

CLASSY "CROWD" OF ATHLETES IN BIG O. A. C. MEET

Records Should Fall at Corvallis Tomorrow in Conference Games.

Oregon Agricultural College, Corvallis, Or., May 27.—The greatest aggregation of sprinters, runners and field men ever gathered in the north-west will appear on the Oregon Agricultural college track Friday afternoon to represent Washington university, Oregon university, Washington State college, Idaho university, Whitman and O. A. C. in the sixth annual north-west conference meet.

From the crack of the starter's gun, when the first runners are sent from the mark in the mile until the last event has been pulled off, this great galaxy of collegiate stars will battle for the premier honors of the north-west and from present indications all of the competing colleges have equal chances for victory.

Clayde of Washington, Williams of W. S. C., Huggins of Oregon and Reynolds and Dewey of O. A. C. will constitute the classic bunch of the mile race. Huggins holds the north-west record of 4:21. Huggins has run in 4:24, Dewey in 4:25 and Reynolds in 4:26. The result will prove a determining factor in the condition of the men and the track.

However, the race that will draw the greatest amount of attention and the one which at present is the subject of track talk will be the Hobgood-Payne two mile race. This race will be the most interesting one ever staged on the coast. Hobgood has twice beaten Payne, while Payne has been able to show his heels to the Beaver greyhound but once.

Quarter Also Close One. The quarter mile will be a close race among the feature events of the day. Kaddyer of O. A. C. has won all of his matches so far this year, but only on the occasion did he run against the Quaker of Oregon.

BASEBALL NEWS

Bill Rodgers will have to work out his own salvation in a baseball way, and in the meantime the former Beaver second baseman is throwing away some \$75 a week in salary while waiting around his Cincinnati home.

Two Beaver ball players are on the hospital list and probably will not be in the game for at least a week. They are Bill Speas, who tore loose his collar bone and stretched two tendons at Los Angeles in going after a short fly, and Milton Reed, who is suffering from an enlarged gland in the throat.

Penelton Pioneer Dies. Penelton, Or., May 27.—Mrs. H. O. Moussey, a resident of Penelton for nearly 20 years, died yesterday afternoon succumbing to an illness of several months.
