On the subject of the exposition the senator was inclined to be voluble, declaring that the Canadian and California exhibits alone are of sufficient worth to justify the expense of a trip across the continent.

wards the purchase of a NEW PIANO or PLAYER PIANO in any of the chains of EILERS STORES.

Arrange these figures so they total "15" in every direction, up and down, and sideways, and, perhaps, also diagonally.

WHY THE "15" PUZZLE?

This great offer is made in an effort for piano manufacturers to reduce costs of selling pianos. The old methods of paying solicitors, teachers and agents' commissions, magazines and theatre program advertising or engaging the great artists to play their pianos in public, are too costly and the retail purchaser must eventually pay this cost in the additional price,

We are to use a portion of such advertising allowance money in a profit-sharing campaign, thus mak-ing an unusually attractive offer direct to the purchasef.

"15" PUZZLE MEANS SOMETHING

This great "15" puzzle is made to specially emphasize the fifteen noteworthy types of instruments that are contained in the Eilers Music House exhibit of ultra modern musical instruments in the Liberal Arts Palace of the P.-P. I. E., where every instrument competing with every manufacturer of this or foreign countries received highest honors.

This exhibit is the most extensive ever made at any International Exposition. It is the largest in-dividual exhibit in the Liberal Arts Palace, with the

exception of the government's. This unique "15" puzzle is to call attention partic-ularly to 15 different types of instruments in this great Ultra Modern Musical Instrument Exhibit, namely:

The genuine Chickering Baby Grand Player Piano. The genuine Chickering Anniversary Grand. The genuine Chickering Artigraphic Electric Ar-

tist Reproducing Piano. The genuine Chickering Player Piano de Luxe

with flexotone device. The Kimball Orchestral Concert Grand Piano.

The Kimball Diminutive Baby Grand Plano, The Kimball American Home Plano.

The Kimball Player Piano. The Eilers Duotonal Double - Sound Board Piano.

The Autopiano Human Touch Player Piano. The Bungalow Player Piano.

The Smith & Barnes Professional Service Piano. The old-time honored Decker Artist Model Piano. The exquisite Haddorff Virtuoso Piano. The splendid Marshall & Wendell flexotone Player

Pianos. These instruments comprise the world's foremost achievements in high-grade Pianos, and are sold only by Eilers Music House, the nation's foremost distributors of pianos, whose motto, "Every transaction must be satisfactory to the purchaser," has built up a patronage twice greater than any other concern.
