LIBERTY BELL PLAN IS COMPLETED AND BIG WELCOME WAITS

Salutes Will Sound From Many Whistles, When the Relic Enters City.

SPECIAL CAR PROVIDED

Exhibition of Bell Will Commence at 7 A. M. Thursday and Last Until 11:30.

The Liberty Bell will arrive in Portland Thursday morning but Portland today is ready to welcome it with a demonstration greater than in any other city on its route from Philadelphia to the exposition at San Francisco.

The completeness of preparations was shown in committee reports at a general meeting in the mayor's office yesterday afternoon.

The Liberty Bell will arrive at 6:30 o'clock Thursday morning at the Union Depot.

In response to special request by the mayor whistles will be sounded in celebration when the train enters Portland.

W. H. Crawford, Portland representative of the engineering firm of which C. C. Moore, president of the Panama-Exposition, is head, will go to Seattle tomorrow that he return with and learn the wishes of the Liberty Bell party.

Special Car Furnished.

The Liberty Bell will be carried in its special car on the Fourth street tracks of the Portland, Eugene & Eastern railroad to a point opposite the courthouse where it will be uncovered and viewing platforms will be erected on each side.

Exhibition of the Liberty Bell will begin about 7 o'clock and, continue until 11:30 a. m. Sons of the American Revolution will distribute leaflets telling the story of the bell.

The Liberty Bell party of distinguished Philadelphians will be taken immediately to the Hotel Portland for breakfast. Mayor Albee will make a brief address of welcome. There will be a tour of the city in automobiles.

To Review Parade.

The Liberty Bell parade of 2000 school children, patriotic societies, veterans and others will be reviewed by the Liberty Bell party. The parade will begin at 10 o'clock Thursday morning. The line of parade was revised yesterday by a special committee consisting of George L. Baker, Robert Krohn and Judge C. U. Gantenbein, and the route will be:

Form at Tenth and Yamhill; east on Yamhill to Broadway; north to Oak; east to Sixth; south to Taylor, east to Fourth; south over the Liberty Bell platform and on to Main street, thence to West Park, south to Columbia and Halsband. This routing will prevent interference with traffic on Fifth street, which will probably be congested by crowds desiring to view the liberty Bell.

WOMEN LIBERTY BELL AIDES

Top, left to right—Mrs. G. J. Frankel, president Portland Woman's club; Mrs. James N. Davis, regent Multnomah chapter; Mrs. Isaac Swett, president Council of Jewish Women.
Center—Picture of famous Liberty Bell, which will arrive Thursday.
Bottom, left to right—Mrs. Isaac Lee Patterson, state president, D. A. R.; Mrs. John H. Bagley, regent Willamette chapter; Mrs. John F. Beaumont, retiring state regent.

The aesthetic side is being carefully considered in the plans for the entertainment of the Liberty Bell party due in Portland Thursday morning. Mrs. G. J. Frankel, president of the Portland Woman's club, and the Monday Musical club, the one woman named by Mayor Albee to serve on the committee of prominent citizens who will do the honors on the occasion of the visit of this distinguished party, has selected as her assistants four women prominently identified with the Daughters of the American Revolution, which organization is especially interested in the preservation of historical relics, and the president of the largest organization of Jewish women. These women are: Mrs. Isaac Lee Patterson, state regent of the D. A. R.; Mrs. John F. Beaumont, retiring state regent; Mrs. James N. Davis, regent Multnomah chapter; Mrs. John H. Bagley, regent Willamette chapter, and Mrs. Isaac Swett, president of the Council of Jewish Women.

Mrs. Frankel and her assistants have chosen as their special part of the work in entertaining the Liberty Bell party the decoration of the tables for the breakfast, which is to be given at the Portland hotel Thursday morning at 8 o'clock. Sweet peas, which are just now at their height of beauty, will be furnished by the members of the Daughters of the American Revolution. Martin & Forbes will furnish 40 choice rosebuds, one of which will be placed at each plate for a boutonniere.

Before the departure of the party for San Francisco, the women will decorate the private cars with a wealth of peas, tying a bouquet to the end of each seat, thus forming an isle of posies for the easterners to pass through.

LIBERTY BELL STOPS AT SPOKANE WHERE 80,000 SEE THE RELIC

(Continued From Page One.)

will be at Wenatchee, at 5:30 this afternoon.

Pendleton Does Honors.

Pendleton, Or., July 13.—Several thousand people gathered in the O-W. R. & N. yards Monday evening to view the Liberty Bell in its passage through this city to the Panama-Pacific fair. The special train was over an hour late in arriving, not reaching Pendleton until 6:45. Nevertheless, the crowd waited and cheered lustily when the strain rolled in. The band was at hand and played patriotic airs during the time the train remained in the yards. Platforms were built on either side of the track so that the crowd could view the historic relic close at hand. Fifty special police were on duty to conduct the crowd in orderly procession.

