

What Society is Doing

BY NONA LAWLER

LITTLE QUEEN ELIZABETH CELEB, queen of the Irving children's parade, is the center of attraction in preparation for the kiddies' big event in that pretty suburban district tomorrow. The tiny three-year-old queen will ride in a state seated on a float not much bigger than herself. Irvington's best blossoms will deck every conceivable kind of a go-cart, push cart, velocipede, tricycle, bicycle, roller-coasters and every sort of wagon that rolls for the children. The parade will move at a quick with a short march of about light blocks and promises to be one of the most unique events of the festival.

The Sherwood Greyhounds will play against the Sanitarium Groundhogs, and perhaps the Hood River Whoopers. Grounds are free to all Odd Fellows and friends.

Big Chief Fooled Ober.

Ober, manager of the Portland hotel, was taken into the Blackfoot tribe of Indians from Glacier Park last night in the lobby of the Portland by the group of Blackfoots now in the city attending the Rose Festival. Minnesota to Sail Under Alien Flag
Rumor Says Great Northern Liner Will Be Sold to Other Interests on Account of New Seaman's Law.
Seattle, Wash., June 11.—(P. N. S.)—Although unconfirmed by official announcement, rumors are prevalent in shipping circles here that the Great Northern Steamship company's liner Minnesota will change its registry and sail under the flag of some country other than the United States when the new seaman's law goes into effect on November 1. Such action would remove from the American merchant marine its greatest carrier. The provision of the seaman's law, which requires all members of a ship's crew to speak the language of its officers, is the one held responsible for the rumored intention of the owners of the Minnesota. To replace the Chinese and other orientals now employed on the Minnesota, it is stated, increase the operating expenses of the ship by at least \$2,000 per year. Rumor states that the Minnesota, to avoid this added expense, will transfer her registry to the British flag or will be sold to other interests. The Minnesota, according to word received here, will leave drydock at Nagasaki, where she has been for several weeks following her grounding off the coast of Japan today, and is expected in port here on July 5.

Agnes Patch Takes First Money in Pace
San Francisco, June 11.—Facing two heats in time close to the 2:21 mark, Agnes Patch, with Macey up, captured the 3-year-old pace event of yesterday's Panama-Pacific International Exposition program. Ore Lou took second money and Rodney Patchen was third. Bon Cres coming back strong in the second and third heats won the 2:25 trot. Baron Todd was second. Agnes Carter won the 2:20 Driving club trot. The summary: Three-year-old pace, 2 out of 3 heats, purse \$3000: Agnes Patch (Macey), 1, 1, first; Ore Lou (Blackwall), 2, 2, second; Rodney Patchen (Dryder), 3, 3, third. Harry Wolverton Is Hurt Cranking Car
San Francisco, Cal., June 11.—(U. P.)—Seriously injured and with a possible puncture of the lungs, Harry S. Wolverton, manager of the San Francisco baseball club, is confined to St. Luke's hospital today where he was taken following an automobile accident in which he received three fractured ribs, a broken clavicle and a number of deep gashes. Wolverton attempted to crank his automobile when it started down a steep incline, catching his clothing and dragging

him until it crashed into a telephone pole, a block away. Secretary Harry Walton of the Seals announced today that Ray Corhan, shortstop, would assume the duties of Manager Harry Wolverton. Corhan has acted as field captain this season. Conflicting reports regarding Wolverton's condition were heard today. According to the club doctor, Wolverton is resting easily. It was stated at St. Luke's hospital that he is suffering considerably, and that an operation may be necessary. It is feared that the accident will close Wolverton's career as an active player. Spies are reported to have taken photographs of the American coast defenses in the Puget sound. It would seem to be a waste of effort when they could buy picture postcards of 'em for a penny apiece.

Seattle Mayor and Fire Chief Visitors
William Carr Surprised to See Head of Sound City Marching in Parade Here.
William Carr, battalion chief of the Seattle fire department, was a happy

man yesterday. He was in Portland visiting old friends in the Portland fire bureau and viewing the Rose Festival parade. Chief Carr stood on Fourth street applauding and saying he had never seen anything like it before, when a lot of men dressed in white uniforms passed him. He noticed one of the men look at him rather strangely, but continued applauding the pretty girls and floats. Suddenly he recognized the man looking at him. "Hello, there Mayor!" he shouted. "Hello, chief. Are you here too?" "Yep," was the battalion chief's reply. The man he had spoken to was "Bill" Gill, mayor of Seattle. Chief Carr was formerly a resident of Portland.
