Buckman Starts Kindergarten Movement.

THE initial steps towards securing kindergartens in connection with the public schools of Portland were taken yesterday by the Buckman Parent-Teacher association, of which Mrs. P. G. Neeland is president. The movement initiated yesterday is a direct result of the National Congress of Mothers, and in line with the suggestion at the congress. Petitions will be circulated at the meeting, and will be further circulated in the Buckman district asking for the establishment of kindergartens. Later it is expected other sections of the city will take up the matter.

The election of officers at yesterday's meeting resulted in the reelection of Mrs. Neeland as president. Other officers chosen were: Vice president, Mrs. George Harrington; secretary, Mrs. L. P. Clark; treasurer, Miss Wilda Buckman; social service chairman, Mrs. George Seelie. The children gave a program, including orchestral numbers, and plans for the school's participation in the Rose Festival parade were made.

Child Welfare Work Discussed.

At the eleventh annual conference on child labor to open in San Francisco, May 28, the plan for the coordination and unification of all child welfare work will be discussed. The plan was first mentioned at the National Child Labor Conference in Memphis in 1914, by George N. E. Harwin, and when, at the preliminary child labor conference in Washington in January, it was presented by Dr. Edward N. Clopper, of the National Child Labor committee, was highly endorsed by Julian Ladd, chief of the children's bureau, U. S. Department of Labor, and Commissioner of Education, and others.

In Baltimore on May 18, Dr. Clopper again presented the plan to the National Child Labor Conference, and now in San Francisco it will be discussed with representatives of western social agencies. Although the plan has been called the National Children's Charter, leaders of the movement for it claim it will be more than a charter since it will not only set forth the rights of childhood, but will bind together forces working for children, and create full cooperation among them. Besides the Children's Charter, the National Child Labor Conference will discuss child labor in the west and the proposed federal child labor law.

Vernon Association Silver Tea.

The Vernon Parent-Teacher association held a successful silver tea at the Community House yesterday, with an attendance of over 60. The women brought their fancy work. The rooms were profusely decorated in roses. Mrs. F. B. Julian poured tea, and Mrs. M. M. Chittenden poured coffee. This was the first time Mrs. Chittenden has met with the women since her recent illness, and she was warmly welcomed. The committee in charge of the tea consisted of Mrs. George Young, Mrs. George West, Mrs. Tyler and Mrs. Grass.

Indoor Picnic Held.

Because of the rainy weather, last Tuesday, the annual picnic of the Tuesday Afternoon club was held indoors at the home of Mrs. J. B. Laber, which is situated on a hillside back of South Portland. The home, which commands a wonderful view of the river, the wide, level stretch of the east side, and the hills beyond, was an ideal place for such a gathering. The rooms were charmingly decorated with hanging baskets of lupine, columbine, honeysuckle and other wild flowers. The delicious luncheon prepared by the

Top—Miss Eleanor Rowland, dean of women at Reed college, who is speaking this afternoon at the Oregon State Conference of Social Agencies on "The Menace of Feeble-mindedness." Bottom—Mrs. Millie R. Trumbull, who will preside over tonight's session of the conference.

ladies was none the less delectable because unaccompanied by the ordinary discomforts of picnicking. A short business session was held, and the club adjourned until fall. After adjournment the members enjoyed a game of cards. Mrs. L. H. Amos and Mrs. H. S. Travis were invited guests. The year just closed, under the leadership of Mrs. George W. Tabler, president, has been a very successful one. The incoming president, Mrs. Robert Smith, will assume the duties of her office in October.

"Mrs. Lester's Soiree" Tonight.

All is in readiness for the entertainment, "Mrs. Lester's Soiree," to be given in the school court this evening at the Peninsula school by 20 of the prominent people of that district. The first act shows Mrs. Lester planning for her party. Succeding acts show the turmoil into which the various houses are thrown when invitations are received and, the last one has to do with Mrs. Lester's difficulties with servants at the last moment, the moral being that the old-fashioned plan of entertaining one's friends informally is much the best one. The proceeds from the entertainment will

go to the work of the Parent-Teacher association, under whose auspices it is to be given.

Alameda Park Association.

