Senator Lane Caught in Act of Smoking Cigar in Seat of Tobacco's Deadly Enemy

Oregon Solon Tells of Laughable Experience He Had With Senator Tillman Before South Carolinian Secured Passage of Resolution Prohibiting Them in the Senate.

Senator Harry Lane loves good black cigars just as much as Senator Ben Tillman (Pitchfork Ben) of South Carolina hates them. Tobacco smoke is soothing to Senator Lane, while it makes Senator Tillman sick. When Lane first went to the national capital as a senator from Oregon he was anxious, naturally enough, to make a good impression on the leaders in the great legislative body. Senator Tillman is one of the leaders, and Lane was particularly anxious to make a hit with him. Position of Singing Parson Is Sustained

Wine of 12 Members of Official Church Board Sign Statement in Minister's Behalf.

Rev. Frank W. Gorman, "the singing parson," is indorsed in a statement to the public, signed by nine of the 12 members of the official board of Atkinson Memorial church. Not only that, but the statement is being generally signed by members of the congregation—by an overwhelming majority, it is claimed by circulating of the statement, which was prepared at a meeting yesterday. "We wish to say that our pastor was correct in his statement that he had the sanction of his people in his present engagement," says the statement, which continues: "It seems to us that only inspiration can be found in the beautiful song he is giving the public this week, or in the motive of his engagement. It is our pastor's vacation time, and he is in the way neglecting his church. We have only praise for him in his devotion to his mother and his continued effort to help his family. We are voting our love for him, and our continued faith in his leadership. He will be in his pulpit as usual on Sunday morning, and all friends and strangers are invited to worship with us." The three deacons—Charles W. Stubbs, W. B. Bethune and O. Holoway—are criticised in the statement for not voting their disapproval at a meeting July 30, when the matter of Mr. Gorman's theatrical engagement was discussed, and the statement says that its signers disapprove of the three deacons' "irregular and unannounced meeting with the pastor, and of their whole statement to the press."

Robert Yount, president of the Columbia County Good Roads association, was first over it with his party. He says that Multnomah county has nothing on Columbia for scenery. "The road is somewhat rough yet, but is getting in shape fast, and will no doubt be very good at time of official opening, August 12. Plans are being laid to entertain a large party on that day."

TRAIL TO SUMMIT OF LARCH MOUNTAIN IS NEARLY FINISHED

Pedestrians Can Now Use Path Which Opens Up a Section of Scenic Beauty.

The Larch mountain trail which has been under construction for some weeks is practically finished and is now open to pedestrians. The trail supplements the Columbia River highway and opens up a large section of scenic beauty. Beginning at Multnomah Falls the trail winds up the cliffs to the top of the bluff and then skirts what is called the punch bowl.

It discloses a number of waterfalls and cascades along the upper reach of Multnomah creek and from several points a large portion of the Columbia gorge is visible. It passes through virgin forest to the summit of Larch mountain, where a magnificent view of the country for many miles is to be had.

When one of the big ponds was reached containing big fellows, 12 to 15 inches in length, one was caught and passed hand to hand among the blind present. The party through the state fish hatchery, carefully explaining every process in the propagation of fish.

Leaving Portland at 7:50 o'clock Bonneville was reached about 9:30 and after wraps and edibles had been carted to the pavilion Superintendent Wilson took the party through the concrete idea of the work accomplished.

At noon the women in the party served an ample lunch and on the proposal of School Director Plummer a contest was held to test the sense of direction of the blind and those present who had the power of sight.

Messrs. Warren, Atkinson and Plummer were blindfolded and started at the home plate on the baseball diamond to walk toward second base.

Blind Best Men With Sight. Then three blind men tried it—B. O. Carson, R. M. Leahy and J. F. Myers, principal of the school for the blind. Needless to say, the blind men bested the others to a fare-you-well.

Later in the afternoon a short program was given in the dance hall, speeches being made by Secretary Warren for the mayor, Mr. Plummer for the school board and Mr. Atkinson for the railroad company.

The blind present passed a resolution thanking the Portland Press club for the efforts of its committee headed by M. N. Dana in securing the establishment of the blind school and also expressed their thanks to the mayor, school board and the O-W. R. & N. company.

All Sing "America." There was a musical program with solos by R. M. Leahy, Miss Violet Smith and Miss Mildred Howe. And then when the time came to start home all joined in the singing of "America." "It was a great success in every way," said J. F. Myers, who made the arrangements for the outing, on his return last night. "It was, indeed, a splendid success and everyone had the time of his life. We are all very grateful to all who contributed toward making the outing possible."

Noted the commissioners and the congressman. Everybody knows how enthusiastic they are about it.

VISITS STATE HATCHERY

Officials Accompany Party as Special Guests and Take Part in Program.

Bonneville on the Columbia has long been a favorite place for a day's outing, but no picnic party ever more thoroughly enjoyed the day there than did a group of Portland's blind yesterday. It was the annual outing of the Portland school for the adult blind and some of their friends. Special guests of the party were W. H. Warren, secretary to Mayor Albee, who went as the mayor's personal representative; O. M. Plummer, member of the school board, and R. H. Atkinson, city passenger agent of the O-W. R. & N. company.

Together the party numbered 45, five blind persons from the poor farm and two blind men from Gresham boarding the train at Troutdale.

Guests of Railroad Company. The party went as guests of the O-W. R. & N., being given a special car for the trip and use of the grounds at Bonneville. Portland merchants and commission houses furnished ice-cream, cakes, fruits and other delicacies for the picnic lunch.

On the outward trip up the Columbia Mr. Atkinson, who knows the history and legendry of the Columbia river highway as well, if not better than any man in Portland, gave a graphic and interesting description of the scenic spots passed.

The descriptions were so vivid and the lecture really so good, that every blind person on the trip got a comprehensive view of Columbia river scenery despite his inability to see.
