Gladstone Park, Or., July 9.—The Oregon system of popular government was praised by A. A. Franzke last night in his lecture, "The Spirit of the Rockies," at Chautauqua. The lecturer argued for efficiency in state legislative and administrative matters. Charlotte Bergh made her debut to the Chautauquians last night. She sang so pleasingly that she was called back again and again. Her final song was a program with "The Last Rose of Summer."

Wispeter's Royal Hungarian orchestra was heartily received. The "jinx" was certainly taken from the number 13 Thursday at the eugenic test of the Oregon Congress of Mothers and the Parent-Teacher associations. Thirteen fat, chubby babies were entered. Not an accident occurred and every one of the 13 scored high, the lowest tally being 9 1/2. Gladstone came to the front as the baby town. The two highest scores were held by Elizabeth Ann Ross, daughter of Mr. and Mrs. W. A. Ross, and Helen Faye Stevers, daughter of Mr. and Mrs. Charles Stevers, all of Gladstone. Each held a score of 9 1/2.

Other babies entered and their scores are as follows: Serfiner Donald Webb, Mr. and Mrs. S. E. Webb, 9 1/2; James Berkeley King, Mr. and Mrs. Berkeley King, 9 1/2; Ruth Emma Naef, Mr. and Mrs. Ernest Naef, 9 1/2; Noble Dutton, Mr. and Mrs. D. L. Dutton, 9; Dorothy Jane Stevens, Mr. and Mrs. Samuel Stevens, 8 1/2; Samuel Lovejoy Jr., Mr. and Mrs. Samuel Lovejoy, 8; Morris McAnulty, Mr. and Mrs. Frank McAnulty, 8; Ellen E. Dixon, Captain and Mrs. H. E. Dixon, 8; Donald E. Randa, Mr. and Mrs. H. E. Randa, 8; Donald M. Charters, Mr. and Mrs. O. H. Charters, 8; Bernard Hubert Smith, Mr. and Mrs. Hubert Smith, 8. Another eugenic test will be held July 14.

Mrs. Emma B. Carroll will speak at the Congressional Union for Women Suffrage headquarters this afternoon at 4 o'clock. Headquarters were opened yesterday afternoon with Virginia Arnold, state organizer, in charge. Mrs. Lora C. Little addressed an audience yesterday afternoon and told of the growth of the suffrage movement. President C. J. Bushnell, of Pacific university, gave his lecture, "The Efficient Use of Our Human Resources." This was the second of his popular lectures on the social problem in the United States.

Girl Climbs to Top of Old Mount Hood. Recent School Graduate of Portland Performs Feat Which Is Great to Strong Man. The feat of climbing Mount Hood was performed by Miss Esther Huslage, aged 15, daughter of Mr. and Mrs. W. McFadden of this city. Miss Huslage, who is a recent graduate of the Richmond public school, feels none the worse from her experience despite the fact that she was unused to so strenuous an exercise. July 4 she started out from Government Camp with a party of friends, all men with the exception of Miss Allice Leedy, and walked the four miles to the snow line and then climbed to the top, keeping up with the guide without any difficulty. The guide paid the girl a high compliment.

TOWNS ALONG RIVER HIGHWAY WELCOME THE FIRST TRAVELERS

Mayor and Citizens of Goldendale Greet Portland Party and Predict Prosperity.

White Salmon, Wash., July 9.—The ceremony of opening the Columbia River Highway to travel practically ended here yesterday with the arrival of Governor Withycombe and the Portland party that made the first trip over the highway. Leaving Maryhill early in the morning the party motored to Goldendale, where it was met by the mayor and leading citizens in an informal way. After a few minutes' visit the party left for White Salmon by way of Lyle and Appleton under the pilotage of N. E. Brooks.

The road was found to be in fairly good condition as the result of the large amount of work done by the county this season in this end of Klickitat county. On its arrival here at 2:30 p. m. the party was conducted to the "Elyria" overlooking the river, where a luncheon was served by the members of the White Salmon Commercial club.

WALLA WALLA WHEAT CROP WILL NOT BE MUCH UNDER NORMAL

Eureka Flat Showing This Section Is Somewhat Better Than in Foothills.

CITY IS VERY PROSPEROUS

Turkey Red and Hybrids Are Growing Bluestem From the Fields; Harvest Is On.

By Hyman H. Cohen. Walla Walla, Wash., July 9.—Last year Walla Walla county harvested about 5,000,000 bushels of wheat. This season indications are for a yield of approximately 4,750,000 bushels. While the damage to the crop is somewhat greater than these totals would indicate, the difference is made up in the increased area sown for the present harvest. In the better land sections growers will sow two crops because better prices than usual are in sight. On the upper Eureka Flat the increased area is large. It is one of the erratic showings of the wheat crop this season that generally the outlook on Eureka Flat is somewhat better than in the foothills. The foothills usually produce the larger crop. Wheat on the Flat has been less than that in the foothills. Most of the wheat planted on Eureka Flat this season is Turkey red, which stands hot wind better than can other varieties. Those not favorable to Turkey red have sown the hybrid and between the two Bluestem is being crowded from the field. Harvesting has begun in earnest in the Eureka Flat district.

Walla Walla is prosperous. There are fewer vacant stores in the city it is declared than in any other city of its size in the northwest. Business men say they have not the slightest cause for complaint. Most of them say that trade is at its best in four or five years.
