Americans Notified in Newspaper Advertisement to jeweler of Sydney, Australia, on a Avoid British Boats.

Mrs. Francis is held at the Alameda Washington, May 1 .- (U. P.)-The advertisement the German embassy inserted in New York papers warning Americans to avoid vessels under the British flag was not submitted to Secretary of State Bryan or to the state department before it was published. The German embassy did not communicate with the state department on

the subject before issuing the warning, said the secretary tonight. Bryan refused to comment on the ac tion of the German government or its California Health Resort-Warse Washington representative. No rep-

lin or the embassy, he said. Prince von Hartzfeldt, counsellor of the German embassy, when asked why Glennon, of Los Angeles, today shot the warning took the form of an advertisement to the public rather than representations to the state department, said the warning concerning danger to passengers on ships flying the British flag already had been communicated to the state department as long ago as February. This appar-

ently was the last of such warnings Secretary Bryan said, saying he recalled none since February's, in which Germany declared all waters about the British isles included in the war zone, Asked if the embassy has knowledge
