Youths of 18 Called To France's Colors

Class of 1917 Will Be Prepared for Active Fighting; Also Class of 1888.

Paris, Sept. 16.—(U. P.)—The government today introduced a bill calling the 1917 class to the colors and ordering the class of 1888 held in readiness for service.

The measure will probably be passed without debate. This step brings to the French colors youths of 18 and men of 47.

Under the provisions of the bill a quarter of a million French boys, many of them now in school, will probably be ordered into training camps.

London, Sept. 16.—(U. P.)—British losses in killed and wounded in the Dardanelles operations, total 79,283.

Under Secretary Tennant announced today in the house of commons. In detail they were: Killed and died of wounds, officers, 1120; men, 15,478.

Wounded: Officers, 2231; men, 59,259.

Welcome Ready for Reynolds. San Francisco, Sept. 16.—(P. N. S.)—James B. Reynolds, secretary of the National Republican committee...

COOS COUNTY IS RICH IN RESOURCES, BUT NEEDS GOOD ROADS

District Is Large; Agricultural Possibilities Are Generally Superior.

DAIRY PRODUCTS LEAD

Provincialism Partly to Blame for Lack of Urging Construction of Roads.

By J. B. Ziegler. Coos is a large county and in resources maintains its relative importance. In timber and dairy products it stands well in the lead...

At the time of my departure near the last of August, the fading glories I have described were replaced by those of ripening fruits...

The gate of access by which I entered and left this paradise in the southwestern corner of our state was by auto stage from Roseburg...

But those roads! It is 43 miles from Roseburg to Myrtle Point. The travel is large. Douglas and Coos are rich counties...

Sometimes the vehicles are upright and sometimes reclining on their wheels. The mud is so deep they can not turn completely over...

For 40 years, he and his neighbors have flourished through these quagmires and over these miry hills. They have seen the great land grant tract of valuable timber go unsettled and unused...

It is plain that these people, while intelligent, are conservative. Ultra-conservatism is the fault of a provincial people...

But how can a provincial people be blamed for provincialism? It is nature that environment shall react upon the individual...

State's Duty Suggested. The state could do it profitably on such a resource, and why shouldn't the state take back the land and do it?
