OLD POTATO DEMAND ONCE AGAIN LIBERAL WITH MARKET ACTIVE

Call Is Quite Pronounced Along Purposes-General Sales of Best Around \$1.75 Cental Today.

Demand for old crop potatoes has materialif increased during the last; few days. At
first the improvement was scarcely noticeable,
today the call is very prenounced and
today the call is to quality today the call it is
today to the call is today to the call but today the call is very pronounced and prices are holding very firm at \$1.75 a cental generally along the street for good quality.

How here. The trade is again switching to the old crop Oregons because of the better keeping quality than the new crop southern offerings. Generally sales of new crop Californias are around \$1.25@1.50 a cental. Not only has there been an Improvement in seed is liberal. During June there is usually stuff continues liberal, with sales here at 17% quite a liberal acreage planted to potatoes in 17% generally. Creamery firm at the recent quite a liberal acreage planted to potatoes in the Pacific northwest, and this demand has just appeared, only to find stocks of old potatoes very scant.

Practically only nominal supplies are still in the country tributary to Portland, and few of these are of suitable quality for plant Some late arrivals of eastern potatoes have some late arrivals of eastern potators have been sold here to wholesalers at \$1.55 a cen-tal. Portland, but at weights secured at ship-ping points. There is quite a shrinkage be-tween points of shipping and arrival; there-fore, the actual cost of potators laid down here is above the price mentioned.

CHICKEN MARKET IS SLOW Very slow market is showing for chickens in the Front street trade, and hens are today no higher than 12c, with ordinary lots down to 1134c generally. Small springs are still hard to move, but larger birds are held steady.

BEAN PRICES ARE LOWERED Owing to the extreme price of foreign freights, the price of beans is lower in Call-fornia, and this market has followed with a substantial reduction. Both small and large whites are today quoted at the same price.

EGG MARKET IS FIRMER Increased strength is shown for eggs, especivily best candled stock. Sales are reported today more general at 21c for the latter. Case only fair here.

BRIEF NOTES OF THE TRADE Strawberries were scarce and higher today. Hood River up to \$2, with locals at \$1.25@1.75

Fresh shad and salmon continue very scarce, with prices firm.

Lemon trade is slow, owing to the cool weather. Market firmer in the east. alifornia cauliflower is again offering here at \$1.35 dezen. Garlie from Mexico is offering at 25c a Garlic from Mexico is offering at 20c a pound. Quality good.
String beans are weaker and lower, with local stock coming forward today. Sales at Carload of Florida tomatoes arrived in green, but good condition. Best at \$5 crate. Local lettuce is in better supply, with sales

DAIRY BUTTER IS FIRMER Firmer tone, and in some quarters higher prices are being quoted for dairy butter along

Because of the fact that the season for razor clams in Washington closes June 1, and the bulk of the local supplies come from there, it is not likely "razors" will be available in the local market for some time. Supplies have been nominal for

several weeks. There is not likely to be any material shipments from Clatsop beach of this state because of the fight between canners for supplies. Canners are paying more money for clams than the local trade has been willing *

Chicago, Ill., May 28.—(I. N. S.)—Wheat losed %@4c lower. General selling in the plt today caused a further decline in grain values.

Opening prices were strong and higher.

Wheat was up #@ic at the start, while corn started with an advance of #@i/c.

Early in the trading the pit crowd hammered the market. Crop damage reports were re-ceived, but failed to halt the decline. Trad-ers soid on prospects of better weather. It was evident that the liquidation in May was not over. July wheat is now 19 cents under May, against 29 cents a few days ago. It is expected there will be a closer adjustment of the cash article to the July level. Corn was firm in the early trading on commission house buying.
Oats were weak. It was noticeable, however, that the demand was improving.
Provisions were dull, with prices practically unchanged.

All grains closed with a decline. May wheat declined 5%c during the day, July was carried down 1%c a bushel and September fell off 1%c. Corn declined %c to %c.
At the close there was a slight lift in values. Oats closed generally lower, and provisions were down. Range of Chicago prices furnished by Overbeck & Cooke Co., 216-217 Board of Trade WHEAT.

EARLY CHERRIES CRACK

Eugene, Or. May 28.—That early cherries are cracking from the excessive moisture, and that the apples and pears are suffering from scab, because it has been too wet for the growers to spray them during the past three weeks or more, was the statement of C. E. Stewart, Lane county fruit inspector, who was in the city yesterday, after a trip through the fruit districts.

"The Governor Wood and Kentish cherries are already cracking," said the Ispector, "and if the rain continues, the other varieties will also crack. The late strawberries seem to be coming on with no damage, but the early crop of the spector in the cherry and prime orchards if the moisture continues much longer. Fruitmen of this section are beginning to worry over the outlook. There has been a total of about five inches of rain in Eugene so far this mouth.

Berries Are Soft.

mouth.

Berries Are Soft.

Milton, Or., May 25.—The strawberry season is at its height. Several hundred crates are being shipped out daily. The wet weather has made the fruit crop a difficult problem, the berries being soft, causing the—to mould and making it difficult to ship long distances.

Cherries which are on the market row.

Salty—Course, half grounds, 100s, \$9.75 per ton; 50s, \$10.50; table dairy, 50s, \$16; 10s, \$17.50; bales, \$2.25; lump rock, \$20.00 per ton. HONEY—New, \$3.25@3.50 per case, BEANS—Small white, \$6.00; large white, \$6.00; pink, \$5.25; limas, \$6.00; bayou, \$6.00; large ton ton spoiling the berries, the rain has caused the cherries to crack and mould, and it is feared the entire crop will be lost.

YARDS BRING A HIGHER PRICE

Practically all the sheep and lambs that came forward today were contracted to local killers prior to shipment. While there was not real strength in the

It has been many a year since the entire swine trade at North Portland today and 4d higher. sales were forced even for the limited supplies, \$7.85 was being offered for selected tops, which is practically the same as yester-

It was reported today that notwithstanding all the talk yesterday of the Montana cattle going to Puget sound the supplies were really brought forth to this market on contract at \$7.30, where the sales were reported at a very late hour yesterday afternoon.

There was only a handful of cattle reported on the market at North Portland today with conditions still slow.

The government has formally awarded the contract on oats for shipment to the Hawaiian islands to the Northern Grain & Warehouse company, of this city, in competition with Puget sound. Not only did the government recognize the lower price of the Portland firm, but it took action, too, on the better quality of the product of this section. The contract calls for the delivery of 1250 tons of Cattle market conditions in the eastern oats.

Oats.

With ship owners now asking 80 shillings

Sheep Trade Steady,

Quite liberal stocks of mutton came forward to the yards at North Portland from Willamette valley points and general conditions were steady around former prices.

At some points in the east severe depression was shown for mutton and lambs for the cay.
