Today's Forecast

Portland and vicinity—Fair tonight and Tuesday, mostly sunny.
Oregon and vicinity—Fair tonight and Tuesday, mostly sunny.
Halo—Fair tonight and Tuesday.
Weather Conditions.
A disturbance of considerable energy is central over the upper portion of the Pacific coast over Arizona and southern Alberta, respectively. A large high pressure area overlies the northern Rocky mountain and northern plains states, and high pressure obtains also over British Columbia. The weather is cooler over the north central mountains, central Canada, North Dakota, Minnesota, Iowa, Oklahoma and southern New York. The weather is cooler over the eastern portion of this district and in western Montana. The temperature is 10 degrees or more below normal in Montana, the western portion of the Dakotas and southern Saskatchewan.
The conditions are favorable for generally fair weather in this district tonight and Tuesday with slight temperature changes and generally northwesterly winds.
T. B. DRAKE,
Assistant Forecaster.

TOWN TOPICS

Speaks on Militarism.—Mrs. Millie R. Trumbull spoke on "Militarism" before the Woman's Civic Welfare club Thursday afternoon. Mrs. Trumbull discussed the proposal to install military drill in the public schools and opposed it strongly. She said there are three classes of people who are fostering militarism, the professional soldier, commercial interests who have things to sell or things to be protected and the brags. She quoted from Professor Charles Sumner of Yale in which he deplores war. John M. Hansen also spoke against militarism. Professor May of the Jefferson high school is in favor of the installing of military drill in the schools and spoke along that line.

Will Lecture at Press Club.—Henry Berger Jr. will give a lecture on Oregon scenery, illustrated with lantern slides of color photographs at the Portland Press club, 8 o'clock Tuesday night. Mr. Berger, together with Frank I. Jones, made a specialty of color scenes along the Columbia river highway and other interesting points in the state during the last year. They have a collection of 200 color pictures. These depict the reproduction of still life in natural colors and are said to be among the finest ever taken in the west. The lecture tomorrow night will be free. All members of the club are urged to be present and to bring their friends.

Extension Course Planned.—A committee of the Steam and Operative Engineers met with Professor R. D. Hetzel, of the Oregon Agricultural college, Saturday night to make arrangements for an extension course on trade and professional questions which will begin Saturday, October 3, probably in the Selkirk-Hirsch hall, where the organization meets regularly every Saturday night. Efforts are being made to have the lectures delivered in the Central library, but for reasons of their own the engineers seem to prefer their own hall.

Peace Rally Tonight.—E. P. Rosenthal, organizer of the Christian Peace association will leave for Roseburg Tuesday to attend and to interest the Methodist conference in the work of the Christian Peace association. To-

night at 8 o'clock there will be a peace rally at the auditorium of The Journal building with an interesting program. A saxophone solo by Stanley Baker of the Y. M. C. A., accompanied by Mrs. Baker; a vocal solo by Mrs. Elizabeth Bond, and a lecture, "What I Learned From the Rabbi," by E. P. Rosenthal.

Funeral of J. J. Jonason.—Funeral services were held this afternoon for John J. Jonason, merchant tailor, who died Saturday at his residence, 118 East Couch street. The services were at the late residence with interment in Rose City cemetery. Mr. Jonason was a member of a number of fraternal organizations, being prominently identified with Washington chapter R. A. M., No. 18; Harmony A. P. & A. M., No. 12; Hassalo I. O. O. F. No. 15 and Elson Encampment, No. 1. Mr. Jonason was 45 years of age and leaves a family.

Was Native of Germany.—Mrs. Caroline Helming, who died in this city yesterday, was born in Germany April 16, 1828, and came to Oregon in 1882. She is survived by three sons, one daughter, nine grandchildren and two great grandchildren. Her daughter, Mrs. Lena Schulze, and her two sons, William and Fred Helming, reside in this city. Louis Helming at Troutdale. Remains are at the establishment of J. P. Finley & Son. Funeral arrangements will be announced later.

Mrs. Greene's Funeral Held.—Funeral services were held today for Mrs. Anna Greene, who died in this city on Saturday, September 18. Mrs. Greene was a native of Frank H. Short of Fresno, Cal., as one of their most forceful leaders.

Found Dead in Bed.—Onofre Valdivia, a Mexican, aged 37 years, was found dead in bed in a room of the Panama house, 62 North Fourth street, this morning. The man resided from Alaska September 4, where he had been employed in the canneries, and had been ill several days. An autopsy will be performed at the morgue today.

Bishop Had Relative Here.—Rev. Father Edward J. Conaty of this city is one of the surviving relatives of the Right Rev. Thomas J. Conaty, bishop of Monterey and Los Angeles, who died Friday night. Father Conaty retired about a year ago from active work as head of the St. Rose parish and is resting at Seaside.

