POLICEMAN ACCEPTS DARE AND ARRESTS TWO BALL PLAYERS

Coast League Men Fail to Show Up in Court, However-Bail Forfeited.

"Probably one of the reasons why the Portland team is at the bottom of the league," remarked Municipal Judge Stevenson today when he forfeited \$5 bail on each William Stumpf, second baseman, and Charles Ward, shortstop, of the Portland Coast league club when they failed to answer to "after hour" charges.

Stumpf and Ward were found loaf ng along West Park and Washington treets about 3 o'clock this morning e Patrolman Rekdahl.

The policeman asked them their reason for being on the street at that hour, and they replied by getting on either side of Rekdahl and jostling him, according to his statement in court this morning.

Later the policeman said the ball players dared him to bring them to jail and threatened to "get" his job. The officer accepted the chance, and took them to jail, where they were locked up until they furnished bail of \$5. Their non-appearance in court this morning forfeited this bail,

MILWAUKEE TO LINES TO WEST

Directors of C., M. & St. P. Railroad Today Take Formal Action Looking to Big Improvement in System.

GREAT SUM OF MONEY

Operation of First Unit of Electrification Justifies Extension of the Work.

Milwaukee, Wis., Sept. 25 .- (I. N. S.) -Electrification of all its lines to the west, where the power is available, was decided upon here today at a meeting of the directors of the Chicago, Milwaukee & St. Paul railroad,

Information that the Milwaukee system actually will complete the elecrification of its system was received ere this morning with no surprise. E. K. Garrison, general agent here,

stated that the official bulletins of he company have indicated that the Altgons, Fa., Sept. 25.—(U. P.)— decision was "in the air" and undoubt-suspected of planting 25 sticks of dyuirectors' meeting, in fact, had been Carlin Limestone company's plant, called for the express purpose of deiding whether to authorize the electrification now or later.

The first unit of electrification re-cently completed and operated successfully has more than justified the expenditure, especially over the heavy mountain grades, in the opinion of railroad operating men who have vatched the experiment. No estimate of the cost of the elec-

trification of the western lines is available here, but it is known that it would be enormous. The directors are expected to reach Seattle some time next week for inspection of the sys-Talk of the proposed entrance of the Milwaukee into Portland has not been heard for a number of months, though

A mile or more in length; brilliant, dazzling, picturesque beyond description; a feast of color, faithful and complete in depicting an age that is past to an age that is present, it was a triumph of western pageantry.

Not an important

ife on the mountains, plains and range land was missing in the long line of march. Hundreds of Indians, descend-ants of the knightly Umatillar, Cayuses, Walla Wallas and Nez Perces, bedecked with savage splendor in their rich trappings; cowboys and cowgirls, mounted on spirited ponies and flaunting the gay colors they love; lumberng old stage coaches, first arriers of the west; an immigrant train of prairie schooners; a Rud Bluff freighter outfit, ancestor of the box ca ; a pack train of lowly mules, such as used to carry supplies over mountain trails to hardy miners and prospectors -these, and many other features of the pioneer days, passed in review before the crowd.

A new and unique feature of the parade this year was a float in which (Concluded on Page Five, Column Two.)
