Work of Concentrating 40,-000 Austrians and Germans Begun by Police.

By Herbert Temple.

London, May 14 .- (I. N. S.) -- Internment of 40,000 Germans, Austrians and Turks in England was begun here today by Scotland Yard operatives and "war constables," under the direction of the foreign office. Many women, children and men too old for military service will be deported.

Most of the 20,000 enemy aliens in London are expected to surrender voluntarily. Many of these probably will be held in Ireland.

San Francisco, Cal., May 14 .- (P. N S.)-Expressions of prominent Cali-fornians today on President Wilson's note to Germany were generally approving. The following were typical: Victor H. United States Senator John W. Works—The president's note to Germany is excellent as a protest. But the important question is: What is to come after? Are we prepared to go to war to enforce our demands? If not, the protest will prove an idle thing. It would be better for us to cease sending munitions of war to belligerents and be what we loudly this statement because of various ru-mors that in the present crisis the It is this violation of the spirit of Germans in this country were siding neutrality that has caused most of neutrality that has caused most of

David Starr Jordan, chancellor of Stanford university-I wholly approve of the tone and purpose of the president's protest. I would make one qualification. For diplomatic purposes the president recalls 'the humane and enlightened attitude hitherto assumed by the imperial government.' Looking over the historical records of the last 50 years it appears that Germany has consistently ridden roughshod over rights of neutrals and non-combatants. do not think the president's courteous and carefully written protest can be construed as unfriendly, unless the "The German - Americans of this imperial government desires to force hostilities.

Seattle, May 14.—(P. N. S.)—Com-nenting upon President Wilson's note to Germany, the Seattle Post-Intelli-

It is no jingo utterance, no "mere scrap of PRESIDENT'S NOTE paper," but the cool, calm declaration -the ultimatum, if you please-of the American nation, and in support of it there will be no faltering or division. The imperial government, if it be wise, will not widen the breach, but seek to regain and hold the friendship of the United States by prompt disavowal of hostile acts and an honorable acquiesence in and compliance with these just demands.

Wilson's Note Hastens Action. Cleveland, Ohio, May 14 .- (U. YAQUI INDIANS, LOSE 3 IN MEXICO BATTLE

John Wilson One of Dead: Many Others Wounded: Raids Cause of Trouble.

Nogales, Ariz., May 14 .- (U. P.)-Forty dead Yaqui Indians lie unburied today on the plains near Esperanza, Sonora, as the result of the battle with American and Mexican landholders last Wednesday, in which three Americans are believed to have been killed and 11 wounded. The name of but one of the dead Americans had been received by American Consul Frederick Simpleh at oon today. The victim was John Wilson.

Fearing a repetition of the Yaqui raids, Governor Maytorena, of Sonora, has moved from the threatened district his Yaqui troops, which refused fight against the raiders, and sent in their places 500 Mexican soldiers, who admittedly fear the Indians. Consul Simpich telegraphed the state department today requesting that an American warship be sent to the mouth of the Yaqui river, in the Gulf of California, to take off American refugees who have gathered there. Reports were current here today that another taqui raid had been made in the Ensenada district.