Rotary Club Program Announced.—"Water Power Conference day" reads the announcement of the Rotary club luncheon tomorrow noon. Senators governing the state from six different states represented in the conference will be speakers and George L. Baker, city commissioner of public affairs will be chairman of the day.

Land Grant Will Be Discussed.—The Oregon & California Land Grant association will hold a regular meeting at 8 o'clock this evening in Central library hall. Several speakers will address the meeting on the subject of conserving land to public use and benefit the O. & C. grant lands.

Parents Receive Congratulations.—Mr. and Mrs. A. L. Maeder of 908 Belmont street are being congratulated on the arrival in their home of a baby boy on the evening of Tuesday, September 14.

OPPOSITION TO FERRIS BILL IS STILL GAINING

(Continued From Page One) besides Governor Withycombe of this state, being Spry of Utah and Lester of Washington, with a probability that Governor Alexander of Idaho will also be present.

Many Delegates Here. Among the late arrivals are W. V. Wells of Anacortes, Wash., one of the delegates from that state; H. B. Beers, a Utah delegate and state engineer, and State Senator Irvin E. Rockwell of Bellevue, Idaho. Another newly arrived delegate is A. E. Chamberlain of San Francisco, the only Californian named as delegate who is sure to come.

Outside the delegate list the arrivals include Frank H. Short of Fresno, Cal., attorney for leading power interests who will discuss constitutional aspects of the Ferris bill; O. C. Merrill, chief engineer of the United States bureau of forestry, and Henry J. Pierce of Seattle, who is connected with the power interests.

Particular interest will center in the Utah delegation, which numbers among its leaders such prominent men as Senators Smoot and Sutherland and Governor Spry. The Utah men are expected to back up the Smoot idea of complete state control of water resources, under a plan by which the states would take over power sites on government lands.

Although a telegram was received from Senator Borah indicating that he could not attend, a later message says that he may yet make the trip. He will be one of the speakers if he comes. The conference is scheduled to open at 9:30 o'clock tomorrow morning at the Multnomah hotel with an address of welcome by Governor Withycombe. The response will be made by some delegate not yet designated.

Temporary organization will follow, and the conference will then probably await the report of its credentials and order of business committees. Afternoon and evening sessions will be held.

W. D. Beers, state engineer of Utah, says the delegation from his state will oppose the Ferris bill. "We favor state control of water power," he said. "In fact, the movement against government regulation was started in Utah."

The opponents of the Ferris bill, who have already arrived in the city, are rallying around Frank H. Short of Fresno, Cal., as one of their most forceful leaders.

Wants Fair Deal for West. Judge Short's face is familiar at gatherings of consequence where the interests of water-power and other corporations are likely to be affected. He has appeared before congressional committees in Washington many times in opposition to bills proposed for regulation of corporate interests.

He is opposed to any bill that discriminates against the west. It is the way he characterizes his opposition to the Ferris water-power bill. "I am opposed to any bill which imposes a tax on water power in the western states which would make it impossible for capital to compete with water power in other sections of the country or in foreign countries."

A tentative reception committee to greet the delegates has been named by the Chamber of Commerce as below: George M. Trowbridge, A. L. Fisk, J. A. Curley, W. C. Wilcox, W. D. Skinner, John F. Carroll, L. R. Wheeler, L. R. Alderman, William H. Daugherty, H. M. Hummer, Ralph E. Williams, Thomas G. Burke, Walter H. Evans, Clarence L. Keames, W. J. Hoffmann, H. L. Pittock, A. L. Mills, A. O. Jones, J. C. Ainsworth, R. W. Schmeier, Willard P. Jones, R. L. Dugham, Sevelius, C. S. McArthur, S. C. Pier, Emory Olinsted, E. H. Sennels, W. E. Colman, S. H. Stratton, C. Sewall, William McKee.

Insurgent Faction Makes a Protest. Congressional Union Women Rep "Methods" Used in Repudiation of Dr. Marie Equi as Delegate.

An insurgent faction in the Congressional Union for Women Suffrage is protesting against the standard machine method used in connection with the repudiation of Dr. Marie Equi as a delegate to the woman voters convention held at San Francisco.

"These seem to be some of the strongest opponents of state's rights in our own organization," said Mrs. J. R. Oatman, 545 Fifth street. "We, the progressives, are not in favor of private life as Mrs. Marie Equi. We believe their criticism of the caucus and slate has no place in our own ranks so long as they follow their present program. Because I was a southerner and would not be in absolute sympathy with all the congressional union text. We believe we have work to do within."

Marshfield Boatmen Fined by Inspector. Marshfield, Or., Sept. 20.—Inspector and Deputy Revenue Collector McGrath before leaving here today imposed fine aggregating \$1200 on local boatmen for violation of the laws regulating use of boats on inland water. The list of those fined is a long one and the fines were heavy. The list must be submitted to Washington for approval, and some of the fines may get down in amount. McGrath says that the boatmen had been warned and that they must observe the law strictly.

