

LISTER'S PLAN FOR WASHINGTON STATE FLAG NOT APPROVED

Sons of American Revolution Adopt Resolutions in Support of Old Glory.

SEATTLE BOY WOUNDED

Karl N. Lewellyn Reported in German Hospital After Belgium Battle.

(Special to The Journal.) Seattle, Wash., Feb. 27.—The plan of Daniel B. Trefethen, chairman of the Seattle library board, to establish branch libraries and free reading rooms in a number of the downtown rooms that will be made vacant when the saloons go out of existence, January 1, 1916, has met with opposition. The proposal has been called socialist and lending itself to higher taxes in Seattle.

Dudley G. Wooten, a Seattle attorney and former member of congress from the state of Texas, has this to say about the scheme: "It is estimated that the loss through saloon licenses will be at least \$500,000 annually to the city. Now it is suggested that on top of this material reduction in the public revenues and consequent increase of the burden of taxation, the city shall add an additional uncalculated item of public expense in the way of free libraries to reimburse the landlords who will lose their rentals in the vacated property, as well as to console the bar room habitués who are deprived of their customary solace. "It may be conceded that for a considerable number of persons the bar room is the substitute for the rich man's club. But it may be doubted that the majority of the one, or that its victims are entitled to free provision for their comfort and entertainment."

Opposition developed at the annual meeting in Seattle of the Washington State Society, Sons of the American Revolution, to Governor Lister's suggestion that the legislature adopt a state flag, and resolutions were forwarded to him in protest. The society took the position that the Stars and Stripes constitute not only the national emblem, but that of the states as well.

In his annual message to the legislature Governor Lister urged the adoption of a distinctive banner for the commonwealth. Byron Phelps, auditor of King county, and himself a Civil war veteran, introduced the resolutions against a state flag at the Sons of the American Revolution meeting that were unanimously adopted. The resolutions recited that as Washington was named in honor of the first president of the United States, there should be no flag adopted to be displayed with the American flag.

"The sentiment of our people is for one country and one flag," the delegates agreed.

The story of the exploits of Karl N. Lewellyn, aged 22, a former Seattle boy who now lies desperately wounded in a German hospital after fighting in the army of the United States, is a tale of one of Richard Harding Davis' Soldiers of Fortune. Lewellyn is well known here among the younger set, as he was born in Seattle and received his early education in this city.

Young Lewellyn's secret enlistment in the German army caused international machinery to be moved to have his commission cancelled, and although he was dismissed from service by imperial edict upon the arrival of ambassador Gerard, he found his way back into the ranks and was wounded in the trenches in Belgium.

What Does Your Mirror Say to You?

If Your Face is Not Fair, You Are Not Fair to Your Face. Use Stuart's Calcium Wafers and Banish Pimples, etc.

Before beauty can ever be realized it must have a complexion that is to its lustre, that makes a magnificent face contour radiate an artistic glow. A warm, rosy, healthy complexion in the clear skin, the pure red blood, the soft cream-like complexion.

Stuart's Calcium Wafers act directly upon the sweat glands of the skin, since their mission is to stimulate the excretory ducts. They do not create perspiration, but cause the skin to breathe out its own perspiration, forming perspiration into a harmless vapor. The calcium sulphide of which these wafers are composed, cleanses the germ poisons in the sweat glands and pores, hence the blood makes a new, smooth skin in a surprisingly short time.

You will never be ashamed to look at yourself in a mirror. Use Stuart's Calcium Wafers. Nor will your friends give you that hinting look, as much as to say, "Goodness, what a complexion!" There is no longer any excuse for anyone to have a complexion with skin eruptions, when it is so easy to get rid of them. Simply get a box of Stuart's Calcium Wafers at any drug store and take them according to directions. After a few days you will hardly recognize yourself in the mirror. The change will delight you immensely. All blemishes will disappear.

