Wheeler May Recall Attorney

Salem, Or., May 4 .- It has been ascertained here that a petition sufficient to bring about an election to recall Joseph K. Starr, district attornev of Wheeler county, had been completed, and would probably be filed with Secretary of State Olcott this

The petition asserts that Starr is corrupt and incompetent, that he indulges freely in strong drink, and does not prosecute violations of the local option laws, that he does not enforce the plain provisions of the law alike on all offenders, and that his administration is costly and causes the county a great deal of unnecessary expense.
