THE LANDLORDS FIGHT

SEVENTEEN HUNDRED Portlanders are now applicants for meters. Because of these applications and others certain to be received at the water department there is a measure on next Monday's ballot to authorize the purchase of 5000 meters.

There are landlords who oppose the measure. These landlords are the backbone of the opposition to meters. Rented property is responsible to the city for water bills.

Not all landlords take this view, but most of them do. Some are willing for the welfare of the city as a whole, to have meters installed.

SUPPORT THE MERGER

PORTLAND ought to vote Monday to annex Linton and St. Johns. If we do not, we shall be sorry when, five years hence, it is a good investment for Portland to annex them.

Linton's finances have been repeatedly misstated. Her percentage of indebtedness is exactly the same as Portland's.

A GOOD MEASURE In many cities, the pound is operated by a humane society. It is a plan for humane destruction of such dumb animals as have to be destroyed and for a humane administration of all activities connected with the pound.

It is proposed to "empower" the city commission to contract with the Oregon Humane society to conduct the pound in Portland.

A GAME OF DICKEBERG: REPORTS from Rome are to the effect that Bulgaria's entry into the war on the side of the allies is a practical certainty.

PERSECUTING DALY. WHY this hounding of Commissioner Daly by the Oregonian?

It is a game of dickering on a large scale. Serbia would be willing to part with Macedonia to get Bosnia and Herzegovina, but she wants those Austrian possessions before she gives up any portion of what she has.

But the portion served out to him by the Oregonian is not thanks. It misrepresents everything he does before she gives up any portion of what she has.

PERTINENT COMMENT AND NEWS IN BRIEF

SMALL CHANGE

Every man is a hero in his mind. Better a turn-up nose than a cabbage head. It is easy for a man to be popular if he is easy.

OREGON SIDELIGHTS

"Whenever a safe is cracked in United States territory, the Register goes on." "It means a new face will soon be seen in the county jail; and a yellow dog will be a yellow dog miles away."

Occasion for general rejoicing noted by the Grants Pass Courier: "This seems to be a year of celebrations, and we are preparing to celebrate the turning of water into the ditch of the community project."

La Grande Observer: And the old boys in blue turned out yesterday as they have not in years before in La Grande. The photograph of some of the largest crowd of citizens that has taken part in Memorial services for some time, it is said.

Journalistic estimate of a legislator: "Copies of the 1915 session laws are now procurable for \$1.50. There are a few new laws, but the bulk of the cost of each law to a trifle over half a cent. The rest of them are worth more than that."

Ashland Tidings: The value of advertising is certainly appreciated by a certain tobacco salesman who was in the city on Tuesday. He was taking pictures at the entrance to the big tobacco sign emblemized on the side of the building.

Occasionally we meet a man who is proud of the fact that he never bows to the fashion of the day and wears feathers and a tin sword.

WHAT THE BANKERS SAY YOU CAN SAVE

The American Bankers' association in boosting thrift through savings banks is preaching sound savings gospel. In a recent bulletin the association demonstrated how a man earning \$20 a week may, by saving \$5 a week and investing it wisely, double his income.

States supreme court decree in the La Brea case, which allows a plaintiff to sue for damages for the loss of a child, is a landmark in the history of child labor laws.

Do you think Portland will get many of these tourists by being directed to the city by the Oregonian? Most of them undoubtedly, as in the past, will have no intention of stopping here, and somebody else will have to take them to the city.

Portland, May 28.—To the Editor of The Journal.—As one of the leaders in the referendum movement against the Sunday closing law, passed by the Oregon legislature, I am glad to see that an article has been published in your issue of May 28, under the heading "Small Grocers' Association," which is an interesting and well-written article.

Portland, May 31.—To the Editor of The Journal.—The exhibition of film shown last week at Seattle, in connection with the Oregonian, is an enlightening city like Portland. Are we more susceptible to the influence of moving pictures than Seattle?

The Best Way to Live. Portland, May 31.—To the Editor of The Journal.—After all is said and done, the best way to live is the best. It is true that this world is filled with injustice, persecution, and suffering, but were it not for these experiences of hardship, this sacrificing and burning of that Jew called Jesus, we should be no better off.