Seattle Pastor Resigns. Seattle, Wash., Sept. 20.—(U. P.)—Rev. Ralph Atkinson has resigned as pastor of the First United Presbyterian church, after a seven years' service as leader in religious circles here to devote his entire time to evangelism, with headquarters here and in Chicago.

WOMAN LECTURER ON BEAUTY AIDED IN LEO M. FRANK PLEA

Madame De la Vie Tells of Long, Hard Fight for Commutation. BIG PETITION DELIVERED

Woman Was Only Member of Her Sex on Commission Sent to State of Georgia. Madame De la Vie, beauty lecturer, who is giving a course of lectures in Meier & Frank's music hall this week, is not only an expert on beauty culture and the retention of youth, but she is also a humanitarian. She was the one woman member of the commission sent to Georgia from Chicago for the commutation of the sentence in the Leo Frank case.

Will Protect Fees Of Applicants. Salem, Or., Sept. 20.—It was announced today at the state engineer's office that as a result of the recent visit here of Clay Tallman, commissioner of the general land office, Washington, D. C., an agreement had been reached whereby the engineer's office may ascertain before granting permits for the use of water on power sites reserved by the government, whether or not a permit will be granted by Uncle Sam for the lease of a site. This means that an applicant will not have to pay his money to the state and then run chances of being turned down by the federal government.

Noted Democrats May Attend Meeting. Clay Tallman and Senator Walsh Expected to Be Present at Jackson Club Gathering Tonight. With three able speakers on the scheduled program and the probability that two or three of the prominent Democrats, who are here to attend the water power conference, will be present and make short talks, the meeting of the Jackson club tonight promises to be one of the most interesting the club has held for some time.

Body Found in River. The body of a man whose last name is believed to be Williams, was found floating in the river near the fire boat George H. Williams at the steel bridge this morning. It was turned over to the coroner's office. The body had been in the water six or seven days. He was about 35 or 40 years of age. A hospital ticket issued by the general construction commission of Vancouver, bearing only the name "W. Williams," was found in the clothing.

Bonds, Stock in Federal Reserve Bank, Real Estate, Furniture and Fixtures, Industrial Bonds, Time Loans and Discounts, Call Loans and Commercial Paper, Municipal Bonds, Five Per Cent Fund, Cash on Hand and in Banks.

Table with columns: LIABILITIES, Capital, Surplus, Undivided Profits, Circulation, Dividends Unpaid, Deposits.

Ample "Capital," coupled with satisfactory service and efficient management, produces earnings a portion of which is paid to the stockholders who furnished the "Capital," the rest being saved and laid aside as "Surplus" and "Undivided Profits."

These three items constitute a bulwark of protection to the depositor, for they have to be entirely wiped out before the depositor could lose a single dollar. In addition the stockholders would have to lose another \$1,000,000 before the depositors in this bank could lose a single dollar, for the National Bank Act provides a double stockholders' liability.

In our next advertisement (Tuesday) we shall consider "Surplus."

has been engaged for all the club's meetings during the coming winter. The scheduled speakers tonight are Circuit Judge W. N. Gatens, Municipal Judge J. H. Stevenson and C. C. McCollough. It is probable that Clay Tallman, commissioner of the general land office, will speak, and perhaps United States Senator T. J. Walsh, of Montana, who is expected to arrive this afternoon. The club meetings have been held to Monday night, and will be held twice a month. From 25 to 50 new members have been taken in at each meeting for some time past, and about 50 new members will be voted in tonight. Members of the program committee for tonight are A. F. Fliegel Jr., Alex Sweek and Ernest Kroner.

Here's a New One. Chicago, Sept. 20.—(U. P.)—There's a new reason for cutting out the appendix, according to Dr. J. R. Price of Montana, who is expected to arrive this afternoon. Its removal stimulates the blood and cures corns and bunions, he claims.

Art-Service-Hospitality

Dear Friends: You can't get enough of life that has warmth, color and heartiness—the kind that awaits you at the Hotel Multnomah! Here is a hotel with the quaint hominess of a home, enriched with things that delight the eye, the intellect and the appetite.

Peace and harmony are worked into every nook and corner, and ease is atmospheric. The Lobby, Mezzanine, Tea Rooms, Ball-Rooms and Dining-Rooms have a beauty that is impressive, yet preserving a restful simplicity. The Living-Rooms are supplied with home comforts.

Every day fresh vegetables, milk, cream, butter and eggs make a little journey from the Multnomah farm to our dining-rooms. This grand and delightful home abounds with comfort as genuine as its art, its service and its hospitality.

And it is yours at a cost no greater—less, perhaps—than you pay to keep house. Investigate the extraordinary proposition now being made to the first one hundred prospective resident guests.