All druggists sell Stuart's Calcium Wafers at 50 cents a box. A small sample package mailed free by writing to F. A. Stuart Co., 175 Stuart Bldg., Marshall, Mich. (Adv.)

SAM HILL, FARMER, TO MAKE WORD GOOD WITH TOURISTS

Scenes at the launching of the ferry "Governor West," which was built by Samuel Hill to operate across the Columbia between Maryhill, on the Washington side, to Spanish Hollow, on the Oregon side. Left to right are Samuel Hill, Mrs. Oswald West, Miss Mary Hill, ex-Governor West, Captain Winslow, Fred Lockley of The Journal, Miss Jean Marte and N. B. Brooks.

By Fred Lockley.

Maryhill, Wash., Feb. 27.—When Samuel Hill puts on his broad-brimmed old gray hat and puts his red bandana handkerchief in his pocket in place of his silk one he is no longer Sam Hill capitalist, he is plain Sam Hill, farmer. I have just spent a strenuous day with Farmer Hill on his ranch at Maryhill and I am so full of information I will have to write or bust.

On Wednesday night Mr. Hill, with ex-Governor and Mrs. Oswald West and myself as guests, came to Maryhill. When you sit in at a game of talk with ex-Governor West and Samuel Hill for a three-hour session you feel as if you could pass with a good grade if you were examined in state politics, road building, world politics or geography.

The talk hit the high places of what the recent legislature had done and ought to do. From the sins of omission and commission of the late lamented legislature the talk jumped to roads and then to the European war which brought it back again to roads. The reason why a route through Belgium to France was selected by the Germans at the outbreak of the war, said Mr. Hill, was because Belgium has wonderful Belgian-bike highways over which the heavy German guns could be transported.

Rural School Work Will Be Exhibited

Photographs, Charts and Bulletins Make Up Oregon's Display in Educational Palace at San Francisco.

Salem, Or., Feb. 27.—The authorities in charge of the Educational Palace at the Panama-Pacific International Exposition assigned to each state a certain problem, and for Oregon they designated the rural school system. This means that Oregon is to show at the exposition in what respects her rural school system excels those of other states, and it is to be accomplished by means of photographs, charts and bulletins, and there is a rule that no children's work is to be shown in the educational palace. The exhibit for Oregon has been prepared under the direction of E. P. Carleton, assistant state superintendent of public instruction, and the points which will be shown in this exhibit are rural supervision, the standard school library, industrial clubs, school fairs, playgrounds, special course of study in agriculture and rural high schools. On the walls of the booth will be hung beautifully colored enlarged photographs.

D. A. R. REGENT TO GIVE EUGENE REPORT

Found Dead in Bed. Centralla, Wash., Feb. 27.—Mrs. Alvina Fraser, an old resident of Lincoln Creek west of Centralla, was Wednesday found dead in bed at the home of her daughter, Mrs. Emma Bell, in Ethel, where she was visiting.

Clackamas County Pioneer. Oregon City, Or., Feb. 27.—Another of the old residents of Clackamas county died Thursday when Henry Bailey died at his home in Maple Lane at the age of 88 years. He had been a resident of this county since 1891 when he came here from England.

Ashland Survey Complete. Eugene, Or., Feb. 27.—The survey of the Ashland area has been completed and Professor Fred C. Ayer, of the department of education at the University of Oregon, who has been directing the survey, expects to have a detailed report of the findings of the investigating committee ready for publication within a month. The final report will be extensive.

Election at Cornelius. Cornelius, Or., Feb. 27.—The annual city election will be held here April 5. A mayor, two councilmen and a recorder will be voted for. In addition, a charter measure will be submitted to the voters.

Barton Fined \$300. Roseburg, Or., Feb. 27.—Jesse Barton of Coquille, Coos county, who was convicted in the circuit court here Wednesday on a charge of assault on Miss Madge Yonkum, a former employe in Barton's abstract office at Coquille, was sentenced by Judge Hamilton to pay a fine of \$300 and the costs of prosecution.

