BURNS

The four story Alder hotel building, at the northwest corner of Fourth and Alder streets, in which was located the Phegley & Cavender clothing establishment and the F. W. Woolworth 5-10-15 cent store annex, was swept by a spec-tacular fire yesterday, with a loss of \$75,000 to \$80,000. About 80 lodgers in the hotel were made homeless by the blaze, which worked upward through the four stories from the basement.

#### Spring Stock Just Received.

Spring Stock Just Received. Phegley & Cavender, who conducted a men's furnishing store on the corner of Fourth and Alder streets, were among the heaviest losers. Grant Fheeley, the senior partner, said that the firm had just received its sprins stock, valued at about \$55,000. It was insured for \$25,000. Targe quantities of the stock were stored in the basement, where the water stood three inches deep. The stock in the showrooms was soaked with water which came from the floots above. Practically the whole stock with and go smoke. From the begin-ning of the fire the smoke rolled out of the building in dense clouds and entry was practically impossible.
