

### 10 YEAR GUARANTEE FOR COUNTY ROADS IS URGED BY YEON

Roadmaster's Recommendation for Maintenance Referred to Attorney.

### NEW POINT NOW RAISED

Question of Retaining Names of Leading Patented Types of Pavement Now is Looming Up.

Roadmaster Yeon today formally recommended to the board of county commissioners that a ten-year guarantee be required from all bidders for maintenance in connection with the contracts to be let for hard surfacing the county highways. The maintenance contract is to be separate from and independent of the construction contracts.

Mr. Yeon's recommendation was referred to the district attorney on the vote of Commissioners Lightner and Holbrook. Commissioner Holman opposed the reference to the district attorney's office on the ground that the question was an administrative one and not a legal one.

At the present rate of progress in preparing specifications, bids will probably be opened some time this summer. A few days ago it was agreed between the commissioners and Roadmaster Yeon that the two leading types of patented pavement, bitulithic and hassam, should be specified by name.

The point is now raised by Assistant District Attorney Murphy, who is advising the board of commissioners in the absence of District Attorney Evans that this may stifle competition. His expressed position indicates that he will recommend to the board that the patent names be eliminated.

It is contended by the attorneys of the two companies affected that this will deprive them of their right to their name and that in effect the move is in the interest of pavement that cannot compete in a fair competition. They argue that it will be much more fair to designate the pavement by name in order that all bidders may know just what they are bidding on and against.

In the matter of the ten year guarantee Commissioner Lightner has suggested that successful bidders give a five year bond by a surety company and an additional five year personal guarantee.

**Captain Moore Improving.**  
Police Captain John T. Moore, who is at the Good Samaritan hospital, threatened with an attack of pneumonia, was reported to be much improved today.

### Stately Matrons Favor Dancing

Federation Women, After Watching Dancing, Place Stamp of Approval on Steps of Terpsichore.

San Francisco, May 15.—(U. P.)—Ball room dancing is to become one of the recognized departments of the California Federation of Women's clubs, now holding its annual convention at the Civic auditorium. Side by side with art, music and education will come the steps of Terpsichore. In order to make the new departure more impressive the members of the convention today brought two professional dancers before the delegates. An exhibition of ballroom dancing clinched the matter and now the Goddess Terpsichore will become a member of the federation.

### NOVEMBER ELECTION IS DECLARED ILLEGAL BY ATTORNEY HUME

Counsel for Election Official of Precinct 37 Says Commissioners Were in Error.

"There was not a legally constituted election board in the entire county of Multnomah at the last general election," declared Wilson T. Hume, attorney for Albin L. Clark, today. Clark was chairman of the day election board in precinct 37 and is on trial in Judge Gatens' court on the charge of fraudulently altering 136 ballots in connection with the vote for candidates for sheriff. Hume claims the commissioners permitted D. G. Tomasini to name the election officials and violated election laws. "Therefore no ballots could be altered," he said.

Fred P. Hoffman, clerk of the night election board in precinct 37, Ross Copeland and Paul J. Sauer, also members of the board, largely corroborated the testimony given yesterday by N. F. Donnelly, chairman of the board. An effort by the prosecution to introduce a summary of all the ballots cast in precinct 37, which had been prepared by Deputy District Attorney Geren, failed when the court sustained the objection of the defense.

**Larch Mountain Trail.**  
The Progressive Business Men's club is proceeding with work on the Larch mountain trail and the view tower at the top. Under authority of right granted by the Crown Columbia Pulp & Paper company work on the upper part of the trail will be started at once, aided by the forest service, it was announced today. Question as to right of way delays beginning at Multnomah falls end of the trail, but until this question is settled approaches will be used by Devil's Rest and Bridal Veil.

### AFFIDAVITS DECLARE BARBUR NOT TAKING PAY FROM WOODMEN

Assistant Clerks Deny the Charges Made by Monroe Goldstein, Opponent.

### CANDIDATES ARE INVITED

Women's Political Science Club Asks All Constant to Speak Before It Tuesday.

Charges made by Monroe Goldstein, candidate for city auditor, that Auditor A. L. Barbur, who is a candidate for reelection, is drawing \$180 a month salary as clerk of the Woodmen of the World while serving as city auditor, are denied in affidavits made by J. F. Kennedy and Herbert L. Barbur, assistant clerks. Kennedy makes affidavit that he was assistant clerk from July 1, 1907, to October 1, 1914, and that during that time he drew all the salary in connection with the camp's work. H. L. Barbur has been assistant since October 1 and he declares he has drawn the salary during that time.

The Women's Political Science club, of which Mrs. Mary L. Stevens is president, announces that it will invite all the candidates for city offices to speak before the club next Tuesday afternoon. The club will meet at 2:30 o'clock in Room 41, Central library. City Commissioner Daly also will be invited to speak on the proposed meter ordinance.

### Meeting Is Held by Anti-Saloon League

A program of activities was adopted by the trustees of the Anti-Saloon league at its semi-annual meeting held at the Multnomah hotel yesterday noon. The league also elected E. A. Baker, president of the league, succeeding Samuel Connell, resigned, and Amedee M. Smith and Rev. A. J. Montgomery, trustees to fill vacancies. Ex-Governor West spoke on law enforcement. Bishop Cooke commended the activities of the league, which he characterized as one of the most efficient arms of the federated church, and Superintendent R. P. Hutton read the superintendent's semi-annual report. The trustees adopted a resolution "thanking the Journal for the fairness with which it has treated temperance news."

