SINNOTT'S SERMON ON APPLE BOX BILL DID NOT STIR IT TO LIFE

Oregon Congressman Was Eloquent, However; Senator Lane, Becomes Military

OREGON NEWS AT CAPITAL

Oregon Constituents of Senators Lane and Chamberlain Send in Many Requests to Stop Arms Shipments.

(Washington Bureau of The Journal.)

Washington, Jan. 21.—Representative Sinnott preached rather an eloquent funeral sermon in the house one day last week over the remains of the standard apple box bill. He expressed it as argument at the inquest, but it had more of the pulpit flavor.

It was a pretty good speech but it did not "pulmote" the dead bill. Unless the threat regarding a certain other bill—the apple barrel—has weight the bill will stay dead until next session. Undoubtedly it means disappointment to many Oregon apple growers.

Majority Leader Underwood, whom Sinnott slammed in passing, explained while smiling over Sinnott's speech, the reason the apple box bill was not allowed to go on the calendar as "unfinished business." Each of the committees, he said, was given two "calendar Wednesdays" for consideration of measures before it. Ashbrook's committee had used up its two Wednesdays and Ashbrook had to give way to the interstate commerce committee, which has certain important bills to bring forth.

• •

Senator Lane has suddenly become military. That is to say, he has become military in the same sense that Senator Chamberlain is. Among the 12 committees of which Senator Lane is a member is that bearing the title expenditures in the war department.

Yesterday this committee held a meeting—the first in the memory of the oldest inhabitant of the press gallery. It happens to be one of the seven committees allotted to the Progressives and it is scarcely expected to do anything, but the chairman, Senator Poindexter of Washington, decided to break the precedent. He summoned Senators Norris of Nebraska, Kenyon of Iowa, and Lane, and the four of them, constituting the whole committee, had one of the realest meetings ever held.

In the first place they had a real live topic, viz: Why didn't the United States buy Louis Gathman's high explosive gun, the very same, according to Gathman, that the Germans used in demolishing Liege and Antwerp and other Belgian cities' forts? Gathman, who was present, offered the committee considerable evidence to show he had invented an identical gun several years ago and had offered it to the bureau of ordnance, but without convincing the bureau.

The committee listened and discussed for three hours and agreed to meet again.

• •

Senators Chamberlain and Lane have been deluged with letters from Oregon citizens and citizens' organizations urging them to support legislation which seeks to prevent the exporting of arms. A majority of the writers have German names, but not all.

• •

The senators have been addressed by the Baker County union of the Farmers' Educational and Cooperative Union of America, urging that they lend their efforts to having rural credits legislation enacted at the present session.

• •

Sandy, Or., citizens have petitioned for an additional rural route leading from that city.

SECOND SESSION OF RANGERS' COURSE IS NOW UNDER WAY

Techincal Side of Work in the Forest Shown to Students in This Department.

The district forester, at Portland, announces that the rangers' educational course, established last year by the forest service, has just started its second session, and will continue until March 31.

In their work for Uncle Sam, the rangers gain much practical knowledge, but many of them have felt the need of a more intimate knowledge of the technical side of forest work. This course was designed to meet that need. The instructors are technically trained men of the Portland office, who have specialized along certain phases of their word; the teaching is done by means of lectures which are mimeographed and sent out to the men in the field. The studying is done after the day's work is over, for nothing must be allowed to interfere with official duties.

Last year the lectures were rather general in tone, and aimed to give the rangers a broad view of the subject of forestry. This year, however, the lectures will take up special subjects connected with the actual work of the service in the Pacific northwest. In this way methods of planting and sowing, of timber appraisal, characteristics of northwest trees, land classification, fire protection, forest surveys, etc., will be covered. Three lectures per week will be sent out.

One hundred and fifty-seven men have enrolled for the course. This represents all the year long rangers in the district—93 in Oregon, 57 in Washington and seven in Alaska.

No examination will be given this year, but it may be found advisable to send out a few questions, as a sort of review, at the end of the course.

City Marshal Arrested.

Roseburg, Or., Jan. 21.—T. J. Williams, city marshal of Roseburg, will be tried in the justice court here on a charge of assault and battery, the charge having been preferred by George Church, a local Socialist leader, who was placed under arrest last Saturday night when he protested against the alleged abuse of several members of the I. W. W., the leader of whom was arrested on a charge of disorderly conduct.

New Home for B. P. O. E.

Klamath Falls, Or., Jan. 21.—Plans are now being prepared for a $40,000 home to be built by Klamath Falls lodge No. 1247, B. P. O. Elks. This will be built at Third and Main streets, the site having been purchased some time ago.

A Message To Thin, Weak, Scrawny Folks

An Easy Way to Gain 10 to 30 Lbs. of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food." The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat making elements of your food instead of passing them out through the body as waste.

What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, run-down tissues and build them up. The thin person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. The best way to overcome this sinful waste of flesh building elements and to stop the leakage of fats is to use Sargol, the recently discovered regenerative force that is recommended so highly by physicians here and abroad. Take a little Sargol tablet with every meal and notice how quickly your cheeks fill out and rolls of firm, healthy flesh are deposited over your body, covering each bony angle and projecting point. Your druggist has Sargol, or can get it from his wholesaler, and will refund your money if you are not satisfied with the gain in weight it produces as stated on the guarantee in each package. It is inexpensive, easy to take and highly efficient.

Caution—While Sargol has produced remarkable results in overcoming nervous dyspepsia and general stomach troubles, it should not be taken unless you are willing to gain ten pounds or more, for it is a wonderful flesh-builder.—Adv.
