### HUERTA DENOUNCES U. S. FOR ARREST ON **CONSPIRACY CHARGE**

Washington Should Treat Generals Villa and Carranza as Criminals, He Says,

### MANY PEOPLE STARVING

Administration Worried Over Food Situation; Friends Say Villa Wouldn't Take Presidency of Mexico.

El Paso, Texas, July 2 .- (I. N. S.)-Bitter denunciation of the United States for his arrest on charges of conspiring to foment a revolution in Mexico, a friendly nation, was voiced here today by Victoriano Huerts, former Mexican dictator. He also pre-dicted that he would be freed when

dicted that he would be freed when his side of the case was heard.

"I want to speak," he said today, "not as Huerts, but as a bystander.

"What right has Washington to give Vilis all of its moral support, allow the buying of munitions, treat him like a little God instead of the bandit he is and at the same time arrest and hold an innocent and patriotic Mexican who visits the border to see his daughter? his daughter?

"I am charged with violating the neutrality laws of this country, but I am satisfied that I will be honorably discharged. If spite work prompts this hostile attitude against me I am surprised; if it is law I do not understand it, and if it is policy then I characterize it as ridiculous.

"Tell me, is there any government in Mexico? No. Well, if there is no government why doesn't Washington treat as criminals Villistas and Carfanzistas who daily meet on United States territory, buy arms here, borrow money and, in other words, depend on the United States for supplies with which to keep up the work of assassination, thievery and pillage in my own fair country. "I went to your courthouse to prove

my innocence. There I was informed that my trial had been postponed to July 12. Why was this? Is it bethe government has nothing

### No Presidency for Villa.

Washington, July 2.—(U. P.)—General Francisco Villa does not want to be president of Mexico. In fact, no man of the Villista faction wants the post. The revolution in Mexico is now a fight by General Carranza to gain control of the government, while the Villistas are resisting in behalf of democratic principles, desiring only to turn the government over to some-one lawfully entitled to the leader-

This was the way General Felipe Angeles, former chief lieutenant of General Villa, summed up the Mexican sitnation in an interview with the United Fress here today.
"The revolution is being fought for

the restoration of constitutional order," said General Angeles. "The new government should be set up by lawful means, so as to have legal sanc-tion. General Villa does not wish the presidency. He would not accept it inder any circumstances. No Villista wants the presidency. We only want a man who is lawfully entitled to the place, even though he only turns over to someone more capable of harmonizing the situation."

In this connection, General Angeles mentioned Casquez Tagle, minister of justice in the Madero cabinet, as a presidential possibility. He blamed General Carranza for delaying peace. "The struggle now has nothing to do with the original causes of the revolution," said Angeles. "It is a fight of one man to gain control of the government, while the Villa group

Washington, July 2.—(I. N. S.)— How best to relieve starvation in Mexireported to be causing President Wil-son and Secretary of State Lansing much anxiety. Intimation was given here that the president will authorize another effort toward inducing General Carranga to allow supplies sent to the capital through a neutral agency.

The exact status of operations be-tween General Pablo Gonzales, Carrangistas forces and the Zapatistas, defenders of Mexico City, is still a matter of uncertainty, however, and intelligent directing of efforts to relieve the non-combatants is consequently difficult.

### Take Food to Mexico City. Galveston, Texas, July 2.—(I. N. S.) —Consul General Shanklin and Red Cross Agent Charles O'Connor have entered Mexico City with two tons of medical supplies, it was reported in a cablegram received here today.

The Americans passed through the lines of the Carransistas and of the Zapatistas without molestation,

Much Corn on Way.

Washington, July 2 .- (I. N. S.)-Consular Agent Silliman today reported that 12 carloads of corn were started from Vera Cruz yesterday toward Mexico City for the relief of the fam-ine-stricken people there. The corn was in charge of Red Cross Agent Gavin, who was provided with an armed escort by the Carranza forces. Carranza's secretary of war ordered that the shipment be given every at-tention to insure safe and rapid trans-

### Peace Plans Off.

Galveston, Texas, July 2 .- (U. P.)-There will be no peace negotiations with General's Villa and Obregon, an official telegram from General Carranza's headquarters at Vera Cruz

stated here today.

General Gonzales defeated the Zapatistas east of Mexico City and captured several cannon and a quantity of mu-nitions, the message said. The defeat of the Villista forces at Lagos was also confirmed.

Red Cross Agent O'Connor and Con-sul General Shanklin have arrived safely in Mexico City with two tons of medical supplies, the telegram said. They passed both the Carranzista and Zapatz lines without interference.

Shields Is Indicted. North Yakima, Wash., July 2.—(P. N. S.)—F. W. Shields, manager of the Valley Fruit and Produce association of Walla Walla, is under indictment here charged with false billing of fruit and vegetable shipments to obtain lower freight rates. The indictments contain 11 counts. Shields is accused of having shipped bulk apples under the boxed fruit classification and that vegetables, coming under a higher classification, were billed as apples. New Linen Store Second Floor
