Roy Mitchell Gets Bumping After Gus Fisher's Double Opens the Way.

COVELESKIE CALLED IN

Polander Comes to Aid of Big Tenton When Bengals Threaten to Do Things in the Minth.

Portland beat Vernon yesterday, 3 to 0, and thereby tied up the series at three games each. Roy Mitchell was the victim and Ivre Higginbotham the victor, although Boss McCredie found it necessary to remove Higgy in the ninth and Coveleskie was called in to snuff out the venerable Vernon visttors, after two men had reached base. He did it to the most exacting taste. As a finisher up, this bird is as good as Bill Steen in his palmiest days. It was the sixth game of the week played in an hour and a half or tess. It was not until the seventh inning

that the Beavers broke the ice, and then they managed to get one run off Mitchell. Roy had whiffed Bill Stumpf and was working on Fisher when the latter electrified the crowd by banging out a long double to left center. Derrick's out placed August on third, and he scored when Chuck Ward stacked out a hit through short.

Make Two More in Eighth.

The Beavers followed this up in the eighth with two more tallies. With Lober a skyout, Southworth lift one to Purtell, which was too hot to handle. On a hit-and-run play, Bates singled between first and second, and Southy made two bases. Speas surprised him-

# WINCHESTER

# CARTRIDGES

For Rifles, Revolvers or Pistols

The most accurate shooting rifle, revolver or pistol made will do unsatisfactory work unless the cartridges used in it are as accurate as the arm. For that reason it is important when buying to get cartridges that have an established reputation for quality. Winchester—the W brand of cartridges in all calibers from .22 to .50 are unexcelled for accuracy, penetration and uniform shooting qualities. They cost no more than inferior makes and are for sale everywhere. If you want to get the most satisfactory results with your rifle, revolver or pistol, always use Winchester ammunition. Do not simply ask for "some cartridges" when you buy, but be sure to specify Winchester make and look for the bold W on the box.

THEY SHOOT STRAIGHT AND HIT HARD
