

### HOPE BULGARIA WILL ENTER WAR EARLY IS ALMOST ABANDONED

Understood Serbia's Concessions Not Sufficient to Draw Nation Into Conflict.

### NEGOTIATIONS CONTINUE

Bulgarians Insist Upon Definite Pledges Which Are Not Forthcoming Thus Far.

Paris, Sept. 2.—(U. P.)—Diplomats today almost abandoned hope of securing Bulgaria's early entrance into the war. Serbia's answer to the proposal that Macedonia be ceded Bulgaria as compensation for the latter's participation on the side of the allies has not been made public, but it is understood to refuse sufficient concessions to induce Bulgaria to depart from her position of neutrality. Serbia is willing to cede some of Macedonia and Greece and Rumania are willing to join a conference to revise the treaty of Bucharest, it is understood. Bulgaria, however, insists upon definite pledges.

Turks Surrounded, Escape. Athens, Sept. 2.—(U. P.)—Escape of a large Turkish force, which had been surrounded by the allies on the Gallipoli peninsula, was reported here today in dispatches from Nisyrene. They stated that the Turks were isolated out through the allies' lines and after losing heavily in furious fighting, made good their junction with their own troops.

Quiet on Western Front. Paris, Sept. 2.—(U. P.)—Absolute quiet, as far as infantry engagements are concerned, has prevailed along the entire front during the past 24 hours, the communique from the war office stated today. No artillery engagements of importance have been reported.

Troops Maneuver Near Line. Athens, Sept. 2.—(U. P.)—Bulgarian troops have taken up a position near the Greek frontier for the annual maneuvers.

An international exposition of electrical appliances and a general spanish exposition will be held in Barcelona in 1917.

### Hoppickers Go On Strike When Rain Is Weighed

Quincy, Or., Sept. 2.—After picking hops in a drenching rain Wednesday morning at the William P. Massey yards the pickers say that one pound was deducted from the 80-pound measure, the manager stating the rain weighed that much. The pickers, 100 in number, already dissatisfied with the rate of payment, which is 80 cents per hundred, inaugurated a strike and left the yards. No hops were picked Wednesday afternoon or Thursday, but the strikers have been ordered from the shacks, to make room for a new crew from Portland.

### Half Europe, Asia Infected by Cholera

Vessels From Many Ports Will Not Be Allowed to Land in United States; Half of Europe Infected With Cholera. Washington, Sept. 2.—(U. P.)—Half of Europe and Asia is cholera infected and vessels from many ports will be denied landing at American ports. The United States public health service today announced that cholera was taking in German prison camps at Sillesia, Brandenburg, Posen and Selska and also was prevalent throughout Austria, Russia, China, Egypt, Ceylon, the Philippine Islands and Balkans.

### Trouble Is Expected And Marines Land

Cruiser Tennessee Sends Fighters and Guns Ashore for Service in Interior Immediately. Cape Hattien, Sept. 2.—(U. P.)—Marines, sailors, artillery, sanitary corps and an aeroplane were landed here today from the American cruiser Tennessee. They will be sent to the interior immediately. It was believed, as the rebels are intrenching a few miles inland. All roads leading to the city are barricaded.

Two Hurricanes Scheduled. Washington, Sept. 2.—(U. P.)—Two hurricanes, one headed from Bermuda toward the Virginia coast, and the other from the Gulf of Mexico toward Mobile, are scheduled to strike this evening or tonight. Warnings were sent out broadcast by the weather bureau today.

### ST. JOHNS PUPILS MAY CONTINUE TO USE OLD TEXTBOOKS

Board of Directors Decides to Use Up Supply of Free Volumes Now on Hand.

### WILL PUT IN NEW PLAN

Superintendent Alderman Announces Change in Couch, Shattuck, Brooklyn and Vernon Buildings.

Acting on the recommendation of Superintendent L. R. Alderman, the school board yesterday afternoon voted to permit the pupils attending the St. Johns schools to continue the use of the text books they have on hand. Before annexation with Portland, the St. Johns school district provided free text books for the pupils, and the schools had already been purchased. The course prescribed by the state text book commission was being followed. Superintendent Alderman said about 40 per cent of their books are different from those being used in the Portland schools, but it was deemed inadvisable at this time to require them to adopt the Portland books, which would have necessitated the purchase of many new books by practically every pupil in the St. Johns schools.

As the Linton district did not have free text books, similar action was not taken regarding the Linton schools. They will be required to use the same text books as are used in the other Portland schools.

Will Use New Plan. Superintendent Alderman announced he would put his two-group plan into operation in the Couch, Shattuck, Brooklyn and Vernon schools, and that as a consequence there would be a reduction in the number of teachers in those schools. As the salary of the principals is based on the number of teachers under them, he requested that no reduction be made in the salary of any of the four principals who were cooperating in trying out the new efficiency method.

In this connection he declared that the basis on which the salaries of principals is now fixed is wrong. The board approved his suggestion that a new plan be worked out to change the salaries on the work being done by the principals, rather than the number of teachers in his school.