Alameda Park association held the most successful meeting of the year yesterday afternoon. L. R. Alderman gave an address as did also H. P. Fargo, state department commander of the G. A. R. The children gave a drill entitled "The Young Soldiers," followed by a salute to the flag. "Spring" and "Apple Blossoms" was sung by Gertrude Sharpe, Marjorie Scott, Frances Taylor, Lorrie Smith and Henry Sharpe. The song, "The Business" was given by a group of children with Hortense Moore as the fairy and Mary Smith as the robin, all of the performers being in costume. "The Frog and the Duck" was sung by George Eastman, Oswald Stevenson, Henry Sharpe, Lorrie Smith and Preston Viney.

Eliot Association Election.

The Eliot Parent-Teacher association meeting held yesterday was full of interest. Ways and means of caring after school hours for children, whose parents are employed during the day, were discussed, and the circle intends to work this out during the coming year. The moving picture problem was introduced by a proposition from the local houses to present regularly once a week a program of interest and value to children, the pictures to be chosen by a representative committee from the circle. The cooperation of the circle in patronizing this feature would then be expected. Action was deferred until the June meeting. Election of officers for the coming year resulted as follows: Mrs. C. A. Zander, president; Mrs. Allphin, vice president; Mrs. B. W. Cheney, secretary; and Miss Mabel Hurley, treasurer.

Capitol Hill Association Election.

Capitol Hill Parent-Teacher association met last evening and elected the following officers: President, Mrs. H. E. Reeves; vice president, Mrs. E. G. Lathrop; secretary, Mrs. R. Marshall; treasurer, Miss Louise Ingram. Reports from the national congress were given, the petition was circulated asking the school board for a new school house, which the residents of that section feel greatly in need of.

Miss Larsen Recovering.

Miss Lily Larsen of 1849 Portsmouth avenue, who is spending the summer in Hornbrook, Cal., at the home of Mr. and Mrs. W. M. Wheeler, is recovering from a nervous breakdown.

MAN, 60, IN FLIPELOPS

Los Angeles, May 20.—(U. P.)—Wild sights were seen in the Receiving hospital today while S. I. Hickey, 60, was proving that he was not suffering from old age. Detectives told surgeons he was too feeble to be at large alone. "Dad!" indignantly cried Hickey. "Agad! Senile! Feeble! Just watch this!" The surgeon leaped down the operating table, stood on his head, walked around on his hand, turned several flipflops and a handspring with graceful ease and rushed down the hospital corridor turning cart-wheels. He was held on suspicion of insanity.

MARKETING The passage of a law by the recent legislature prohibiting catching of salmon by apparatus other than the hook and line above the bridge at Oregon City has resulted in a famished condition in the fresh salmon market. Just at this time, when Columbia river catches are exceedingly limited, the fresh fish trade has been compelled to secure practically all of its need of chinooks at Oregon City. The new law goes into effect at once and the trade will be compelled to send to Puget sound or to California for its needs. This is the reason that salmon prices are abnormally high at the retail shops at the present time. The future price will depend entirely upon the size of the Columbia river catch.

ALASKA HALIBUT recently caught in such great quantities has relieved the famine of this fish, which has existed for several weeks. The price is again down to normal and the public can supply all of its needs for fresh fish without being compelled to pay exorbitant prices for cold storage stock.

STRAWBERRIES are coming in in slightly better condition, but there is still a noticeable lack of quality compared with previous seasons at this period. The recent rains have aided

THE WEATHER

"Showers tonight, probably fair tomorrow" comes under the head "Import and Export."

PRICE OF JARS ADVANCES

Speaking of canning, it has just developed that the housewife must again pay for the war in Europe or at least a portion of it. Owing to the demand for zinc and other metals for use in warfare, the price of fruit jars has advanced \$1.50 per gross at wholesale and the retail advance is made on the same basis.

STRAWBERRY PIE

Bake a shell of rich pie crust. Fill with fresh, well-sugared strawberries. Cover with meringue made of whites of 2 eggs, 1/4 cup sugar, and bake in slow oven until meringue is firm and browned. Serve cold. If pastry is baked in individual tins these become attractive tarts.

