

CHAMBER WILL FILE PROTEST AGAINST THE NEW FREIGHT RATE

Steel Industry of Northwest Menaced by Increase, It Is Declared.

Only a few days in advance of the effective date, the transportation bureau of the Chamber of Commerce yesterday decided to protest the new distributive freight rates on structural iron and steel, announced to take effect July 15. The railroad had not sent out the tariffs announcing the rates until too late to allow a protest earlier. The rates are considerably in advance of present rates into Portland's distributive territory and the bureau believes they will seriously cripple the iron and steel industry of the northwest if allowed to become effective.

Protests will be filed with the interstate commerce commission and the Oregon public utilities commission, with the request for a hearing and an order postponing actual application of the rates until the facts can be presented.

The railroads have raised the local rate from Portland to Spokane from 30 to 40 cents per 100 pounds. Rates to other points are correspondingly higher. The effect of this is to narrow the margin of difference between the rail and water rate from the Atlantic seaboard through Portland and the all-rail rate from Atlantic seaboard direct to Spokane. This latter rate is to be 40 cents per 100 under new tariffs about to apply. Considering the close margin on which steel products are sold, the chamber has concluded that the increased local rate from Portland and the decreased all-rail rate from the east would be disastrous.

Eastern Realty Men Are Guests

Travelers Greeted With Shower of Boxes on Their Arrival From San Francisco.

A score of prominent eastern realty men, including Walter C. Piper of Detroit, president of the National Association of Real Estate Exchanges, and A. S. Taylor of Cleveland and S. S. Thorne of Minneapolis, ex-presidents, are being entertained today by the Portland Realty club. They arrived yesterday aboard the steamship Great Northern from San Francisco to Flavel, and arrived in Portland last evening. They are traveling from Los Angeles, where the national association held its convention recently, back to their homes, and will leave Portland this evening.

When the party reached their headquarters at the last night, a large number of local realty men were on hand to greet them and shower them with quantities of Portland roses.

Last night they were entertained at a dancing party at the home of Dorr E.

Kearney, and this forenoon was spent touring Portland in automobiles. This afternoon they are enjoying a sight-seeing journey over the Columbia highway as far as Crown Point, with a royal chook dinner at the Chanticleer Inn. They are accompanied by a number of local realty men. Their return is timed for the 5 o'clock train for Seattle, on which they will depart.

Highway Board to Visit in Lane

Section of Pacific Highway, Claimed One of Best Strips in State, Will Be Inspected in Near Future.

Eugene, Or., July 8.—The members of the advisory board of the state highway commission are expected in Eugene July 12 or the next day on a trip over the Pacific highway for the purpose of inspecting it and to interview the county court in regard to improvements and maintenance.

A letter was received yesterday by County Judge Harry L. Brown from E. F. Cantine, deputy state highway engineer, conveying this information and asking that the members of the county court meet the members of the advisory board at the county line and accompany them over the highway through Lane county.

The members of the board are S. Benson, Portland; J. H. Albert and Leslie Butler.

The letter from Engineer Cantine states that the board will go as far as the state line over the Pacific highway and return north by way of central Oregon.

Judge Brown said yesterday that the members of the board will be met by members of the court and escorted through the county.

Lane county can boast of one of the best sections of the Pacific highway in the state. A large part of it consists of water bound macadam and three miles of it, extending through the city of Eugene, is hard surfaced pavement.

Roseburg Postoffice Shows Big Gain

Roseburg, Or., July 8.—According to figures made public by Postmaster Reizenstein, the Roseburg postoffice during the fiscal year ending June 30, 1915, broke all records in its history. Total receipts and percentage of gain. From the previous highest mark of \$20,841.83, as the gross receipts at the end of June 30, last year, the total receipts of the office leaped upward during the following year to a total of \$25,414.83, a gain of more than 21 per cent.

Postmaster Reizenstein figures that the net proceeds remitted to the government from the Roseburg office as profit amounted in all to \$11,070.

The Roseburg postmaster also has received authorization to have all mail for lock boxes placed in such boxes on Sunday the same as on all other days.

During the last three years the delivery of mail on Sundays in first and second class postoffices has been restricted by law to boxes used by newspapers and hotels and to special delivery matter.

Woman Aids in Holdup.

Los Angeles, July 8.—(P. N. S.)—With a woman as his companion, an auto bandit early today held up and robbed Dick Leveridge, a jitney bus driver, of \$575. The couple boarded the bus downtown and when the southern edge of the city was reached, robbed the driver.

Accident Undoes Operation Result

Miss Dorothy Abbott of Bend, Or., Sent to Hospital After Hip Dislocation, Result of Auto Accident.

Centralia, Wash., July 8.—As the result of her automobile being struck by the machine of W. E. Brown on a county road south of Centralia, Miss Dorothy Abbott, daughter of E. M. Abbott of Bend, Or., will have to undergo another operation for hip trouble.

The girl had suffered with hip dislocation from birth, but the trouble had been remedied after a successful operation by a noted specialist. She was confined to her bed for 10 months just been released when the auto accident occurred. The operation will now have to be performed again.

The injured girl's father came here from Bend and will remain until she is well again. Tuesday he traded his ranch near Bend for local business and residence property.

Abe Rosten Sentenced.

Hood River, Or., July 8.—Abe Rosten, who was bound over by the justice court to the grand jury for receiving stolen property, was indicted by the grand jury and pleaded guilty.

Many contracts for the erection of new buildings in place of the structures damaged in the recent earthquake were let here today, following a report by a commission composed of architects to govern future construction. The architects' report showed that 135 buildings were damaged in El Centro by the shocks which rocked the Imperial valley.

EL CENTRO IS REBUILDING

to the charge. The young man was sentenced to serve a term of not less than six months nor more than five years in the penitentiary. Rosten is a Portland boy. A not true bill was found against Allen Hart, accused of carrying concealed weapons.

CARPENTERS SEEK PEACE

Chicago, July 8.—(P. N. S.)—The carpenters' strike, which has been on since April 15, will be settled within a few days. The carpenters' district council last night arranged for a committee to take full charge of negotiations to end the strike. The committee will meet today and organize. A sub-committee will be named to meet the material dealers to consider a plan of arbitration. The conference will be held this afternoon.

EL CENTRO IS REBUILDING

El Centro, Cal., July 8.—(P. N. S.)—Many contracts for the erection of new buildings in place of the structures damaged in the recent earthquake were let here today, following a report by a commission composed of architects to govern future construction. The architects' report showed that 135 buildings were damaged in El Centro by the shocks which rocked the Imperial valley.

SHOE SPECIAL

FOR FRIDAY AND SATURDAY ONLY

100 S. & H. Green Trading Stamps With Each Purchase Amounting to \$4 or Over

Quality Wins

In the race for business many firms buy shoes which "LOOK LIKE" high-grade shoes, copying the lasts, styles, etc., so that to the average citizen they LOOK LIKE good shoes.

It is only after they are worn that the difference is discovered, for such shoes soon lose their shape and often cause burning, aching feet.

Many of these shoes are stitched on the inside and, in order to deceive the public, a covering is pasted over these stitches, but after being worn that covering will not prevent the stitches chafing the feet.

This firm will not sell such shoes. Only high-grade welt shoes are sold by us, as we sell SHOE SATISFACTION in every sense of the word, and our established trade has been secured by giving the public the BEST SHOES MADE for the money.

We maintain that the CELEBRATED HANAN SHOE IS THE CHEAPEST SHOE ANY MAN OR WOMAN CAN POSSIBLY BUY, although the first cost is higher than many others. They have stood the test for over fifty years. Try a pair.

Ask the man or woman who wears them.
