

FOUR APPOINTMENTS MADE TO FACULTY OF THE REED COLLEGE

One Change Occurs in Staff of Administrative Office of Institution.

WILL COME THIS SUMMER

Duties Will Be Taken Up Beginning With Year 1915-16; Well Known Women Included.

Four new appointments have been made to the Reed college faculty, and one change in the staff of the administrative office. The appointments include George Henry Denton, professor of German; Jean Dupertuis, instructor in French; Robert Devore Leigh, instructor in government; Dr. Bertha Sabin Stuart, professor of physical education for women, and Miss Lalla F. Moses as the new office assistant. Each will come to Reed during the summer, and will be with the college for the year 1915-16.

Mr. Denton will take the place of Jasper J. Stahl, who will be on leave of absence for next year. Mr. Denton was graduated from Columbia university in 1902, where he taught for a year. He has taught also in Harvard, and again at Columbia. Mr. Denton is the author of more than 40 articles in educational and philological magazines, and during the past year was eastern field agent for the simplified spelling board.

Doctor Bertha Sabin Stuart is well known in Oregon as the director of the women's gymnasium at Oregon university. She is a graduate from the University of Michigan, receiving the A. B. degree in 1902, and the M. A. degree in 1908. For the past six years she has been at Oregon, and in connection with her work there, she has given many extension lectures in various parts of the state.

Miss Lalla F. Moses, who will be with the administrative office next year, will be graduated from Reed college in June. She was well liked in her class, being elected vice president and manager of the football team of the student paper. She was recently elected to the Phi Beta Kappa society.

Political Club Out For Justice to All

The Waterfront Workmen's Political Club' Not Affiliated With an Organization.

The Waterfront Workmen's Political club, through a committee composed of John Nagel, president 38-6, Herman Larson, John McCarthy and A. McBeth, has issued the following statement:

"Having seen in the press on several occasions items from self appointed, or would-be, labor leaders that would lead the public to believe they controlled the labor vote in this city; Therefore, we, the members of General Longshore Workers' Union 38-6, wish it to be known that we are not affiliated politically with any organization, and are not responsible for the endorsements given to candidates aspiring for city commissioner or any other public office.

"We are a union of workmen, having the interest of organized labor at heart, and will work for the election of such men to office as we believe will do justice to all; also for such measures as would tend to this end. We have an organization known as 'The Waterfront Workmen's Political Club'; we have no endorsement. Our motto is, 'Stay by Our Friends; Try and Defeat Our Enemies.'

"We are not controlled nor influenced by any club or organization, and want all who may be concerned or interested to know it."

Middies! Middies!

The "Magg Pickford" at \$1.75
The "Sunshine" at \$1.75
The "High School" at \$1.50
The "Initial" Middy at \$2.13

In the illustration above is one of the most popular of the season. Note the pockets, the side-lacing, the belted back. It's made of white galatea, comes in all sizes. A desirable model very modestly priced.

The "Sunshine" Middy is pictured next. It has the advantage of detachable collar and cuffs, and extra sets may be purchased for 39c. White galatea, with red, navy or Copenhagen collars and cuffs.

The third in the picture, a favorite with school girls Jefferson, Washington and Lincoln high school lettering on the pocket. Galatea, Balkan style, laced at the side. A very effective Middy.

The fourth in the group and a very handsome style. Very fine white galatea with cadet blue collars and cuffs and large Roman initial in blue to match on pocket. None better at the price.