THE SHOPPER

Now that European fashion centers are falling so miserably, Japan and China are jumping into the breach with an alacrity that seems to promise a season of finery in the Tokio and Shanghai. The first to ar-

rive is the Chin Chin hat, a funny little round white silk affair, a cross between a hat and a cap, with a tiny rolling brim of black and from the very top of the crown falls a long black velvet hair which looks for all the world like a Chinaman's queue.

CHIN CHIN HAIRPINS are another novelty soon expected in one of the big downtown shops. "They have been ordered two weeks," said the young woman behind the counter, "and I think they will be here next week. They are long and slender, somewhat dagger-shaped, and are handsomely studded with brilliant stones," she explained. When they arrive I will have another little story about them.

HOUSEHOLD HINTS

Conventional skill is a small broom made of stiff wire.

All vegetables which are grown under the ground should be cooked with the lid on.

Remnants of fat, cooked or uncooked, should be saved, cooked together and clarified.

When using dates for dessert, wash and drain them; they will be juicier and more palatable.

Never allow the firebox of your range to be more than three-fourths filled. When full, the draft is checked.

The flesh of all fish out of season is unwholesome. Perfectly fresh fish have clear eyes, red gills and bright scales.

After boiling or frying, if any fat has splattered on the stove, wipe it off with paper immediately, and the stove will be clean.

Paint splatter marks can easily be removed from window panes by melting soda in very hot water and washing the glass with it.

BEAUTY HINT

A wet set comb, prising a corset sachet and a pair of lingerie clasps may now be had at the toilet goods

department of one of the big shops. They are made of pastel colored satin hand-embroidered and are sure to be appreciated by the dainty woman.

For further information regarding any of the articles mentioned in this department, address "The Shopper," care of The Journal.

AFFECTATION

"All false practices and affectations of knowledge are more odious than any want or defect of knowledge can be."—Aflat.

WHAT LABOR IS DOING

Politics Will Be Discussed at Labor Meeting.

TILLICUM CLUB TO MEET

The Tillicum club is urging all members to attend the meeting at the Labor Temple tomorrow night, Saturday, May 22. Not only will there be business of importance, but there will be an endorsement made of candidates for city commissioner, speeches and a social session. The Tillicum club is entirely made up of members of labor unions.

Conciliation Meets Favor

Conciliation agreements between employer and employes is far superior to strikes and lockouts in the opinion of leading members of organized labor and the Chamber of Commerce in this city. Efforts are being made by committees of both organizations to get together and understand one another better. Reports will be given of the progress made within a few days.

\$20,000 Stock The Juvenile

143 SIXTH STREET (SELLING BUILDING)

Goes On Sale

At 9 A. M. Tomorrow at Terrific Reductions

A STATEMENT BY OWNER THAT TELLS WHY:

Portland people have been slow to fully appreciate the many advantages that the Juvenile has to offer. This season we felt that the people would surely wake up and be attracted by our superior values, and we bought heavily. But our business is not what we had expected and with bills coming due we are forced to sacrifice our stock and raise money. We are not going out of business unless we are forced to, and our one satisfaction is to know that through this sale many people will have brought to their knowledge for the first time, just what the name of THE JUVENILE STORE STANDS FOR, AS TO QUALITY, ASSORTMENT AND PRICE.

Signed: **JOHN M. THOMPSON**
Owner and Manager.

Modeled perfectly they heighten the beauty of the hand and arm

Notice especially the shape of Kayser Silk Gloves, and how gracefully they fit the hand.

The sizes and shapes of our gloves have been so carefully modeled—even to the shaping and inserting of the thumb—that Kayser Silk Gloves give a nicety of fit, an appearance of elegance secured in no other glove, kid or silk.

The beauty of their appearance lasts until they are worn out, because the purity and strength of the Kayser silk resist stretching.

Even after they have been washed, their lustre and fit are unimpaired.

Kayser Silk Gloves cost no more than the ordinary kind; two clasps are always 50c, 75c, \$1.00, \$1.25 and up; twelve and sixteen button lengths are always 75c, \$1.00, \$1.25, \$1.50 and up. The name "Kayser" is in the hem and with each pair is a guarantee ticket that the tips will outwear the gloves.

Kayser Silk Gloves

More sold than all other silk gloves combined.
