that the revenue to be raised on the 1915 assessed valuation shall not be greater than that raised on the 1914 assessed valuation plus 6 per cent; and that for each year after 1915 all tax rates shall be so limited as not to levy a greater amount of revenue than was levied the preceding year, plus 6 per cent. It is interesting to note what would have been the result had such a law been in effect during the past five years.

Bingham Plan Would Reduce Tax Burden

In 1910 our taxes for all purposes amounted to about $12,000,000. A 6 per cent increase in 1911 would have given us $12,720,000, $13,500,000 in 1912, $14,300,000 in 1913, and $15,150,000 in 1914. When we take into consideration the fact that our 1914 taxes for all purposes amounted to about $23,000,000, it will be found that such a law as Senator Bingham proposes would have reduced our tax burdens nearly $8,000,000 during that year alone.

No great fundamental change will or can come in our system of taxation until certain of our constitutional limitations are removed and a reasonable classification of subjects for taxation is permitted. As matters stand today, our system has developed just about as far as our constitutional restrictions will permit. While our cost of government is increasing by leaps and bounds, no new sources of revenue are being produced. The great growth and development which our state has experienced during the past 10 or 15 years has given us added sources, but any benefits which might have inured to the taxpayers have been nullified by extravagances in government.

OSWALD WEST.

HOW ONE OREGON INDUSTRY MAN FEELS ABOUT IT

"I asked my wife, son and daughter to inquire for home products when they went to the grocery or anywhere else to buy for themselves or for the household. Then I gave the same instructions to the manager of our factory. Next I asked the bookkeeper to buy office supplies made at home. And they are doing it. The 'patronize Oregon industry' idea means more to manufacturers and jobbers than any other movement I know of."

His example is a good one—good enough for every loyal citizen to follow. Therefore, patronize Oregon industry, and especially remember the following concerns whose subscriptions make the campaign possible:
