Brownville, Texas, Sept. 4.—(U. P.)—The battle of Mission, in the Texo-Mexican war, is over.

The half hundred Mexicans who had been exchanging leaden compliments with twice that number of United States cavalrymen and rangers across the Rio Grande near Mission since early morning, retired shortly before dusk tonight. They left only a score of their number behind, a tribute to Yankee gunnery. Ten Mexicans are known to have been killed, and it is believed certain as many more bodies are lying unclaimed in the brush.

One American trooper, John Salvini, was wounded. He was struck in the hip by a partially spent bullet and his wound is not serious.

Captain J. C. McCoy, commanding the troop from the Third cavalry that engaged the Mexicans, stated tonight he was uncertain whether the "enemy" were Carrizales soldiers or plain bandits. These precautionary measures followed rumors that Mexicans were congregating on the south bank of the river, preparing to descend on some lightly defended sections and exact reprisals for the Mexicans slain in today's battle.

Reports from the vicinity of Mission tonight state that Mexicans were reinforced today by a reinforcement of about 200 men from across the river on a small detachment of rangers and civilians. But few shots were exchanged when the Mexicans retired.

SOLDIERS' HOME IS LATEST TARGET OF CAPITOL SPOILSMEN

Removal of Commandant W. W. Elder Another Instance of Campaign of Politicians.

Commandant W. W. Elder of the Oregon Soldiers' Home at Roseburg is the latest victim of the game of politics which is being played at the state capital.

Commandant Elder was removed by Governor Withycombe and State Treasurer Kay over the protests of Secretary of State O'Connell, at a meeting of the state board of control Friday.

It has been known that ever since Withycombe has been in office he has wanted to remove Elder because Elder did not support his candidacy in the last election and also opposed him when he was a candidate for governor in 1906.

It was not until lately that the governor obtained the support of Kay, thereby securing the necessary two votes to remove Elder and settle up another political score.

A member of Commandant Elder's known efficiency and the widespread approval of his administration by the citizens of Roseburg, who are in closest touch with the institution.

The removal of Elder was looked upon as his support in removing him. Kay also no doubt remembered the high praise he has accorded the work of Elder on various occasions, and even a few weeks ago.

It is intimated that one of the committee on procedure, held at Salem, Governor Withycombe said: "There is danger that radicalism may predominate. It seems evident that if the rule approved by the sub-committee is adopted the governor need have no further fears."

The sub-committee on rules, of which C. Chapman is chairman, met in order to discuss and establish an order of business and rules for the conference. The report of the sub-committee provides that the report of the resolution committee, no speaker shall be recognized by the presiding officer except those who have been invited to speak, and no questions may be asked of any of these speakers.

All resolutions will be read by title and name of author only and then will be referred to the resolutions committee. Until the resolutions committee reports, the rules provide that the conference can take no action on any motion or resolution.

For those who cannot go by automobile, an excursion train will be run by the O-W & N. company. It will leave the Union depot at 9 o'clock tomorrow morning.

At Multnomah field the first ball game is scheduled for 12:30. It will be between the Bricklayers and Labor Press teams, and promises to be a hot contest. At the Labor Council picnic, held at Crystal Lake park recently, these two teams played a 15 inning game, with a score of 4 to 3. The Bricklayers won and the Labor Press team wants to get even this time.

The second game will be between the Bricklayers and the Piedmont Maçons.

Labor Meeting Called. Between the two games will be a number of other athletic events. An admission of 10 cents is to be charged, the fund to be used for the relief of the unemployed.

FREE DISCUSSION OF LAND GRANT ISSUES IS TO BE BARRED

Interruption of Cut and Dried Program Will Not Be Tolerated at State Capitol.

Careful preparation has been made by the sub-committee on rules to prevent any interruption of the scheduled program for the land grant conference to be held at the state capitol September 16.

The rules approved by the sub-committee provide that prior to the report of the resolution committee, no speaker shall be recognized by the presiding officer except those who have been invited to speak, and no questions may be asked of any of these speakers.

All resolutions will be read by title and name of author only and then will be referred to the resolutions committee. Until the resolutions committee reports, the rules provide that the conference can take no action on any motion or resolution.
