Salt Lake City, July 24.-Manager McCredie's peculiarly going Beavers made it four out of five from Salt Lake by taking yesterday's game, 6 to 3, mainly because Big Bill Stumpf clouted out a couple of homers and started onslaughts that chased three pitchers from the box. The big infielder hit the ball out of the lot to start both the fourth and the eighth drning. He also got a double and the official scorer could have called another one a hit without hurting his

Portland had taken a one run lead in

COBACCO satisfied—a clean, small L chew. It's the Real Tobacco Chew. So satisfying and comforting that men are glad to hear about it. And then when they've found it their next impulse is to see that their friends get the good news, too.

A little chew of pure, rich, mellow tobacco—seasoned and sweetened just enough—cuts out so much of the grinding and spitting.

THE REAL TOBACCO CHEW IS NOW CUT TWO WAYS!! W-B CUT IS LONG SHRED. RIGHT-CUT IS SHORT SHRED.

Take less than one-quarter the old size chew. It will be more satisfying than a mouthful of ordinary tobacco. Just take a nibble of it until you find the strength chew that suits you, then see how easily and evenly the real tobacco taste comes, how it satisfies, how much less you have to spit, how few chews you take to be tobacco satisfied. That's why it is The Real Tobacco Chew. That's why it costs less in the end. The taste of pure, rich tobacco does not need to be covered up. As seems of licorice and sweetening makes you spit too much.

One small chew takes the place of two big chews of the old kind.

(Notice how the salt brings out the rich tobacco taste.)
