BY HANGING, TOWEL LOOPED ABOUT NECK

James H, Kouns Found Dead After Acting Strangely for Some Time.

MAN ENDS HIS LIFE

The body of James H. Kouns, draftsman and mechanical engineer, was found hanging in a lavatory of the Hammond Manufacturing company ofhis morning

The body was suspended from a trap near the ceiling. Kouns had lifted his feet in order that the towel looped around his neck might strangle him. The body was stark naked.

Little is known of Kouns, excepting that he is supposed to have been a graduate of the University of Oregon. For a year and a half he had been using the drafting room of the Hammond Manufacturing Co., helping them out in drafting and mechanical engineering work whenever called on. Letters found indicate that he was a

These Manufacturers Know

Wise automobile manufacturers have to know good tiresit is their business to. Next to the motor, the tires on a car are the most vital part of the car.

Next to the quality of the tires, the company behind the tires - the number of tire service stations throughout the country, and tire service given-is the most vital part of the tire subject. Among the many leading automobile manufacturers of the world who have already adopted "Chain Treads" as a part of

their standard equipment, are the following: Buick Dodge Brothers King Grant

Haynes Maxwell

Mitchell

Reo

Wise manufacturers know that it pays them to have their cars reach the buyers equipped with the best of tires, just as it pays them to use the best steel in their chassis, and the best motors that can be produced, etc.—that is why they are giving their customers

Chain Tread" Tires Safety experts acknowledge our rubber chain tread, built on

this powerful modern tire to be an absolutely marvelous antiskid device. "Chain Treads" are not simply a fancy design stamped on a tire—they are real anti-skid tires. Send your name and

address, for a set of Free Tire Record Blanks, to Portland Branch United States Tire Co., 24-26 Fifth Street North
