Eugene, Qr., April 17 .- Several members of the Portland Golf club arrived tonight and more will arrive tomorrow morning for the match game with the Eugene Country club on the local links. This is the second time the Eugene club has brought a team here, the Medford club, featuring W. Chandler Egan, former national champion, being the opponents last spring. The teams will be made up of 15 men each.

The players arriving from the north last night were met at the train by members of the Eugene Country club in machines and taken to the clubhouse, where an informal dance was given in their honor. Tomorrow 30 women of the local club will serve luncheon for the visitors.

The tournament committee, consisting of R. W. Prescott, C. F. Carskadden and Frank Harriet, up to last night had not decided upon who would make up the 15 to play the Portlanders, but John Wilhelm, a student in the University of Oregon, R. W. Prescott, assistant professor of public speaking in the university, and C. F. Carskadden are sure of places. The other 12 will be selected from the following, who have consistently played the best golf: E. O. Immel, Walter McCormack, Jay Lewis, Frank Harriett, Harry Powell, Harry Dunbar, Jack Pratt, A. R. Tiffany, Fred C. Ayers, E. O. Potter, Stanley S. Smith, Otto Gillstrap, Walter Griffin, R. S. Hamilton, C. D. Rorer, Dr. J. L. Hesse, Dave Auld, B. F. Bingenheimer and C. A. Burden, 'the father of golf in Eugene."

Course Is Nine Holes. The Eugene course consists of nine holes, the total yardage being 2699. Bogey is 38 and par is 33. The names of the holes are: Straightaway, 245 yards; Dr. Painful, 509 yards; Gopher Butter, 261 yards; Mossy Oaks, 211 yards; Johnny Jump-Up, 100 yards; Nightmare, 308 yards; Broken Back, 499 yards; Rough Neck, 336 yards, and Homeward Bound, 230 yards, Dr. Painful is the other side of a considerable hill and is difficult to play. To land on the Mossy Oaks green from Gopher Butter the ball must be lifted over and to the left of some oak trees. It is necessary to use a pitch shot across a creek for the fifth hole. "The greens have all been gone over

and both the putting and fair greens are in good shape," said C. A. Burden. "We try to show the visiting golfers good time whenever they come to see us and this will be no exception. Last year we served them mountain trout caught by one of the members, but this has not been done this year. How W. MADE TO YOUR ORDER

It's Made by McCarthy

-The G. H. M. Special at \$20 is a won-der. You can choose from a very wide range of staple and novelty domestic and imported fabrics, including Tweeds, Fine Cheviots, Hard Finish Worsteds in all shades and colors. The Fine Twin English Blue Serge and Wide Wale Cheviots are also here.

-The garments are made up just as you like them, to your individual measure and requirements in either the Novelty Summer Norfolk, in the Semi or Extreme English, or in the ever popular Box Back.

Remember that McCarthy Clothes are strictly a home product. They are cut, designed and made right here in Portland. When you wear these famous tailored to order clothes you are boosting home industry. Why wear hand-me downs, which are made East, or patronize a tailor who send his work East? KEEP YOUR MONEY AT HOME! This would be a weak argument if our clothes were not at least the equal of Eastern made clothes. But when they are better clothes than you can possibly buy anywhere, we feel that we should have the support of all Portland people in giving them this great tailoring establishment. We say again that McCarthy clothes stand alone for class and merit.
