EARL MIEBUS WINNER IN PANAMA-PACIFIC RING PRELIMINARIES

Amateur Athletic Union Light Heavyweight Champ Ducks Through Ropes at S. F.

BUTLER'S PUPIL BEATEN

George Davis Is Outpointed in First Bout; Amateurs Have a Hard Time Against Westerners.

San Francisco, May 7.—(U. P.)—Prospects were bright today for a new crop of American amateur boxing champions. Finals in the national tournament, which is being contested under the auspices of the Panama-Pacific exposition, will be fought tonight. Judging from the way the titleholders were mistreated in the preliminaries, a good many laurel wreaths will change heads.

The first champion to appear in the preliminaries was Eddie Carr of the Harmony club, Boston, who held the 175 pound title. The crowd viewed him with awe and cheered him to the echo. His opponent was a large youth named R. Peterson of the San Francisco Olympic club. When the gong rang Peterson struck the champion several severe blows and it was evident that little birdies were singing for Carr. A few more swings and the champion leaped through the ropes and fled, leaving Peterson in undisputed possession.

Other champions who were eliminated in the preliminary bouts were Howard Root, 108 pounds, Cleveland, and Tony Vatlan, 115 pounds, Brighton, Mass. Several champions held their titles by hairline decisions.

108 pound class—Frank Farren (unattached) won decision over Thomas Rickard (Los Angeles.)

Matty Herbert (Union Settlement A. C. of New York) won decision over Howard Root (Cleveland A. C.)

Frank Farren (unattached) stopped David McCoughlan (unattached) in the first round.

115 pound class—Tony Vatlan (Lincoln A. C. of Brighton, Mass.) won decision over Edward Rooney (Olympic club, San Francisco.)

John Maloney (St. Rilas A. C. of Philadelphia) won decision over William Hughes (Olympic club.)

Earl Baird (Seattle A. C.) won decision over Tony Vatlan, four rounds.

125 pound class — Henry Gleason (Seattle A. C.) won decision over J. W. Maloney (Olympic club, San Francisco.)

Frank Gorman (Byran Gymnasium, Boston, Mass.) won decision over George Locke (Olympic club San Francisco.)

Arthur Strawbacker (Cleveland A. C.) stopped Marshall Brooker (Cleveland A. C.) in second round.

Arthur Nack (Union Settlement A. C. of New York) won decision over Jack Rhodes (Olympic club, San Francisco.)

135 pound class—Archie Wyard (Seattle A. C.) won decision over Harry Levine (San Francisco Y. M. C. A.)

Johnny Moretto (Olympic club, San Francisco) won decision over Johnnie Stanton (same club.)

M. J. Crowley (Adams A. A. of Malden, Mass.) won decision over E. Tibbs (Salt Lake City.)

145 pound class — Clement Gaviati (Olympia club, San Francisco) won decision over Fred Ebeling (Visitation Valley A. C.)

Charles Askins (Boston Newsboy's club) won decision over George Davis (Butler A. A. of Portland.)

A. Ratner (Y. M. H. A. of New York) won decision over Clement Gaviati (Olympic club)—four rounds.

158 pound class — George Meyers (Olympic club, San Francisco) won decision over E. G. Gyer (Los Angeles A. C.)

A. Kaufman (Trinity club of Brooklyn) won decision over J. Vincelli (Salt Lake City.)

175 pound class—Earl Miebus (Multnomah A. C. of Portland) won decision over Otto Wallfisch (Olympic club, San Francisco).

Rudy Peterson (Olympic club, San Francisco) stopped E. Carr (Harmony club of Boston) in first round.

Heavyweight class—Arthur Sheridan (Trinity club of Brooklyn) won decision over Rudy Peterson (Olympic club, San Francisco.)

Because of the action of the Pacific International Power Boat association in upholding the protest of the owners of the Wastrel, a Seattle 16 foot speed boat, against the Baby Bell, owned by Captain E. W. Spencer of this city, the board of trustees of the Portland Motor Boat club voted unanimously to withdraw from that association.

