NOTE TO MEXICO SETS TIME LIMIT

Latin-American Nations Join With U. S. in Calling Upon Mexican Leaders to End Strife for Country's Sake.

Washington, Aug. 14.—(U. P.)—In the name of the "most sincere spirit of American fraternity," the United States, Argentina, Brazil, Chile, Bolivia, Uruguay and Guatemala appealed today to the Mexican factional leaders to make peace.

A conference on Mexican soil, but "far from the sound of cannon," to agree on a provisional government and call elections for a permanent constitutional regime, was the specific suggestion. The Pan-American diplomatic representatives who signed the message

asked an answer within 10 days.

The communication, with an introductory note to the Mexican people, was as follows:

INSPIRED BY SPIRIT OF FRATERNITY.

The Mexican people are informed that the following communication has been sent to many prominent persons in Mexico City who possess political power within the republic:

[Original in Spanish. Translation.]

Washington, D. C., Aug. 11, 1915.-The undersigned, the secretary of state of the United States, the ambassadors extraordinary and plenipotentiaries of Brazil, Chile and Argentina, and the envoys extraordinary and ministers plenipotentiary of Bolivia, Uruguay and Guatemala, accredited to the United States of America, acting severally and independently, anaimously send to you the following communication:

Inspired by the most sincere spirit of American fraternity, and con-

vinced that they rightly interpret the earnest wish of the entire continent, they have met informally, at the suggestion of the secretary of state of the United States, to consider the Mexican situation and to ascertain whether their friendly and disinterested help could be successfully outployed to re-establish peace and constitutional order in our sister republic

PATRIOTISM OF LEADERS RELIED UPON.

In the heat of the frightful struggle which for so long has steeped in, blood the Mexican soil, doubtless all may well have lost sight of the dissolving effects of the strife upon the most vital conditions of the national existence, not only upon the life and liberty of the inhabitants, but on the prestige and security of the country. We cannot doubt, however-no one can doubt-that in the presence of a sympathetic appeal from their brothers in America, recalling to them these disastrous effects, asking them to save their motherland from an abyss-no one can doubt, we repeat-that the patriotism of the men who lead or aid in any way the bloody strife will not remain unmoved; no one can doubt that each and every one of them, measuring in his own conscience his share in the responsibilities of past misfortune and looking forward to his share in the glory of the pacification and reconstruction of the country, will respond nobly and resolutely to this friendly appeal and give his best efforts to opening the way to some

MEETING OF ALL CHIEFS SUGGESTED.

We, the undersigned, believe that if the men directing the armed movements in Mexico, whether political or military chiefs, should agree to meet, either in person or by delegates, far from the sound of cannon, and with no other inspiration than the thought of their afflicted land, there to exchange ideas and to determine the fate of the country, from such action would undoubtedly result the strong and unyielding agreement requisite to the creation of a provisional government which should adopt the first steps necessary to the constitutional reconstruction of the country, and to issue the first and most essential of them all, the immediate call to general

An adequate place within the Mexican frontiers, which for the purpose might be utilized, should serve as the seat of the conference; and in order to bring about a conference of this nature, the undersigned, or any of them, will willingly, upon invitation, act as intermediaries to arrange the time, place and other details of such conference, if this action can in any way aid the Mexican people.

TEN DAYS GIVEN FOR A REPLY. The undersigned expect a reply to this communication within a reasonable time, and consider that such a time would be 10 days after the communication is delivered, subject to prorogation for cause. (Signed) ROBERT LANSING