Kola Tablets. There are 70,000 Indian farmers in the United States. have many friends who use them as a general tonic and for kidney trouble. Price 25c per box, 5 boxes for \$1.00. For sale by Laue-Davis Drug Co., 3d and Yamhill sts.

OREGON CITY, ON THE WATER WAGON, WANTS ONLY BEST OF WATER

Opposition to Proposed Gravity System Seems to Be Rapidly on the Wane.

WEDNESDAY IS ELECTION

Clergymen Today, From Their Pulpits, Will Advise That Bonds Be Voted; Recruits Gained Daily.

(Special to The Journal.) Oregon City, Or., Feb. 27.—Opposition to the proposed gravity water system to bring pure mountain water from the Pure Mountain League, in the Cascade mountains to Oregon City and West Linn seems fast fading. Every day brings more recruits to the ranks of the Pure Mountain League. The clergy of Oregon City, to a man, is in favor of a new source of drinking water for this city, and tomorrow from many of the pulpits sermons upon the question will be preached.

The greatest interest is being manifested in the public meeting which will be held Monday evening at Shively's Opera House. The occasion is of double interest. Judge Grant B. Dimick and George C. Brownell, for years political opponents in Clackamas county, are to speak in favor of the new system.

That an eleventh hour attack will be made upon the bond issue to finance this project by those opposed to a change in the system, has been maintained by members of the league. Preparations are now being made to counteract any influence the unfavorable circulars may have.

Everything will be in readiness for the special election Wednesday. Chief of Police Shaw has ordered the different firehouses to be cleaned and placed in order for the voters.

Proposition of securing a supply of water for Oregon City from the South Fork of the Clackamas river was taken up by the Pure Mountain Water League at the fall of 1913, shortly after Oregon City had passed through a severe typhoid epidemic. This epidemic, during which the drinking fountains in the city were closed, has been closed and the citizens ordered to boil their water, brought home to the people of this city the necessity of a change from the filtered water to a supply that would be more pure.

Information has been received that Centralla, Wash., is paying interest at 6 per cent on a bond issue of \$200,000, and providing for a sinking fund to retire the indebtedness by a rate of \$1.75 per month.

There are about the same number of consumers in Centralla as in Oregon City. Centralla will have only 5 per cent interest to pay.

Ten Cases on Docket. Oregon City, Or., Feb. 27.—Ten bind-over cases were investigated by a Clackamas county grand jury next week. There are statutory crimes, assault with dangerous weapon, forgery, obtaining money under false pretenses, larceny, offenses against the liquor laws, etc.

Principal among the cases is the case of the Inauguration body to work at the Dalles. The body will give the proper instructions and watch at the deliberations.

Weekly Growers' Guide

Feb. 28, 1915 Portland Seed Co. FOR EARLY VEGETABLES

Onions, radishes, lettuce, peas and greens may be sown now and will give the early Spring vegetables which are the most delicious of all. Tomatoes may be started in the house or in hotbeds. Rhubarb roots and asparagus beds should be prepared. If you will feel free to consult our retail department, you will receive reliable and dependable information and advice. For over two generations our seeds have proved good, being carefully tested and above the standard of quality.

SWEET PEAS Our collection consists of eight beautiful Spencer's the very choicest of the new production. This collection, sown now, will give you beautiful blooms that are sure to please. The collection \$1.15

ROSES Fine 3-year-old plants, true to name and especially adapted to this section, make our rose stock most desirable. Standard varieties and latest novelties. \$3 dozen and up Climbing Roses, Tree Roses, Etc.

SHRUBS, BUSHES ARALIAS, fine, full budded. Price 75c to \$1.50. BIGNONIA, extra choice, full budded. Price \$1.50 to \$2.00. MAGNOLIAS, fine specimens, standard varieties, 75c to \$1.50. SPIRÆAS, These graceful and beautiful shrubs are hardy and bloom freely. Choice plants at 50c to 75c.