George J. Kelly, secretary of the local club, was instructed to draw up resolutions notifying the P. I. P. B. A. of the action.

MINOR BASEBALL

Oak Grove, Or., May 7.—The Concord baseball team yesterday afternoon descended upon Milwaukie and trimmed the Milwaukie nine to the tune of 18 to 1.

Ridgefield, Wash., May 7.—The Pioneer baseball team will cross bats with the View team at the Pioneer grounds next Sunday afternoon. Pioneer has won every game played so far this season. Charles H. Greely is the manager and outside teams desiring games would do well to get in touch with him.

The Ridgefield All-Stars baseball team will journey to Kelso Sunday to try conclusions with that team.

Springing the surprise of the season, the Reed college freshmen took the seniors in hand yesterday afternoon in a seven inning game with the score of 11-7. Wright, pitching for the freshies, held the upper classmen down to three runs until the last inning, when he took pity on them and let in four tallies. While he was taking care of the seniors his teammates knocked Sabin out of the box in the third inning and were unmerciful to Lancefield, who relieved him for the remainder of the game. The batteries: Seniors—Sabin, Lancefield and Jenne; freshmen—Wright and Dambach.

Harvey Moreland May Be Auditor

It Is Said That Senator I. N. Day Is Backing His Private Secretary for Place in the Corporation Department.

Salem, Or., May 7.—Whether Harvey Moreland, private secretary to Senator I. N. Day, of Portland, will land as auditor of the corporation department to succeed Theodore Burkhart is a question that is causing some discussion around the capitol. Moreland is being strongly backed for the place by Senator Day, it is said here, the Multnomah solon, for reasons of his own, wishing to have a man on whom he can thoroughly rely in the corporation department. It is said that Commission Schulderman has not decided in regard to the appointment of Moreland and that he fears such a move would arouse much unfavorable comment.

With Moreland in the corporation commissioner's department, Senator Day would be able, on occasions, to make his influence felt in decisions regarding blue sky law violations and the admission of companies to do business, it is figured here. He would also have a trusted man across the hall from Governor Withycombe's office.

During the recent session of the legislature Harvey Moreland was clerk of the senate ways and means committee, of which Senator Day was chairman. Moreland was useful to Day in many ways other than as clerk of the committee.

Burkhart was given the place by Watson through no political influence. His training and experience fitted him admirably for auditor, which is an important position. Some of Schulderman's friends have advised him to make no change.

Should Harvey Moreland be named by Schulderman, he will be the third member of the family in the employ of the state, his father Judge J. C. Moreland, being clerk of the supreme court and his brother being engineer for the state railroad commission.

A Book That Proves the CASE CAR

1. First Price Lowest

You really owe it to yourself—as soon as you finish reading this advertisement—to ask at once for a copy of our book entitled, "From Those Who Know What You Want to Know." It tells the experiences with CASE Cars of men from every state in the Union. It is a remarkable volume of interest to motorists.

This book proves beyond dispute that the CASE Car costs less in the long run than cars priced much higher. At $1350—5 per cent discount if cash—and considering the regular equipment of an *extra tire and tube on rim with tire cover, Weed non-skid tire chains and 8-day clock*—the CASE Car costs you far less. This is counting first cost only. Then divide this price by years of service—the only fair way to judge *any* car—and you have a car without comparison. First cost *only* can never be a true standard. Time tells the CASE story.

2. Upkeep Most Economical

Naturally, a car built like the CASE, by the same standard of excellence that has distinguished CASE products for 72 years, is bound to cost less in yearly upkeep. It is least liable to visit repair shops.

Ready for the road, the CASE Car weighs 2735 lbs.—light enough to be economical in fuel, heavy enough to stand the road. What makes it economical in mechanical upkeep also makes it the same in operating charges, increasing its gasoline mileage. And as for tires, CASE owners silence all others when conversation turns that way.

So in first cost, mechanical upkeep and operating expenses we have real records to show you—proof you can't afford to miss. Why not come in today? Or at least write for the book? (320)
