

PORTLAND PATRIOTS PLAN DIVERS WAYS TO CELEBRATE DAY

Mayor Out Toward Mount Hood; W. M. Ladd Will Split Wood and Bathe.

MANY WILL SIMPLY WORK

Glorious Day at Fall, with Flags Fluttering Through Bars—Auto Trips and Such for Freezers.

Portlanders are going to celebrate the day in many different ways. They have every facility for celebrating the nation's birthday in almost any way they wish.

Many are off today for the woods and picnic grounds; others are headed for the beach where they will disport themselves in the cool waves today and tomorrow; others are to attend the many celebrations that have been planned for the various parks; many will participate in the Americanization day celebration; others will remain quietly at home and others are going to work.

Nothing will be missing in the day's observance except the firecrackers and other explosives which, in years gone by, always took their toll of injured hands and eyes and bodies of little boys and girls who thought the Fourth of July was made for noise and fireworks. They got their ideas from their elders.

But today and tomorrow are to be days of enjoyment without the noise and the danger.

Mayor Albee is spending today and tomorrow with his family out in the Mount Hood region.

Commissioner Daly is going with his family on the Press club excursion to Bonneville.

Commissioner Dick is off with a party of friends for an automobile drive down the Willamette valley.

Commissioner Baker has planned to go with the Press club, but the expected arrival of out-of-town friends today will keep him in the city.

Senator Hasty Lane will participate in the picnic to be held at Kenilworth park tomorrow.

Congressman C. N. McArthur will spend the day in Folk county, where he was raised and where he now owns a farm. He is going to speak at the celebration at Rickreall.

City School Superintendent L. R. Alderman will spend the day on his farm near Dayton, Yamhill county.

J. C. Almsworth, president of the United States National bank, will celebrate at the ball game tomorrow afternoon.

W. M. Ladd, president of Ladd & Tilton bank, said he was going to stay at home and split wood and then take a bath.

A. Miller, president of the First National bank, is going to spend the day quietly in town.

Frank E. Smith, secretary and acting manager of the Chamber of Commerce, is going to stay in town and probably will spend tomorrow at his office at the Chamber of Commerce.

E. D. Hamedall, manager of Lipman & Wolfe, left yesterday with Mrs. Hamedall for Cannon beach, where they will spend two days.

Fred Spoor, manager of the Pacific Telephone & Telegraph company, is going with a party crawlingfish. They will go to the Tualatin river, out from Oregon City.

Franklin T. Griffith, president of the Portland Railway, Light & Power Co., says he is too busy to get away, so he will spend tomorrow in his office.

W. J. Clemens of the Portland Automobile club joined the stream of automobiles bound for Tillamook.

The prisoners of the county jail are to enjoy ice cream and cake as their celebration tomorrow and will be cheered up with a dose of American flags which are to be scattered about the corridors. Sheriff Hurlbert will be at the jail part of the time, and said he intended to spend his Fourth "on duty."

"The front tires of my machine are rather weak and I don't want to buy new ones now, so I guess I'll stay at home," said Judge Morrow.

District Attorney Evans is having no trouble with his tires and will take his family by automobile through the mountains to Bayocoma.

District Judge Dayton has taken his family to the beach, where they will remain during the summer.

Judge Dayton will go later for a month.

County Treasurer Lewis will enjoy a picnic at Mattinger park.

Assessor Reed will study budget laws. His family has deserted him for the beach.

Judge Kavanaugh will speak at Kenilworth park and stay at home the rest of the day.

County Auditor Martin has already started for Mt. Hood and will be a number of days on the beach to celebrate with the waves.

Judge Gantenbein is to visit the Hood River ranch which is his pride and joy.

Judge Mechem doesn't want to stop work out at he would stay at home, as others did not appear anxious to work Monday.

County Commissioners Lightner and Holbrook will be at home; Coffey will celebrate quietly at home.

CHILDREN ARE READY FOR FLAG DRILL

Residents of the Kenilworth Park district have united in the preparation for a big Independence Day tomorrow at Kenilworth Park, near East Thirty-third street and Gladstone avenue. The celebration will be in the nature of a community picnic, beginning at 10 a. m. and continuing through the day till 7 p. m. The morning will be devoted to games and sports, the early afternoon to the reading of the Declaration of Independence and addresses, and at 8 o'clock Campbell's American band

remain during the summer. Judge Dayton will go later for a month. County Treasurer Lewis will enjoy a picnic at Mattinger park. Assessor Reed will study budget laws. Patriotic Orders To March in Body To Attend Events

The Grand Army of the Republic, Women's Relief Corps, Ladies of the G. A. R., United Spanish War Veterans, Ladies Auxiliary to the S. A. W. V. and the Sons of Veterans Drum Corps will assemble at 8 o'clock courthouse promptly at 8 o'clock tomorrow morning to start for Multnomah field. Officers and rank and file are urged to report early and get in line, according to orders of the committee and the marshals.

