REPORT MANY CASES OF RHEUMATISM

Says we must keep feet dry, avoid exposure and eat less meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week.

Jad Salts is inexpensive, harmless and is made from the finest of salts and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.

By obtaining the treatment at some well stocked pharmacy, you need know of another's trouble while the treatment has been prepared with full directions.
