

# Club Activities BY VELLA WINNER

## Midsummer Night's Dream Thursday Night.

Much interest in a social and club way is centering about the presentation of "Midsummer Night's Dream" by the Portland Shakespeare club Friday evening at the Eleventh street playhouse. Many of Portland's most charming and gifted children will participate in the dances and pantomimes, which give promise of making up one of the most artistic entertainments ever put on by Portland talent. Mrs. E. F. Preble is president of the club and Mrs. Julia C. La Barre, Mrs. Harvey O'Bryan and Mrs. J. Coulsen have standing sponsors for the affair. The list of patronesses includes many women well known in social and intellectual circles.

Mayo Methot is said to be the most fascinating "Puck" imaginable, her swift, graceful motions, bright, pianissimo and boyish figure being especially suited to the part. Saucy Puck is the link between the humans and the creatures of fairyland and in her suit of leaves she looks quite like a nymph of the woods.

## Joint Meeting Letter Carriers and Women.

Auxiliary No. 1 of the National Association of Letter Carriers of Washington, Mrs. A. W. Young is president, held its regular meeting last evening in Masonic Temple. The business session was short and later the women joined with the men's organization, which had held its business session in the next room, and a fine musical and literary program was given. The feature of the evening was selections by the Letter Carriers and Clerks' band. Piano numbers were given by Miss Jessie Elliott. Vocal solos were given by Mrs. Jessie Stiller Watkins and Miss Goldberg and by William Walker, Miss Blanche Rosarka and Mrs. J. Magrath gave readings. A piano duet was furnished by Mrs. Hoyt and Mr. Griffith. Following the program refreshments were served in the banquet room. There were about 150 present.

## Indorse Home Industry.

The clubwomen of four states—Utah, Idaho, Oregon and Washington—have given enthusiastic indorsement to the home industry week propaganda, the week being April 12 to 18. The West Coast Magazine early in the week, issued the following resolutions looking toward the western clubwomen's consumers' week:

New year resolutions for the women of the western states:

During the coming year I will do all in my power to help in the upbuilding of the manufacturing institutions of the west.

First—By purchasing products made in my home state.

Second—By purchasing goods, when not manufactured in my home state, from the nearest manufacturer in the west.

Third—By urging the consumption of home grown fruits and vegetables.

Fourth—By talking of the advantages accruing from home industry.

The movement has been emphatically indorsed by Mrs. Percy V. Pennybacker, president of the General Federation, who has issued a circular letter urging the women to rally to the support of this excellent movement, in the course of which she makes the following pertinent suggestions:

Suggest to the merchants to advertise, advocating "Buy at Home" and telling what western goods they have on sale.

Ask the manufacturers in your town to make a window display in one of the retail stores.

Ask the grocers to display western

food products—coffee, macaroni, cured meats, canned goods—peas, tomatoes, prunes, etc.

Ask the druggist to serve western cocoa and coffee.

Ask the hardware merchant to display western paints or any articles they have from the western manufacturers and jobbers.

Ask the dry goods stores to show their western woollens and knit goods.

Ask the men's furnishings stores to show overalls, blankets, etc., made in the west.

Serve a home products dinner during the week. Ask the domestic science class of the school to do the serving, and have the girls dress in costumes made up of the labels of various home industries.

## Little Stories for Bedtime

BY THORNTON W. BURGESS

### Jimmy Skunk Sees His Friends

Jimmy Skunk scratched his head thoughtfully as he watched Old Mr. Toad go down the Lone Little Path, hop, hop, hipperly-hop, toward the Smiling Pool. He certainly was puzzled, was Jimmy Skunk. If Old Mr. Toad had told him that he would find Jimmy would not have been more surprised or found it harder to believe than that Old Mr. Toad had a beautiful voice. The truth is Jimmy didn't believe it. He thought that Old Mr. Toad was trying to fool him.

Presently Peter Rabbit came along. He found Jimmy Skunk sitting in a brown study. He had quite forgotten to look for that beetle, and when he forgot to look for that you may make up your mind that Jimmy is doing some hard thinking.

"Hello, old Striped Coat, what have you got on your mind this fine morning?" cried Peter Rabbit.

"—Him," said Jimmy simply, pointing down the Lone Little Path.

Peter looked. "Do you mean Old Mr. Toad?"

Jimmy nodded. "Do you see anything queer about him?" he asked in his turn.

Peter stared down the Lone Little Path. "No," he replied, "except that he seems in a great hurry."

"That's just it," Jimmy returned promptly. "Did you ever see him hurry unless he was frightened?"

Peter confessed that he never had. "Well, he isn't frightened now, yet Jimmy grinned. "I think he's crazy," says he's got a beautiful voice, and that he has to take part in the spring chorus at the Smiling Pool, and that he is late."

Peter looked very hard at Jimmy to see if he was joking or telling the truth. Then he began to laugh. "Old Mr. Toad sing! the very idea!" he cried. "He can sing about as much as I can, and that is not at all."

Jimmy grinned. "I think he's crazy, if you ask me," said he. "And yet he was just as earnest about it as if it were really so. I think he must have eaten something that has gone to his head. There's Unc' Billy Possum over there. Let's ask him what he thinks."

So Jimmy and Peter joined Unc' Billy, and Jimmy told the story about Old Mr. Toad all over again. Unc' Billy chuckled and laughed as they had at the idea of Old Mr. Toad's saying

### KILLS CATARRH GERMS AND STOPS CATARRH

Breathes This Antiseptic Dry Air in Your Own Home and Quickly Ends Catarrh, Head Colds and Snuffly.

One of the surest signs of catarrh of the head, nose and throat is catching colds easily. When you have catarrh the mucous membranes are inflamed, swollen and sensitive and a slight draft or sudden change of temperature at once sets you sneezing, sniffing and wiping your nose. Then again while these delicate tissues are in an inflamed state the catarrhal germs settle out and clogged up by other matters, form a thick, sticky, yellowish deposit in your affected nose and throat and immediately start eating their way into your raw sore organs. Then your catarrh gets worse and you wake up mornings with tongue thick, mouth sticky and nose all stopped up.

Catarrh can be overcome and the germs of catarrh destroyed if you will go to The Dry Drug Co., or in fact any other good drug store, and ask for a large complete Hyromet (pronounced High-ome) treatment, consisting of a bottle of the oil of Hyromet and a small hard rubber inhaler. You put a few drops of the Hyromet oil into the inhaler and then put it between your lips and breathe naturally this pleasant, antiseptic healing air of Hyromet way into your nose, throat and lungs. In three or four days your air passages are cleared out and coughed up by other matters, form a thick, sticky, yellowish deposit in your affected nose and throat and immediately start eating their way into your raw sore organs. Then your catarrh gets worse and you wake up mornings with tongue thick, mouth sticky and nose all stopped up.