**Improvement Is Steady.**  
Steady improvement was reported today in the condition of Miss Helen Carruthers, moving picture actress, who is at the Good Samaritan hospital.

### T. R. Soon Know if He'll Have to Pay

All Testimony in Famous \$50,000 Libel Suit Now in, and Attorneys Making Long Closing Arguments.

Syracuse, N. Y., May 19.—(I. N. S.)—With all testimony in the trial of William F. Barnes' \$50,000 libel suit against Colonel Theodore Roosevelt now in, opposing counsel today began long arguments on motion of William Ivins, chief counsel for Barnes, to strike out portions of the former president's evidence.

Ivins also moved that the court direct the jury to find for Barnes, in this motion, of course, being included in the arguments. Justice Andrews overruled Ivins' motion to instruct for Barnes, stating, however, that he would so instruct if it was later found that Roosevelt's whole statement was libelous, that the facts alleged were untrue and that Barnes had been injured. He added that the jury in finding for the plaintiff in that event would fix the amount of damages.

Following Justice Andrews' ruling, John D. Bowers, Roosevelt's chief counsel, began summing up his client's case.

### Lists for Patents Have Been Granted

Salem, Or., May 19.—Secretary of State Olcott today received notice from I. McBride, secretary to Senator Lane, that the commissioner of the general land office had submitted to the department of the interior clear lists for patent covering 11,185 acres in the Central Oregon irrigation company's project, the same being all of the lands applied for in patent lists numbers 6 and 8, with the exception of 40 acres consisting of the southwest quarter of southeast quarter of section 2, township 17, range 12. List No. 8 was sent in during 1908 and list No. 8 in 1912.

The last legislature passed a joint memorial urging action by the commissioner. It was regarded as an injustice that patents should be so long withheld from settlers.

### Tax Collecting Force to Remain

Sheriff Hurlbert does not expect to make changes in the tax collecting office when he assumes control Saturday in accordance with the law passed by the last legislature taking the department from the county treasurer and giving it to the sheriff. "Unless I can see where the service

can be benefited I see no reason why I should make changes," said Mr. Hurlbert. "Treasurer Lewis and I are of the same party and his men should not be hostile toward me. I did not want the department, the legislature wished it on me, and I do not feel that it would be best to make any changes."

### Permission Granted To Construct Dock

St. Johns, Or., May 19.—The Star Sand company was last night granted a permit by the city council to erect

a dock on its property at the foot of Charleston street, according to specifications presented by the company. An official of the company stated that the dock will cost between \$25,000 and \$30,000. It will be 360 feet long. City Attorney E. C. Geeslin reported after investigation that the end of Charleston street had already been vacated, and was undoubtedly the company's property.

**Graduates at White Salmon.**  
White Salmon, Wash., May 19.—Schools closed here yesterday, terminating a very successful year's work. The following graduated from the high school: Doris Childs, Helen Zeigler, Laura Zeigler, Edith Cornett, Maurice Baisiger, Ivan Johnson, Walter Zuksdorff, Oram Woolpert, Louis Clatabos.

The senior dance was held by this class on Thursday evening. The baccalaureate sermon was delivered by Rev. Knapp of the Baptist church Sunday evening.

**Deficit Shows Shrinkage.**  
University of Oregon, Eugene, Or., May 19.—Rain "gypped" the University of Oregon out of \$200 during Junior week end, according to Registrar Tiffany, who has just figured out the what might have been—had it not rained. The deficit of the week's celebra-

tions is \$600, which is about \$250 below that of last year. The decrease in the annual deficit is due to the fact that the number of athletes competing at the expense of the university was cut in half this year.

**Kahn Predicts Reunion.**  
Seattle, Wash., May 19.—(P. N. S.)—Predicting a reunion of the Republican and Progressive parties and a sweeping Republican victory in the national elections of 1916, Congressman Julius Kahn of California is in Seattle today, attending to legal business of a private nature. Congressman Kahn is accompanied by Mrs. Esther Henderson, an aunt of Mrs. Kahn.

## Side Whiskers as art—

Francis Ford, original hero of the side-whisker stunt, was one of the first actors to recognize bread and butter in moving pictures. He is a P. P. P., pioneer picture player, with as many skins as a piece of birch bark. He not only acts, but he directs, produces and writes scenarios, preferring the home-baked kind to the incoherent plots sent in by correspondence-school athletes. Do you recall him as the polished villain in "Lucille Love"? He likes to play the bad man, but he's as sunny as California.

Ford is at Universal City, the only moving-picture city in existence—the queerest, maddest, wildest, most romantic and picturesque city in the world. It has nearly 3,000 people in it, all actors, actresses or stage folk of some description. There's where most of the Universal program is made—the program that has made and is making money for the exhibitor and fast friends of all the fans. If you are going to California this Spring, go to your favorite theatre first, see some Universal moving-pictures, then drop in at Universal city and