Roseburg Getting Ready.

Roseburg, Or., July 13.—That more than 6000 people will view the Liberty Bell when it stops for 15 minutes in this city Thursday evening is the estimation of those in charge of the affair. In order that the work of handling the crowds may be facilitated and the people kept moving so that all may have a close view of the historic bell during its short stop here, 20 citizen police have been appointed to take charge of the crowd.

Those appointed as special police are: B. S. Nichols, M. C. Burleson, Joseph Murphy, S. S. Josephson, Roy Roadman, Harry Pearce, J. W. Perkins, A. J. Lilburn, W. H. Fisher, Henry Harth, S. J. Shoemaker, H. T. McClallen, Roscoe Green, A. C. Marsters, L. Wimberly, J. F. Barker, T. E. Singleton, Ross Goodman, Bert Sutherlin and Clark Bargar.

An inclined platform will be built on each side of the railroad track near the Commercial club exhibit building, and the car bearing the bell will be halted between these. The crowd will be divided into two columns of twos, one column composed of those under 18 years of age to pass over the west platform and the other column over the east platform. Heading the column to pass over the east platform will be the veterans from the Oregon Soldiers' home, and they will be the first to see the revered bell here.

In a roped-in inclosure beside the bell's stopping place will be the Roseburg juvenile band, which will play patriotic music.

Cottage Grove Thankful.

Cottage Grove, Or., July 13.—Elaborate preparations are being made for the reception of the Liberty Bell here Thursday. Business houses will be closed that afternoon and the postoffice will probably be closed during the time the bell is in the city. Whistles and bells will announce the approach of the special train bearing the precious relic and a parade of business men, members of the Commercial club, the militia company and other organizations, probably headed by school children, will march to the Southern Pacific station, where the national colors will be prominently displayed.

A suitable resolution thanking the city council of Philadelphia for stopping the bell here, which was adopted by the Commercial club last night, will be presented to the party in charge.

The Dalles Wants It.

The Dalles, Or., July 13.—Through the efforts of Mrs. Alexander Thompson, president of the Sorosis club, W. S. Nelson, local O-W. R. & N. agent, and Mayor J. E. Anderson, the famous old Liberty Bell may be exhibited in The Dalles this week. Although The Dalles is not in the itinerary of the bell, it is possible, if the plans of the local patriots are successful, that the bell will be brought to this city from Portland.

At Albany Thursday.

Albany, Or., July 13.—The Liberty Bell will stop in Albany for 15 minutes on Thursday, July 15, according to information received by J. H. Robnett, president of the Albany Commercial club from the chairman of the Liberty Bell delegation.

Arrangements have been made to hold a patriotic program preceding the arrival of the bell. The Albany Pheasants will be out in full uniform to greet the relic and its attendants and will salute with the famous "Pheasant Crow."

A platform is being erected for people to pass over as they view the bell and all details for handling the crowds in rapid order are being made. Large numbers from Corvallis, Lebanon and small Linn and Benton towns are expected to be here to see the bell.

The train bearing the bell will leave Salem at 2:30, arriving in Albany at 3:15, and after remaining 15 minutes will depart for Eugene at 3:30.

Must Take Children Home.

Children who will participate in the parade will be brought down free through special arrangement with the Portland, Railway, Light & Power company. No arrangement, however, has been made to take the children home again and the parents of the children are expected to meet this responsibility.

When writing or calling on advertisers, you will confer a favor by mentioning The Journal. (Adv.)

Faith That Has Never Waned

Such is the reputation back of the Case "30." For over 72 years men and their children and their children's children have placed their confidence in the name—Case.

This alone signifies that the Case Car is one of reliable value. Such faith means much to thoughtful buyers. Yet men want this Model R for other reasons, too.

Some men know about our immense plants—how our long experience has taught us that quality, which keeps our faith, must come first. And how we can put values into the car because our resources enable us to save where others must spend.

THESE SAVINGS ARE YOURS

Some men know that the Case has no heavy burden of selling costs because our cars are sold by our own world-wide sales organization. This enables us to save where others must spend.

Case owners are our greatest asset. Their enthusiasm is founded on fact. Its contagion is remarkable.

So when value is matched against price, and reinforced by performance and reputation—you can make no wiser step than being one of the few who can get this car this season. You will make an unusual investment.

WHAT CAR SO COMPLETE?

Consider the extra equipment that is included in the first cost of the Case—such as *extra tire and tube on rim with tire cover, Weed non-skid tire chains and 8-day clock.*

Let us prove by demonstration the worth of this world-praised car. Here on the floor and out on the open road, you can learn for yourself its vital superiorities—the features that insure you a quality car at the lowest possible price with the most modest upkeep.

"Better be safe than sorry."
