**School Tax Comes Under New Law**  
Salem, Or., July 2.—The state tax commission has held that a special school tax levied at a meeting held March 28, 1915, is subject to the limitations imposed by Chapter 159, laws of 1915, which became a law May 22, 1915.  
The commission takes the view that Chapter 159 applies to all tax levies which will be extended on the 1915 assessment rolls, regardless of any such levy having been voted or ordered before any particular date.  
Section 7 of Chapter 159 prohibits the assessor from extending on the roll any tax levy in excess of the limitations placed by, or not authorized under the provisions of the act, and makes it his duty to reduce any excessive or unauthorized levy and extend upon the roll only such a part thereof as will comply with the provisions of the act.  
The colony of Tripoli has almost four times the area of Italy itself.