Monday, July 5, with festivities lasting the entire day. Other river points, including Richland, Hanford, Kennewick and Pasco, have been invited to attend and participate in the celebration. Contests and a recreation program have been prepared. White Bluffs and Priest Rapids will play baseball. An old time picnic dinner will be held. Horse races and foot races will be run and dances will be given in the afternoon and evening.

Goremykin Ministry In Accord With Duma

Petrograd, July 3.—(I. N. S.)—Transformation of the Goremykin ministry in a manner that all members may be expected to work in entire accord with the Duma, has been carried out, which is another important step forward. Like M. Maklakoff, the reactionaries, Shestegouloff, minister of justice, and Sabler, procurator of the Holy synod, have been dismissed and superseded respectively by former Assistant Justice Khovostoff and the leader of the Moscow conservatives, M. Samarin.

It is understood that M. Park is to be retained as minister of finance, instead of going to the ministry of commerce and industry. There is some doubt whether the

Non-slipping tongs to handle cuspidors by inserting the points in their openings have been patented by a Kans.

Forest Grove, Or., July 3.—Many of the small towns of Oregon are preparing to celebrate the Fourth of July this year. Forest Grove has decided not to celebrate, as Hillsboro, the county seat, has already made preparations for a three days' celebration, and most of the citizens of this city will go there. The leading attraction for the day is a parade, which will be a series of aeroplane flights, and as but few of the people of the county have ever seen a heavier-than-air machine, this attraction will probably draw many thousands of people.

Balm Grove, in the Gales Creek section, will give an all day program July 3, and many of the citizens of Forest Grove will attend.

Later Date at Pendleton. Pendleton, Or., July 3.—Pendleton will make "Liberty Day" take the place of the Fourth of July this year. On July 12, the historic old relic will pass through the city, and in honor of the occasion, the city will give a proclamation suspending business during the afternoon. A special committee is working to make the day one of festivity, and a large crowd is expected from over the county. One of the features of the day will be the baseball game for the championship of the county between the Pilot Rock team, winners of the Blue Mountain pennant, and the Athena team, winners of the East End league pennant.

Halsey Has First One. Halsey, Or., July 3.—Though over 35 years old, Halsey held its first celebration of Independence day today at Smith's grove, one and one fourth miles southwest of here. A splendid program was given, people from Halsey and nearby communities being in attendance. The address of the day was a feature.

Crabtree Has Barbecue. Lebanon, Or., July 3.—A Fourth of July celebration was held today at Crabtree, nine miles north of this city, under the auspices of the Farmers' union organization. A barbecue was a feature of the event and speakers from different parts of the state were heard.

Three Days at Marshfield. Marshfield, Or., July 3.—A three day Fourth of July celebration started here today. The city is crowded and all available accommodations are taken. A parade of decorated automobiles was held this morning, and athletic sports in the afternoon. The crowd will be transferred to the

Serbian Conditions Are Now Improving

Country in Better Shape Than at Any Time Since War Opened. Typhus Is Gradually Dying Out.

By Granville Fortescue. Serbia, July 3.—(I. N. S.)—I have just returned from a 10-day tour of Serbia, which country is better off at present than at any period since the war opened. Crops are flourishing on every acre behind the firing line and the harvest of maize and wheat. Reaping is now under way, such men as could be spared having been sent back from the firing line to use the scythe and flail. Women have done the greater part of the planting and cultivating and continue to do the larger share of the work.

Sanitary conditions throughout Serbia show improvement. The typhus is gradually dying out, with the coming of hot weather, although the foreign physicians and nurses find their progress checked by the indifference of the Serbians to medical supervision. The only danger that now threatens is typhoid, while cholera is a remote possibility.

The conditions are reflected in the state of Austrian prison camps. These on the whole, are well regulated and the men confined in them seem contented.

California Climate Is Dan Cupid's Ally

Why Many Visitors to San Francisco Take Out Marriage Licenses. San Francisco, Cal., July 3.—(U. P.)—California climate is working hand in hand with Dan Cupid, declares Dr. A. J. Reid, of the University of California, who is one of the delegates to the Panama-Pacific exposition, who thus accounts for the marked increase in number of marriages at San Diego and San Francisco during June.

"Most of the exposition visitors are of a venturesome temperament and are more prone to marry than a settled person," the doctor explained. "Many persons, when given a change of environment, think immediately of matrimony. That probably is why there is such an increase in the number of marriages in San Francisco."

Body of Suicide Found.

San Francisco, July 3.—(P. N. S.)—The body of a man, believed to be Henry Rentermann, tailor, was discovered in Golden Gate park today by William Landley, a young boy. Rentermann evidently had committed suicide, a gaping hole in his head and an empty revolver by his side furnishing evidence of the means of death.

Speeding Machine Turned a Double

Roseburg, Or., July 3.—Last night, as C. E. Burkett, driving north in his automobile at a high rate of speed, was crossing a small culvert just south of Roseburg, he ran a hole in the road, the culvert, turning his machine over twice. Burkett was thrown nearly 100 feet. He was badly bruised, but escaped otherwise unharmed.
