Weather Conditions?

Weather Conditions.

The barometer is relatively low over the Rocky mountain and Pacific states, and a large high pressure area is central north of the Lake region. Light rain has fallen on the Pacific slope as far south as San Diego and showers have fallen in Minnesota, North Dakota, Montana and the Atlantic states. They were heaviest in Florida. It is cooler in the lake region, while elsewhere the changes in temperature have been unimportant. The conditions are favorable for showers in this district during the next 24 to 36 hours.

ENEMIES NEVER WILL THROUGH LINES

Believe Their Offensive Near Ypres Be Successful; Have Good Word for U. S.

By Carl W. Ackerman. (United Press Staff Correspondent.)
With the German Army, Brussels,
May 10, via The Hague and London, May 18 .- After spending a week with officers of the German army in Belgium and France, I find absolute con-fidence in the ranks that the allies will never be able to penetrate the German lines.

There is equally firm belief in the success of the German offensive around Ypres. Officers told me that the fighting there is the bloodiest of the war. The British have borne the street, was away from her home yesbrunt of the attack and have suffered unparalleled losses.

spent a day in the first line trenches in northern France. Our party had breakfasted in a wood during a hot artillery bembardment.
Throughout the time spent with the army there was a decidedly favorable change noticeable in the attitude of German officers toward America. This Man Should Worry About the Wolf at the Door

Attorney William Bristol, for six years United States attorney for Oregon, provoked many sighs of envy in the federal court when he testified yesterday that his annual income from practice of the law was \$150,000. He made the statement in a matter of fact way while testifying as to the reasonableness of a \$5000 fee charged the International Mortgage bank of Apeldoorn, Holland, by Denton J. Burdick of this city, who is now suing the bank for the amount he alleges is due.

Bristol declared that in his opinion \$10,030 was not too much for the work Burdick alleges he performed for the company in attempting to straighten out matters in connection with the \$100,000 mortgage scandal which resulted in the conviction of J. W. Matthes, former Dutch consul here; R. G. Snow and W. J. Summers for frauds practiced against the bank.

According to evidence introduced, Burdick worked for two weeks for the bank and for his services was paid \$525.