Trade School Name Changed. The petition of those asking for a new school building for Willbridge was held over, with the suggestion that the board delay action until a site for a school in the district be donated to the school district. The name of the new school of trades was changed to the "Benson Polytechnic School." And the name of the school for the blind was changed to the "Portland School for the Sightless."

On recommendation of Superintendent Alderman, a number of principals and teachers were transferred from one school to another. O. R. Dinwiddie, who refused to be dismissed, was transferred from the Richmond school to the Tecwilliger school.

Other transfers and elections were as follows: Transfers Were Made. Principals — Transfer Charles H. Boyd from Holladay to Highland; B. E. Huggins from Holladay to Holladay; A. A. Campbell from Terwilliger to Chapman; O. R. Dinwiddie from Richmond to Terwilliger; R. R. Steele from Stephens to Richmond; H. M. Sherwood from Holman to Stephens; L. D. Roberts from Lincoln (physics) to Holman; Mrs. Ida M. Allhands from Llewellyn to Creation; Paul Y. Eckert from school of trades (mathematics) to Llewellyn; D. T. Van Tine from Huckleman to St. Johns; H. M. Barr from Fernwood to Buckman; C. A. Fry from James John to Fernwood.

High school teachers — Transfer Miss Blanche Ross from Sellwood school, room 8, to the history department of Franklin school; F. D. Curtis from Washington High school to the science department of the James John school; Charles N. Reynolds from the Lincoln High school to the mathematics department of the James John High school; Theodora Bushnell from the Portsmouth school to the history department of the James John school; Mrs. Ellen C. Dalrymple from the superintendent's office to be secretary to the principal of the James John school.

Elections were: Jane Knox, mathematics, Franklin High school; Esther Wickwire, commercial department of Franklin High school; Helen Barber, English department James John school; G. M. White, assistant in Spanish and Latin at Jefferson High school; A. W. Echerson, electrical department of school of trades; E. Williams, architectural drawing, school of trades; H. B. Spaulding, Fred Strickland, S. A. Marrotte, J. K. Shanks and C. L. Austin to the manual training department.

Rita Banfield was assigned from the reserves to the English department of the Lincoln High school and Genevieve M. Courtney was assigned from the reserves to the mathematical department of James John High school.

Columbia Mine Manager Resigns. Baker, Or., Sept. 2.—Frank S. Baillie, for the past 17 years manager of the Columbia mine, in the Sumpter district, by the terms of his resignation made public today, stepped down and out as manager of the property, and will be succeeded, temporarily at least, by L. C. Glover, who for several years has been associated with the Columbia in a managerial capacity. Thomas McGuire, foreman for the past 12 years, also severs his connection with the mine at this time.

The Columbia is the one property in this district that through the lean years of the mining industry never ceased operations.

### Tourists Are Sought On Word From Home

If Mr. and Mrs. John W. Nail of Maples, Ind., are in Portland, they had better communicate at once with relatives at home. The Nails are tourists, supposed to be visiting here at one of the large hotels. This morning a message was received from Sheriff A. C. Glover of Fort Wayne, asking that they be notified to return home at once, and Chief of Police Clark has men out looking for them to deliver the message.

### Dr. Parsons Has Not Accepted Position

Eugene, Or., Sept. 2.—Dr. William Parsons, pastor of the Central Presbyterian church of Eugene, has not accepted the chair in Albany college recently offered him and he said yesterday that he would not take it except under certain conditions, which have not yet been fulfilled. Dr. Parsons says he will make no definite decision in regard to the matter until about November. The report has been published that he has accepted the position.

Dr. Parsons says that when Lane yesterday from an outing on the coast. They first made a trip to Portland and from that city went to Newport. From Newport they walked down the beach to Florence and thence came home by train.

Dr. Parsons says that when Lane yesterday from an outing on the coast. They first made a trip to Portland and from that city went to Newport. From Newport they walked down the beach to Florence and thence came home by train.

### Musical Numbers Will Be Featured

National Theatre to Introduce Stock Musical Organization Next Sunday Afternoon.

What is promised to be the finest stock musical organization that has ever played in Portland will open at the National theatre Sunday afternoon, when the new Frank Rich company begins a two weeks' engagement at the house at Park and West Park. Popular prices will prevail and three performances will be given daily at 7:30, 7:30 and 9 p. m. The opening program will be "Two Married Men" in which are interpolated 12 musical numbers, in addition to dancing and electrical features. It is not intended to divorce the National permanently from motion pictures, said Orton E. Goodwin, manager, and it is expected that the theatre will shortly house again one of the big picture services of the country. Miss Honora Hamilton will be prima donna with the Frank Rich company. Another new face will be Dorothy La-

venport, in ingenue roles. There will be between 21 and 25 persons in the cast. Harry K. Evanson will be musical director.

"I don't want anyone to expect a 22 production, but I can promise the best popular priced musical comedy. o lings Portland has ever heard," said Frank Rich.
