Amateur Athletic Federation Rules Will Govern Twelfth Annual Indoor Meet.

Oregon's best track and field athletes will participate in the twelfth annual indoor meet of the Columbia university to be staged Saturday afternoon at 2 o'clock in the Columbia Coliseum.

In the relay race the runners will have to pass a baton. Heretofore the touch system was used. In the high jump the athletes will not have the privilege of moving the uprights.

M'COY NEARLY GOES OUT

New York, April 7.—Al McCoy presented a sorry spectacle as a middleweight title claimant today, following his 10 round fight with George Chip in Brooklyn last night. Chip all but put McCoy out, and but for being arm and leg weary in the last round, would certainly have put the crusher on the Brooklynite.

A year ago McCoy suddenly jumped into the limelight by knocking Chip out, but the latter wined up matters last night. He put McCoy down for the count of nine twice in the ninth round.

CHICAGO STOCKYARDS IN GLARE OF SEARCH LIGHT SECOND TIME

U. S. Industrial Relations Commission to Get Facts About Big Institution.

(United Press Leased Wire.) Chicago, April 7.—The lid will be lifted from the "jungle" and the sunlight of publicity poured in by the United States industrial relations commission when it begins its sweeping investigation into conditions at the Chicago stockyards next Wednesday. The matter of actual working conditions, wages, hours and what the workers have in their homes will be gone into.

Sensations are promised when John C. Kennedy, former associate instructor of economics at the University of Chicago, testifies. Professor Kennedy's survey, made recently for the university settlement, will be read into the commission's record. Another important witness will be J. Ogden Armour.

The inquiry into stockyards conditions will mark the close of the 10 day session which has already begun. This afternoon an investigation of the Harriman lines and the Illinois railroad is scheduled to open. The machinists' strike of 1911, which has never been called off, will be the chief topic.

Banker Is Accused Of Embezzlement

Former Cashier of Gridley State Bank in California Arrested on Charge of Appropriating Bank's Funds.

(Pacific News Service.) Chico, Cal., April 7.—E. H. Whitney, former cashier of the Gridley State bank, is under arrest at Butte, Cal., today on a charge of embezzlement. He was brought to Butte late yesterday from San Francisco, where he was arrested by Sheriff W. R. Ridda.

Whitney is charged with embezzling \$4000 from the Gridley institution. It is alleged that Whitney, while cashier of the Gridley bank, organized the Northern California Title company, putting into the project all his own money, several thousand dollars belonging to his niece, and, it is said, \$4000 of the bank's money. The alleged embezzlement was discovered on January 5, shortly after Whitney resigned as cashier of the bank. There are three separate charges against him.

Wife Scorns Chorus Girl's Pictures Scorches Hubby's Baby Blue Pajamas

(International News Service.) New York, April 7.—New and sensational developments are expected in the suit for separation filed by Mrs. Mary B. MacNamara against her husband, Henry Frank MacNamara, stock broker and member of the Lotus club, from whom she seeks a separation before Justice Whitaker in the supreme court. Mrs. MacNamara, who is the third wife of the broker, claims that the pictures of 40 chorus girls and photographs of his first and second wives adorning the walls of his den were one of the causes for the marital discord in the household.

She admits once removing this array of beauty from the rooms, but upon being threatened by her husband with a kettle of hot water she replaced them. Mrs. MacNamara confessed to keeping daily tabulation of his tribulations and when not allowed to produce a diary in court he exhibited a pair of charred and scorched baby blue pajamas, which he said his wife had burned and afterward remarked that she wished he was dead and that she would derive pleasure from attending his funeral.

The wife also stated that she had hired detectives to trail her husband and that they had found him in company with a chorus girl named Betty Marshall, whom he kissed at the Ciro's stage door after bemoaning the fate that they would be separated two long hours.

A SPRING SUIT FOR THE FIRST OF APRIL

"There's Nothing Slow About You, Dan!"

"It's time for spring duds, all right, and I'd gladly wear a Spring Suit myself if I had the money to buy it. I'll say this much for you, Dan: You have the right taste to go with your pocketbook. Your new suit is 'rippling'—right cut and materials and 'class' are all there. But what 'gets my goat' is HOW ON EARTH CAN YOU AFFORD IT?"

"I'll tell you right now, if you'll give me a chance. Fred. Listen, here! I DIDN'T HAVE EVEN A THIRD OF THE PRICE when I bought this Suit yesterday at CHERRY'S. AT CHERRY'S—did you get that? Well, that's the point—it isn't my purse at all.

"I'll tell you the best clothes made—ON CREDIT. Why, you've heard of Chery's store! Sure, everybody goes there—hundreds of us. Their spring stock is superb. The styles, as you know, are still English, in blues, grays, browns. It's easy to pick out the little changes that make the new suits 'snappier' than the old ones—vests are cut lower, for one thing.

"If you want to see CHERRY'S NEW SUITS yourself. So don't get to go as soon as you can and look 'em over. Here is their address, 389-391 Wash. st., in the Pittock bldg."—Ad.

IS THERE ANYTHING GROWS IN THE GARDEN WITH AS GOOD TASTE AS THAT?

SAY JUDGE NOTHING CAN EQUAL THE REAL TOBACCO CHEW

THE MARKET GARDENER IS HONEST WITH THE GOOD JUDGE

MAN the taste of "Right-Cut" is so satisfying and so lasting that a ten-cent pouch of the Real Tobacco Chew lasts you twice as long as the same money will buy in your old kind.

Why, the only thing about "Right-Cut" that isn't a luxury is the price.

You'll be glad of the day you start with the Real Tobacco Chew if you are critical about the tobacco you chew.

Take a very small chew—less than one-quarter the old size. It will be more satisfying than a mouthful of ordinary tobacco. Just nibble on it until you find the strength chew that suits you. Tuck it away. Then let it rest. See how easily and evenly the real tobacco taste comes, how it satisfies without grinding, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end.

It is a ready chew, not like any other chew that you won't have to grind on it with your teeth. Grinding on ordinary candied tobacco makes you spit too much.

The taste of pure, rich tobacco does not need to be covered up with molasses and theories. Notice how the salt brings out the rich tobacco taste in "Right-Cut."

One small chew takes the place of two big chews of the old kind.
